Common Threads Adele Flood,2014-10-16 Common Threads explores ideas of artistic identity and memory contained within the narrated stories of ten textile artists It reveals how individuals bring a sense of linearity to fragments of memory and create a cohesive sense of self through telling their life s story By employing a systems model the author constructs new ideas of interrogating identity and art practice The model Constructing Personal Narratives brings into focus the hermeneutic circle of learning and identifies the importance and need to provide opportunities for lifelong learning The stories told by the participants who returned to the formal education sector later in life reveal the profound effects adult learning had upon their lives The writer reveals how the model generated the interview questions that provided the rich biographical content that emerged within dialogues The common threads of experience and feelings of the ten participants and the author are revealed and from these emerge deepened understandings of both the place of stories within our lives and how stories can further an understanding of what it means to be an artist Emerging from these stories are implications for teaching practice these are presented as observations and questions in terms of how educators should be part of the learning experience with those they educate

BEAU GESTE: The Mystery of the "Blue Water" & Major Henri de Beaujolais' Story (Adventure Classic) P. C. Wren,2015-09-11 This carefully crafted ebook BEAU GESTE The Mystery of the Blue Water Major Henri de Beaujolais Story Adventure Classic is formatted for your eReader with a functional and detailed table of contents Michael Beau Geste is the protagonist The main narrator among others by contrast is his younger brother John The three Geste brothers are a metaphor for the British upper class

values of a time gone by and the decent thing to do is in fact the leitmotif of the novel The Geste brothers are orphans and have been brought up by their aunt at Brandon Abbas When a precious jewel known as the Blue Water goes missing suspicion falls on the young people and Beau leaves Britain to join the French Foreign Legion followed by his brothers Digby his twin and John There after some adventure and separation from Digby the sadistic Sergeant Major Lejaune gets command of the little garrison at Fort Zinderneuf in French North Africa and only an attack by Tuaregs prevents a mutiny and mass desertion Percival Christopher Wren 1875 1941 was an English writer mostly of adventure fiction He is remembered best for Beau Geste a much filmed book of 1924 involving the French Foreign Legion in North Africa This was one of 33 novels and short story collections that he wrote mostly dealing with colonial soldiering in Africa While his fictional accounts of life in the pre 1914 Foreign Legion are highly romanticized his details of Legion uniforms training equipment and barrack room layout are generally accurate which has led to unproven suggestions that Wren himself served with the legion *Gothiniad*
