Small Scale Grain Raising:

Small-Scale Grain Raising Gene Logsdon, 2009-04-14 Logsdon proves that anyone who has access to a large garden or small farm can think outside the agribusiness box and learn to grow healthy whole grains or beans the base of the culinary food pyramid alongside fruits and vegetables

Small-Scale Grain Raising Gene Logsdon, 2009-05-12 First published in 1977 this book from one of America's most famous and prolific agricultural writers became an almost instant classic among homestead gardeners and small farmers Now fully updated Small Scale Grain Raising offers a entirely new generation of readers the best introduction to a wide range of both common and lesser known specialty grains and related field crops from corn wheat and rye to buckwheat millet rice spelt flax and even beans and sunflowers More and more Americans are seeking out locally grown foods yet one of the real stumbling blocks to their efforts has been finding local sources for grains which are grown mainly on large distant corporate farms At the same time commodity prices for grains and the products made from them have skyrocketed due to rising energy costs and increased demand In this book Gene Logsdon proves that anyone who has access to a large garden or small farm can and should think outside the agribusiness box and learn to grow healthy whole grains or beans the base of our culinary food pyramid alongside their fruits and vegetables Starting from the simple but revolutionary concept of the garden pancake patch Logsdon opens up our eyes to a whole world of plants that we wrongly assume only the agricultural big boys can grow He succinctly covers all the basics from planting and dealing with pests weeds and diseases to harvesting processing storing and using whole grains There are even a few recipes sprinkled throughout along with more than a little wit and wisdom Never has there been a better time or a more receptive audience for this book Localvores serious home gardeners CSA farmers and whole foods advocates in fact all people who value fresh high quality foods will find a field full of information and ideas in this once and future classic Home bakers rejoice Gene's book is back just in time to help you grow those flavorful old heirloom grain varieties you have always wanted to try Bon app tit Eliot Coleman author of *The Winter Harvest Handbook* and *The New Organic Grower*
