Scandinavian popular novels and films have flourished in the last thirty years In Crime and Fantasy in Scandinavia Andrew Nestingen argues that the growth and visibility of popular culture have been at the heart of the development of heterogeneous publics in Scandinavia in opposition to the homogenizing influence of the post World War II welfare state Novels and films have mobilized readers and viewers serving as a preeminent site for debates over individualism collectivity national homogeneity gender and transnational relations Crime and Fantasy in Scandinavia provides insight into the changing nature of civil society in Scandinavia through the lens of popular culture Nestingen develops his argument through the examination of genres where the central theme is individual transgression of societal norms crime films and novels melodramas and fantasy fiction Among the internationally known writers and filmmakers discussed are Henning Mankell Aki Kaurismäki Lukas Moodysson and Lars von Trier **The Foreign in International Crime Fiction** Jean Anderson, Carolina Miranda, Barbara Pezzotti, 2012-06-14 The foreigner is a familiar character in popular crime fiction from the foreign detective whose outsider status provides a unique perspective on a familiar or exotic location to the xenophobic portrayal of the criminal other Exploring popular crime fiction from across the world The Foreign in International Crime Writing examines these popular works as transcultural contact zones in which writers can tackle such issues as national identity immigration globalization and diaspora communities Offering readings of 20th and 21st century crime writing from Norway the UK India China Europe and Australasia the essays in this book open up new directions for scholarship on crime writing and transnational literatures **Fear, Cultural Anxiety, and Transformation** Scott A. Lukas, John Marmysz, 2010-06-22 This collection was inspired by the observation that film remakes offer us the opportunity to revisit important issues stories

themes and topics in a manner that is especially relevant and meaningful to contemporary audiences Like mythic stories that are told again and again in differing ways film remakes present us with updated perspectives on timeless ideas While some remakes succeed and others fail aesthetically they always say something about the culture in which and for which they are produced Contributors explore the ways in which the fears of death loss of self and bodily violence have been expressed and then reinterpreted in such films and remakes as Invasion of the Body Snatchers Night of the Living Dead and Dawn of the Dead Films such as Rollerball The Ring The Grudge The Great Yokai Wars and Insomnia are discussed as well because of their ability to give voice to collective anxieties concerning cultural change nihilism and globalization While opening on a note that emphasizes the compulsion of filmmakers to revisit issues concerning fear and anxiety this collection ends by using films like Solaris King Kong Star Trek Doom and Van Helsing to suggest that repeated confrontation with these issues allows the opportunity for creative and positive transformation
