Backed by a research team's five years of work as well as Nelson's thorough re-examination of the original evidence assembled by federal investigators this page turning and definitive work weaves archival research interviews and personal experiences from both sides into a blow by blow narrative of destruction liberally sprinkled with individual heroism bizarre escapes and equally bizarre tragedies Kirkus Reviews Nelson delivers all the terror chaos violence tragedy and heroism of the attack in stunning detail and offers surprising conclusions about the tragedy's unforeseen and resonant consequences that linger even today [A Merry Crusade to the Golden Gate](#) Edmund Frederick Erk,1906 **Fifty-two stories of pluck and peril for boys, by G.A. **Cultures of War** John W. Dower, 2011-08-23 Finalist for the National Book Award in Nonfiction Finalist for the Los Angeles Times Book Prize A thought provoking book about the way events echo and mis echo down the corridors of history Financial Times Over recent decades John W Dower one of America s preeminent historians has addressed the roots and consequences of war from multiple perspectives In War Without Mercy 1986 winner of the National Book Critics Circle Award he described and analyzed the brutality that attended World War II in the Pacific as seen from both the Japanese and the American sides Embracing Defeat 1999 winner of numerous honors including the Pulitzer Prize and the National Book Award dealt with Japan s struggle to start over in a shattered land in the immediate aftermath of the Pacific War when the defeated country was occupied by the U S led Allied powers Turning to an even larger canvas Dower now examines the cultures of war revealed by four powerful events Pearl Harbor Hiroshima 9 11 and the invasion of Iraq in the name of a war on terror The list of issues examined and themes explored is wide ranging failures of intelligence and imagination wars of choice and strategic imbecilities faith based secular thinking as well as more overtly holy wars the targeting of noncombatants and the almost irresistible logic and allure of mass destruction Dower s new work also sets the U S occupations of Japan and Iraq side by side in strikingly original ways One of the most important books of this decade Cultures of War offers comparative insights into individual and institutional behavior and pathologies that transcend cultures in the more traditional sense and that ultimately go beyond war making alone

**The Gray Lady Winked** Ashley Rindsberg, 2021-05-03 Think a newspaper can t be responsible for mass murder Think again As flagship of the American news media the New York Times is the world s most powerful news outlet With thousands of reporters covering events from all corners of the globe the Times has the power to influence wars foment revolution shape economies and change the very nature of our culture It doesn t just cover the news it creates it The Gray Lady Winked pulls back the curtain on this illustrious institution to reveal a quintessentially human organization where ideology ego power and politics compete

with the more humble need to present the facts In its 10 gripping chapters *The Gray Lady Winked* offers readers an eye opening often shocking look at the New York Times's greatest journalistic failures so devastating they changed the course of history How its World War II Berlin bureau chief a known Nazi collaborator skewed coverage in favor of the Third Reich for over a decade Its notorious coverup of the Ukraine Famine a genocide committed by Stalin showing that it was the newspaper's owners who directed the coverup in order to advance their own financial and ideological interests *The 1619 Project* a cynical ideologically driven attempt to revise American history by rooting the nation's birth in slavery instead of liberty The result is an essential look at the tangled relationship between media power and politics in a post truth world told with novelistic flair to reveal a uniquely powerful institution's tortured relationship with the truth Most importantly of all *The Gray Lady Winked* presents a cautionary tale that shows what happens when the guardians of the truth abandon that sacred value in favor of self interest and ideology and what this means for our future as much as for our past **Dawn Over Zero**

William L. Laurence, 2017-06-28 On August 6 1945 the world was electrified by the news that an American Army bomber had dropped an atomic bomb with an explosive power equivalent to 20 000 tons of TNT on the important Japanese military center of Hiroshima Three days later another bomb of improved design and even greater power was dropped on Nagasaki The following day Aug 10 the Japanese sued for peace Newspapers and magazines throughout the world printed many thousands of words about the new weapon and the scientific developments that had made it possible These stories were based largely on official War Department releases prepared by William L Laurence science reporter for The New York Times At the request of the War Department Mr Laurence had been granted a leave by The Times several months earlier Mr William L Laurence was the only newspaper man permitted by the War Department to go to all the plants and inspect the processes of production of the atomic bomb the only newspaper man allowed to witness the secret trial of the bomb in New Mexico and the only newspaper man who witnessed the actual dropping of one of the bombs on Japan from a plane above Nagasaki This book first published in 1946 is the full story so far as it may yet be revealed of the atom bomb written by the man who is unquestionably the best qualified to write it for the layman **Blackfire: The Girl with the Diamond Key** James Daniel Eckblad, 2017-11-29
