Military Operations in Egypt and the Sudan Harold E. Raugh Jr., 2008-05-02 The British Army's campaigns in Egypt and the Sudan from 1882 to 1899 were among the most dramatic and hard fought in British military history. In 1882 the British sent an expeditionary force to Egypt to quell the Arabic Revolt and secure British control of the Suez Canal, its lifeline to India. The enigmatic British Major General Charles G. Gordon was sent to the Sudan in 1884 to study the possibility of evacuating Egyptian garrisons threatened by Muslim fanatics, the dervishes in the Sudan. While the dervishes defeated the British forces on a number of occasions, the British eventually learned to combat the insurrection and ultimately, largely through superior technology and firepower, vanquished the insurgents in 1898. British Operations in Egypt and the Sudan: A Selected Bibliography enumerates and generally describes and annotates hundreds of contemporary current and hard-to-find books, journal articles, government documents, and personal papers on all aspects of British military operations in Egypt and the Sudan from 1882 to 1899. Arranged chronologically and topically, chapters cover the various campaigns, focusing on specific battles, leading military personalities, and the contributions of imperial nations, as well as supporting services of the British Army. This definitive volume is an indispensable reference for researching imperialism, colonial history, and British military operations, leadership, and tactics.

The Egyptian Sudan E. A. Wallis Budge, 2010-01-01 The Egyptian Sudan is a detailed account of early travels and archaeological missions to the Sudan in Egypt. The two-volume series contains illustrations and explanations of the dig sites and artifacts excavated, the history behind the pyramids and temples explored, and the details of the actual trips to Sudan and the scientists who took them. A wonderfully explicit and precise series for anyone interested in archaeology and Egyptian artifacts. The Egyptian Sudan is a must-read. Volume II contains the histories of the Sudan during different historical periods, including the rise of the Nubian kingdom, their successors, the Sudan in the Ptolemaic Period, before and after Christ, the rule of Muhammad in the Sudan, the rise of Christianity, and finally Sudan in the modern day.

SIR ERNEST ALFRED THOMPSON WALLIS BUDGE 1857-1934 was born in Bodmin, Cornwall, in the UK and discovered an interest in languages at a very early age. Budge spent all his free time learning and discovering Semitic languages, including Assyrian, Syriac, and Hebrew. Eventually, through close contact, he was able to acquire a job working with Egyptian and Iraqi artifacts at the British Museum. Budge excavated and deciphered numerous cuneiform and hieroglyphic documents, contributing vastly to the museum's collection. Eventually, he became the Keeper of his department, specializing in Egyptology. Budge wrote many books during his lifetime, most specializing in Egyptian life, religion, and language.
