## **Slave Ghost Stories:**

**Slave Ghost Stories** Nancy Rhyne, 2002 A compilation of stories borrowed from former slaves of North Carolina South Carolina and Georgia These tales were gathered by the WPA in the years 1935 1939 The slaves were asked questions about their family history and the widespread belief in spirits of various sorts According to these stories the five main creatures that walked the night were hags hants boo daddies plat eyes and ghosts All had separate characteristics Hags disguised themselves as regular people but at midnight they would shed their skin and torment their enemies draining them of their energy Hants lived in trees and would torture their victims day and night Boo daddies were reincarnations of witch doctors Plat eyes could take the form of an animal sometimes changing from one animal to another Ghosts were seen coming out of graveyards at night This book relates the stories of these spirits based upon eyewitness accounts of former slaves

**Haunted Plantations** Geordie Buxton, 2007 A shackled West African tribe drags themselves off a slave ship while singing drowning in a Georgia creek to avoid being sold Mysterious letters from a long ruined church near Mepkin Abbey solicit a man to join faith A French teacher disappears from a school after marking final exams in blood An Egyptian mummy triggers a heart attack in a city museum These stories and more are wrenched from the gravest parts of America's past real lives of people on plantations from Savannah and the coast of the Carolinas Most deal with the hub of the East Coast slave trade Charleston South Carolina All are richly illustrated with both historic and contemporary images Dwelling in the affairs of plantation life is to tread the fires of emotionally raw history Sifting through the folklore and legends the old hushed embers of the south ignite once again in this collection While these stories relate encounters with the supernatural readers will find that what actually happened here doesn't always need a ghost to be disquieting [Tales from the Haunted South](#) Tiya Miles, 2015-08-12 In this book Tiya Miles explores the popular yet troubling phenomenon of ghost tours frequently promoted and experienced at plantations urban manor homes and cemeteries throughout the South As a staple of the tours guides entertain paying customers by routinely relying on stories of enslaved black specters But who are these ghosts Examining popular sites and stories from these tours Miles shows that haunted tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain Dark tourism often highlights the most sensationalist and macabre aspects of slavery from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black bodies to the supposedly exotic nature of African spiritual practices Because the realities of slavery are largely absent from these tours Miles reveals how they continue to feed problematic Old South narratives and erase the hard truths of the Civil War era In an incisive and engaging work Miles uses these troubling cases to shine light on how we feel about the Civil War and race and how the ghosts of the past are still with us **Ghost Stories from the American South** W. **Children's Ghost Story in America** Sean Ferrier-Watson,2017-04-25 Ghost stories have played a prominent role in  
 childhood Circulated around playgrounds and whispered in slumber parties their history in American literature is little  
 known and seldom discussed by scholars This book explores the fascinating origins and development of these tales focusing  
 on the social and historical factors that shaped them and gave birth to the genre Ghost stories have existed for centuries but  
 have been published specifically for children for only about 200 years Early on supernatural ghost stories were rare authors  
 and publishers fearing they might adversely affect young minds presented stories in which the ghost was always revealed as  
 a fraud These tales dominated children s publishing in the 19th century but the 20th century saw a change in perspective and  
 the supernatural ghost story flourished     [The Big Book of Illinois Ghost Stories](#) Troy Taylor,2019-07-17 Hauntings lurk and

**Women**

**Writers and Experimental Narratives** Kate Aughterson, Deborah Philips, 2021-01-23 This book explores the history of women's engagement with writing experimentally. Women writers have long used different narratives and modes of writing as a way of critiquing worlds and stories that they find themselves at odds with but at the same time as a way to participate in such spaces. Experimentation of style, mode, voice, genre, and language has enabled women writers to be simultaneously creative and critical, engaged in and yet apart from stories and cultures that have so often seen them as other. This collection shows that women writers in English over the past 400 years have challenged those ideas not only through explicit polemic and alternative representations but through disrupting the very modes of representation and story itself.

