Smith Voices Selected Works By Smith College Alumnae:

Smith Voices Smith College, 1990 **Smith Voices** Patricia L. Skarda, 1999 Notable American Women with Czechoslovak Roots Miloslav Rechcigl Jr., 2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women this is not at all a reflection of the paucity of work done by these women as this publication demonstrates This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role **American Learned Men and Women with Czechoslovak Roots** Mila Rechcigl, 2020-11-18 Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots That's what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for the remarkable success and achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates The monograph has been organized into sections by subject areas i.e. Scholars Social Scientists Biological Scientists and Physical Scientists Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical ground without regards to their native language or ethnic background This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt Doing it in any other way would be a mere guessing and thus less objective **Encyclopedia of Bohemian and Czech-American Biography** Miloslav Rechcigl Jr., 2016-11-10 As the Czech ambassador to the United States H. E. Petr Gandalovic noted in his foreword to this book that Mila Rechcigl has written a monumental work representing a culmination of his life achievement as a historian of Czech America The Encyclopedia of Bohemian and Czech American Biography is a unique and unparalleled publication The enormity of this undertaking is reflected in the fact that it covers a universe starting a few decades after the discovery of the New World through the escapades and significant contributions of Bohemian Jesuits and Moravian brethren

in the seventeenth and eighteenth centuries the mass migration of the Czechs after the revolutionary year of 1848 and up to the early years of the twentieth century and the influx of refugees from Nazism and communism The encyclopedia has been planned as a representative a comprehensive and authoritative reference tool encompassing over 7 500 biographies This prodigious and unparalleled encyclopedic vade mecum reflecting enduring contributions of notable Americans with Czech roots is not only an invaluable tool for all researchers and students of Czech American history but is also a carte blanche for the Czech Republic which considers Czech Americans as their own and as a part of its magnificent cultural history **Ann M. Martin** Marylou Morano Kjelle,2013-11 When Ann M Martin was asked to write the first four Baby sitters Club books in 1985 she had no way of knowing she was about to change the face of children s publishing **The Smith Alumnae Quarterly** ,1922 **Harvard Alumni Bulletin** ,1927 **American Voices** Bernard K. The Cornell Alumni News, 1905 **Auden's Apologies for Poetry** Lucy McDiarmid, 2014-07-14 Common wisdom has it that when Auden left England for New York in January 1939 he had already written his best poems He left behind most critics believe all the idealisms of the 1930s and all serious concerns to become an unserious poet a writer of ingenious agreeable minor lyrics Lucy McDiarmid argues that such readers spoiled by the simple intensities of apocalypse distort and misjudge Auden's greatest work She shows that once Auden was freed from the obligation to criticize and reform the society

of his native country he devoted his imaginative energies to commentary on art And about art he was never complaisant with greater passion than he had ever used to undermine bourgeois society Auden undermined literature Every major poem and every essay became a retractio a statement of art s frivolity vanity and guilt Auden s Apologies for Poetry then sets forth the unorthodox notion that the chief subject of later New Yorker Auden is the insignificance of poetry Commenting on all the major poems and essays from the 1930s through the 1960s and analyzing manuscript revisions and unpublished works it charts the changes in Auden s poetics in the light of his shift from an oral to a written model of poetry In his earliest work Auden voices the tentative hope that poems can be like loving spoken words transforming and redeeming themselves carriers of value After 1939 he takes for granted a written model His later essays and poems deny art spiritual value claiming that love or truth in any serious sense is a reticence the unarticulated worth that exists if at all outside the words on the page Later Auden creates a poetics of apology and self deprecation a radical undermining of poetry itself Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Selected Papers of Elizabeth Cady Stanton and Susan B. Anthony Ann D. Gordon, 2013-01-10 The hush of the title comes suddenly when first Elizabeth Cady Stanton dies on October 26 1902 and three years later Susan B Anthony dies on March 13 1906 It is sudden because Stanton despite near blindness and immobility wrote so intently right to the end that editors had supplies of her articles on hand to publish several months after her death It is sudden because Anthony at the age of eighty five set off for one more transcontinental trip telling a friend on the Pacific Coast it will be just as well if I come to the end on the cars or anywhere as to be at home Volume VI of this extraordinary series of selected papers is inescapably about endings death and silence But death happens here to women still in the fight An Awful Hush is about reformers trained in the school of anti slavery trying to practice their craft in the age of Jim Crow and a new American Empire It recounts new challenges to an aristocracy of sex whether among the bishops of the Episcopal church the voters of California or the trustees of the University of Rochester And it sends last messages about woman suffrage As Stanton wrote to Theodore Roosevelt on the day before she died Surely there is no greater monopoly than that of all men in denying to all women a voice in the laws they are compelled to obey With the publication of Volume VI this series is now complete
