On Middle Ground Eric L. Goldstein, Deborah R. Weiner, 2018-03-28 A model of Jewish community history that will enlighten anyone interested in Baltimore and its past Winner of the Southern Jewish Historical Society Book Prize by the Southern Jewish Historical Society Finalist of the American Jewish Studies Book Award by the Jewish Book Council National Jewish Book Awards In 1938 Gustav Brunn and his family fled Nazi Germany and settled in Baltimore Brunn found a job at McCormick's Spice Company but was fired after three days when according to family legend the manager discovered he was Jewish He started his own successful business using a spice mill he brought over from Germany and developed a blend especially for the seafood purveyors across the street Before long his Old Bay spice blend would grace kitchen cabinets in virtually every home in Maryland The Brunns sold the business in 1986 Four years later Old Bay was again sold to McCormick In *On Middle Ground* the first truly comprehensive history of Baltimore's Jewish community Eric L Goldstein and Deborah R Weiner describe not only the formal institutions of Jewish life but also the everyday experiences of families like the Brunns and of a diverse Jewish population that included immigrants and natives factory workers and department store owners traditionalists and reformers The story of Baltimore Jews full of absorbing characters and marked by dramas of immigration acculturation

and assimilation is the story of American Jews in microcosm But its contours also reflect the city's unique culture Goldstein and Weiner argue that Baltimore's distinctive setting as both a border city and an immigrant port offered opportunities for advancement that made it a magnet for successive waves of Jewish settlers The authors detail how the city began to attract enterprising merchants during the American Revolution when it thrived as one of the few ports remaining free of British blockade They trace Baltimore's meteoric rise as a commercial center which drew Jewish newcomers who helped the upstart town surpass Philadelphia as the second largest American city They explore the important role of Jewish entrepreneurs as Baltimore became a commercial gateway to the South and later developed a thriving industrial scene Readers learn how in the twentieth century the growth of suburbia and the redevelopment of downtown offered scope to civic leaders business owners and real estate developers From symphony benefactor Joseph Meyerhoff to Governor Marvin Mandel and trailblazing state senator Rosalie Abrams Jews joined the ranks of Baltimore's most influential cultural philanthropic and political leaders while working on the grassroots level to reshape a metro area confronted with the challenges of modern urban life Accessibly written and enriched by more than 130 illustrations *On Middle Ground* reveals that local Jewish life was profoundly shaped by Baltimore's middleness its hybrid identity as a meeting point between North and South a major industrial center with a legacy of slavery and a large city with a small town feel

Tradition, Urban Identity, and the Baltimore "Hon" David J. Puglia, 2018-09-15 Baltimoreans have garnered a reputation for greeting one another by tagging hon to their speech In the late twentieth and early twenty first century this small piece of local dialect took center stage in a series of rancorous public debates over the identity associated with Baltimore culture Each time controversy followed leading to consequences ranging from protests and boycotts to formal legislative action Hon brought into focus Baltimore's past and future by symbolizing lingering divisions of race class gender and belonging in the midst of campaigns to unify and modernize the city While some decried hon and the Hon as embarrassing others hailed the word and the related image of a down to earth blue collar woman as emblematic of the authentic Baltimorean This book tells the story of the battles that flared over the attempts to use hon to construct a citywide local tradition and their consequences for the future of local culture in the United States

Meikle,2016-01-20 This illustrated history of the colorized linen postcards of the 1930s and 40s is an incredible tour A veritable treasure trove of American culture Crave Online From the Great Depression through the early postwar years any postcard sent in America was more than likely a linen card Colorized in vivid often exaggerated hues and printed on card stock embossed with a linen like texture linen postcards celebrated the American scene with views of majestic landscapes modern cityscapes roadside attractions and other notable features These colorful images portrayed the United States as shimmering with promise quite unlike the black and white worlds of documentary photography or Life magazine Linen postcards were enormously popular with close to a billion printed and sold Postcard America offers the first comprehensive study of these cards and their cultural significance Drawing on the production files of Curt Teich Co of Chicago the originator of linen postcards Jeffrey L

Meikle reveals how photographic views were transformed into colorized postcard images often by means of manipulation adding and deleting details or collaging bits and pieces from several photos He presents two extensive portfolios of postcards landscapes and cityscapes that comprise a representative iconography of linen postcard views For each image Meikle explains the postcard s subject describes aspects of its production and places it in social and cultural contexts In the concluding chapter he shifts from historical interpretation to a contemporary viewpoint considering nostalgia as a motive for collectors and others who are fascinated today by these striking images
