Small Claims My Little Trials In Life:

Good Dirt David E. Morine, Paul Flint, 2011-12-20 The best selling conservation classic completely expanded revised and updated David Morine was a briefcase conservationist specializing in human nature During his fifteen years in charge of land acquisition for The Nature Conservancy Morine helped protect more than three million acres of wilderness finding plenty to laugh about and learn from along the way Here are the stories behind the deals and the people who made them an enlightening entertaining occasionally unsettling look at the dirty job of keeping America clean

Vacationland David E. Morine, 2015-10-30 David Morine's long love affair with Maine began when he was a boy in 1946 and his parents rented their first lakeside cabin in Fryeburg At first skeptical about the cost and the lack of plumbing or electricity the Morines quickly felt right at home There was plenty of good fishing and good company to fill the long summer days Although David didn't know it at the time his career began to take shape that summer when he first splashed his feet in the pristine waters of Lovewell Pond He went on to become an internationally recognized conservationist and served for fifteen years as the head of land acquisition for The Nature Conservancy He is also a natural storyteller and he recounts the fondly remembered pleasures of family vacations and reveals many adventures and misadventures he had along the way This second edition of Vacationland includes the same wonderful quirky personal stories as the first edition along with four new funny and nostalgia filled tales about summering in Maine

Two Coots in a Canoe David E. Morine, Paul Flint, 2011-05-03 A journey of whim humor and self discovery along the Connecticut River When retired CEO Ramsay Peard 61 called his old friend David Morine 59 and asked the longtime conservationist if he wanted to canoe the Connecticut River Morine said he'd do it under one condition no camping We'll rely on the kindness of strangers And that's what they did Mooching their way down the river and staying with strangers every night Morine and Peard got an inside look at such issues as the demise of farming the loss of manufacturing gay rights and Wal Mart versus Main Street and they were able to delve deep into the lives of complete strangers But Morine soon realized the one life he never dug into was Peard's After spending a month with him in a canoe he had no idea that his friend's innermost thoughts had taken a fateful course Written in the tradition of Bill Bryson's A Walk in the Woods this book will be treasured by conservationists canoeists and old friends still seeking a thrill Everyone else will be delightfully entertained

The Jury Crisis Drury R. Sherrod, 2019-02-08 Juries have a bad reputation Often jurors are seen as incompetent biased and unpredictable and jury trials are seen as a waste of time and money In fact so few criminal and civil cases reach a jury today that trial by jury is on the verge of extinction Juries are being replaced by mediators arbitrators and private judges The wise trial of Twelve Angry Men has become a fiction As a result a foundation of American democracy is about to vanish The Jury Crisis What's Wrong with Jury Trials and How We Can Save Them addresses the near collapse of the

jury trial in America its causes consequences and cures Drury Sherrod brings his unique perspective as a social psychologist who became a jury consultant to the reader applying psychological research to real world trials and explaining why juries have become dysfunctional While this collapse of the jury can be traced to multiple causes including poor public education the absence of peers and community standards in a class stratified racially divided society and people s reluctance to serve on a jury the focus of this book is on the conduct of trials themselves from jury selection to evidence presentation to jury deliberations Judges and lawyers believe wrongly that jurors can put aside their biases sit quietly through hours days or weeks of conflicting testimony and not make up their minds until they have heard all the evidence Unfortunately the human brain doesn t work that way A great deal of psychological research on jurors and other decision makers shows that our brains intuitively leap to story telling before we rationally analyze facts or evidence Weaving details into a narrative is how we make sense of the world and it s very hard to suppress this tendency Consequently a majority of jurors actually make up their minds before they have heard much of the evidence Judges arbitrators and mediators have similar biases The Jury Crisis deals with an important social problem namely the near collapse of a thousand year old institution and proposes how to fix the jury system and restore trial by jury to a more prominent place in American society The Zeroes Randall

Lane,2011-08-30 What Liar s Poker was to the 1980s The Zeroes is to the first decade of the new century an insider s memoir of a gilded era when Wall Street went insane and took the rest of us down with it Randall Lane never set out to become a Wall Street power broker But during the decade he calls the Zeroes he started a small magazine company that put him near the white hot center of the biggest boom in history Almost by accident a man who drove a beat up Subaru and lived in a rented walk up became the go to guy for big shots with nine figure incomes Lane s saga began with a simple idea a glossy magazine exclusively for and about traders which would treat them like rock stars and entice them to splurge on luxury goods Trader Monthly was an instant hit around the world Wall Streeters loved the spotlight and advertisers like Gulfstream Maybach and Bulgari loved the marketing opportunity To accelerate the buzz Lane s staff threw parties featuring celebrities premium steaks cigars and top shelf vodka Nothing was too expensive or too outrageous Private jets in Napa Valley Casino nights in London And 1 000 a seat boxing matches in New York where traders from Goldman Sachs and Bear Stearns pounded each other in front of tuxedoed throngs Before long Wall Street s rich and powerful trusted Lane as a fellow insider the guy who could turn an anonymous trader into a cover model and media darling And the rest of the world sought him out as a way to tap into Wall Street s riches As he emptied his bank account to help keep his little company afloat he became a nexus for the absurd Traders who turned 9 11 and Hurricane Katrina into multimillion dollar windfalls John McCain closing out the craps tables during an all night gambling binge Pop artist Peter Max hustling hundreds of thousands of dollars by selling traders paint by numbers portraits Al Gore John Travolta Moby Corrupt Caribbean rulers the mobsters from Goodfellas the pope And a retired baseball star turned market guru named Lenny Dykstra whose rise and fall was a great

metaphor for the decade All played roles in Lane s increasingly surreal world When the crash of 2008 hit Lane s company and life savings were destroyed along with the high flying traders and dealmakers his magazines exalted But Lane walked away with something more lasting an incredible true story told by a skilled writer and reporter who sat squarely in the middle of one of the critical periods in modern financial and cultural history People will turn to The Zeroes for many years to come to find out what the era was really like *The Ohio Cultivator* ,1856 Congressional Record United States.
