

A portrait of Swami Sivananda, a prominent Hindu spiritual leader, is centered in the upper half of the image. He is depicted from the chest up, wearing traditional orange robes, with a serene expression. The background behind him is a soft-focus landscape featuring rolling hills and a small town or village nestled in a valley. In the lower-left foreground, a portion of a suspension bridge is visible, adding a sense of place to the scene.

Sivananda : biography of a modern sage ,1985 Modern Transnational Yoga** Hannah K. Bartos,2021-03-22 This is the first book to address the social organisation of modern yoga practice as a primary focus of investigation and to undertake a comparative analysis to explore why certain styles of yoga have successfully transcended geographical boundaries and endured over time whilst others have dwindled and failed Using fresh empirical data of the different ways in which posture practice was disseminated transnationally by Krishnamacharya Sivananda and their leading disciples the book provides an original perspective The author draws upon extensive archival research and numerous fieldwork interviews in India and the UK to consider how the field of yoga we experience today was shaped by historic decisions about how it was transmitted The book examines the specific ways in which a small group of yogis organised their practices and practitioners to popularise their styles of yoga to mainstream audiences outside of India It suggests that one of the most overlooked contributions has been that of Sivananda Saraswati 1887 1963 for whom this study finds his early example acted as a cornerstone for the growth of posture practice Outlining how yoga practice is organised today on the world stage how leading brands fit into the wider field of modern yoga practice and how historical developments led to a mainstream globalised practice this book will be of interest to researchers in the field of Yoga Studies Religious Studies Hindu Studies South Asian History Sociology and Organisational Studies **Swami Sivananda** ,2000 Brief biography of Swami Sivananda 1887 1963 Hindu religious leader Yogis of India Sanjeev Shukla,2014-08-05 Yogis of India gives a joyous glimpse into the lives of some of the great Indian spiritual masters like Ramakrishna Paramhansa Ramana Maharshi and Anandmayi Ma It explores not just the various fascinating facets of these saints the eternal travellers but also describes vividly their beautiful relationship with their key shishyas It traces the life of each yogi from birth to mahasamadhi in the process touching the leela or the play of the realised master that nurtures the devotee and develops the disciple The Life and Times of Baba Ramdev Ashok Raj,2010-04-01 The continuing saga of a contemporary mass leader

who sought out a vision and a method to amalgamate yoga and health care into the mainstream consciousness Baba Ramdev's emergence as the new ideologue of a national and global spiritual resurgence is considered by many as a curious phenomenon This work is a study on the making of the Ramdev spectacle with all its inescapable assertiveness mass enthusiasm and of course controversies It seeks to locate his philosophy in today's socio cultural milieu while tracing its origins in Indian spiritual history and the past landmark reformist movements that have been initiated in the country by earlier path breakers including Sri Aurobindo Swami Dayananda Paramhansa Yogananda Swami Sahajanand Saraswati Bhagwan Nityananda J N Krishnamurty and Sri Ramana Rishi Indeed Ramdev represents a renewed continuity to the great revival of the ancient Indian spiritual traditions and yoga that took place in the twentieth century and received recognition worldwide With his own version of holistic yoga as a ploy for instituting the universal right to health Baba Ramdev has proposed two distinct ideological alternatives to the current established order of the world pranayama and the yogic way of life as the key to health restoration and well being and manifestation of an enabling spiritual environment for personal and social transformation Ramdev's arrival once again underlines the continuing significance of Oriental spiritualism the world over as it offers perhaps the most promising insights for the creation of a new spiritually awakened man a man at ease with himself and with the world around him