**The Figure of the Monster in Global Theatre** Michael M. Chemers, Analola Santana, 2024-10-09 Bringing together international perspectives on the figure of the monster in performance, this edited collection builds on discussions in the fields of posthumanism, bioethics, and performance studies. The collection aims to redefine monstrosity to describe the cultural processes by which certain identities or bodies are configured to be threateningly deviant, whether by race, gender, sexuality, nationality, immigration status, or physical or psychological extraordinariness. The book explores themes of race, white supremacy, and migration with the aim of investigating how the figure of the monster has been used to explore representations of race and identity. To these we add discussions on gender, queer identities, and how the figure of the monster has been used to explore the gendered body to finally understand how monstrosity intersects with contemporary issues of technology and the natural world. Navigating the fields of disability studies, performance-centered monster studies, and representation in performance, editors Michael M. Chemers and Analola Santana have brought together perspectives on the figure of the monster from across a variety of fields that intersect with performance studies. This book is essential reading for Theatre and Performance students of all levels as well as scholars. It will also be an enlightening text for those interested in monstrosity and Cultural Studies more broadly.

[The Horrors of Slavery in America](#) Work Projects Administration, 2022-11-13 In *The Horrors of Slavery in America*, the Work Projects Administration presents a poignant and unflinching documentation of the brutal realities faced by enslaved individuals in the antebellum United States. This comprehensive compilation encompasses firsthand narratives, historical accounts, and vivid testimonials skillfully employing a blend of oral histories and archival research to paint a harrowing picture of the inhumanity of slavery. The literary style is grounded in realism, utilizing rich evocative language that immerses readers in the lived experiences of those who endured servitude and oppression, positioned within the broader socio-political context of 20th-century America. The Work Projects Administration (WPA), established during the New Deal, aimed to provide jobs and stimulate the economy through the arts and humanities. Through this project, American writers and historians, compelled by the ethical urgency of documenting marginalized voices, sought to confront the legacy of slavery and its lingering impact on American society. Their commitment to preserving these stories reflects a crucial moment in American history and literature where rediscovered histories were

brought to the fore This book is essential for readers interested in American history social justice and the complex narratives surrounding slavery It serves as both an educational resource and a powerful statement against the atrocities of the past encouraging a deep reflection on the enduring scars of slavery in contemporary society

**Long Past Slavery** Catherine A. Stewart, 2016-02-05 From 1936 to 1939 the New Deal s Federal Writers Project collected life stories from more than 2 300 former African American slaves These narratives are now widely used as a source to understand the lived experience of those who made the transition from slavery to freedom But in this examination of the project and its legacy Catherine A Stewart shows it was the product of competing visions of the past as ex slaves memories of bondage emancipation and life as freedpeople were used to craft arguments for and against full inclusion of African Americans in society Stewart demonstrates how project administrators such as the folklorist John Lomax white and black interviewers including Zora Neale Hurston and the ex slaves themselves fought to shape understandings of black identity She reveals that some influential project employees were also members of the United Daughters of the Confederacy intent on memorializing the Old South Stewart places ex slaves at the center of debates over black citizenship to illuminate African Americans struggle to redefine their past as well as their future in the face of formidable opposition By shedding new light on a critically important episode in the history of race remembrance and the legacy of slavery in the United States Stewart compels readers to rethink a prominent archive used to construct that history

*The Voices From The Past - Hundreds of Testimonies by Former Slaves In One Volume* Work Projects

Administration, 2023-12-11. In *The Voices From The Past: Hundreds of Testimonies by Former Slaves In One Volume*, the Work Projects Administration compiles a remarkable collection of firsthand accounts from former enslaved individuals, shedding light on their experiences and the complexities of slavery in America. The book's literary style is characterized by authentic, vernacular, and vivid personal narratives, allowing readers to connect with the raw emotion and resilience underlying each testimony. This compilation not only serves as a historical document but also positions itself within the tradition of oral history, making an invaluable contribution to the understanding of African American experiences in the antebellum and postbellum periods. The Work Projects Administration was established during the Great Depression as part of New Deal initiatives aiming to provide employment through public works programs. In this context, collecting slave narratives became a means to preserve an essential part of American history while simultaneously offering work opportunities to writers and historians. This intersection of socio-economic necessity and cultural preservation showcases the WPA's commitment to documenting the voices often silenced in mainstream narratives. I highly recommend *The Voices From The Past* to anyone interested in American history, African American studies, or oral history. By engaging with these testimonies, readers will gain profound insights into the lived realities of former slaves while encountering the broader implications of their stories, which resonate with modern discussions on race, identity, and social justice.
