The Art of Dramaturgy Anne Cattaneo, 2021-09-21. An introduction to the mysterious theater role of a dramaturg by a legend in the field. Anne Cattaneo was among the first Americans to fill the role of dramaturg, one of theater's best kept secrets. A combination of theater artist, scholar, researcher, play advocate, editor, and writer's friend, it is the job of a dramaturg to reflect light back on the elements that are already in play while bringing a work of theater to life. Cattaneo traces the field from its beginnings in the eighteenth century to the present and chronicles the multitude and variety of tasks a dramaturg undertakes before, during, and after a production is brought to the stage. Using detailed stories from her work with theater artists such as Tom Stoppard, Wendy Wasserstein, Robert Wilson, Shi Zheng Chen, and Sarah Ruhl, as well as the discovery of a lost play by Langston Hughes and Zora Neale Hurston, Cattaneo provides an invaluable manual to those studying, working in, and interested in this most fascinating profession.

Romantic Adaptations Cian Duffy,Peter Howell,2016-04-08 How did romanticism define its relationship with its sources How has romanticism since been understood and misunderstood across a range of cultural activities These are among the questions taken up in this reexamination of the place of adaptation within romanticism Renegotiating the cultural topography of the period and the place of romanticism in subsequent cultural history the volume focuses on the adaptation of source material by romantic writers and the adaptation in subsequent periods of the tropes and ideologies associated with romanticism In place of a hierarchical distinction between source and text between romanticism and its contexts the collection identifies distinct but overlapping and mutually constitutive genres such as the Gothic and romance Whether their essays deal with early nineteenth century periodical reviews affordable editions of *Pride and Prejudice* aimed at the late nineteenth century mass audience or the ongoing cultural presence of romanticism in late twentieth and early twenty first century debates about embryology and stem cell research the contributors remain cognizant of the tension between the processes of adaptation and the apparent ideology of romantic originality

Occidentalism Xiaomei Chen,2002 This revised and expanded edition of the first comprehensive study of Occidentalism in post Mao China includes a new preface foreword and chapter on Chinese diaspora writings in the Chinese language Xiaomei Chen offers an insightful account of the unremittingly favorable depiction of Western culture and its negative characterization of Chinese culture in post Mao China since 1978 She examines the cultural and political interrelationship between the East and West from a vantage point more complex than that accommodated by most current theories of Western imperialism and colonialism Going beyond Edward Said s construction in *Orientalism* of cross cultural appropriations as a defining facet of

Western imperialism Chen argues that the appropriation of Western discourse what she calls Occidentalism can actually have a politically and ideologically liberating effect on contemporary non Western culture She maintains that simplistic allegations of Orientalism frequently found in current critical discourses seriously underestimate the complexities of intercultural and multicultural relationships Using China as the focus of her analysis Chen examines a variety of cultural media from Shakespearean drama to modernist poetry to contemporary Chinese television and popular fiction She thus places sinology in the general context of Western theoretical discourses such as Eurocentrism postcolonialism nationalism modernism feminism and literary hermeneutics showing that it has a vital role to play in the study of Orient and Occident and their now unavoidable symbiotic relationship Occidentalism presents a new model of comparative literary and cultural studies that reenvision cross cultural appropriation It will be indispensable to future discussions of Orientalism Occidentalism and postcolonialism as well as subaltern studies Asian studies comparative literature cultural studies and non Western drama
