Next-Generation Memory and Ukrainian Canadian Children's Historical Fiction Mateusz Świetlicki,2023-03-24 This is the first book monograph devoted to Anglophone Ukrainian Canadian children s historical fiction published between 1991 and 2021 It consists of five chapters offering cross sectional and interdisciplinary readings of 41 books novels novellas picturebooks short stories and a graphic novel The first three chapters focus on texts about the complex process of becoming Ukrainian Canadian showcasing the experiences of the first two waves of Ukrainian immigration to Canada including encounters with Indigenous Peoples and the First World War Internment The last two chapters are devoted to the significance of the cultural memory of the Holodomor the Great Famine of 1932 1933 and the Second World War for Ukrainian Canadians All the chapters demonstrate the entanglements of Ukrainian and Canadian history and point to the role

Anglophone children's literature can play in preventing the symbolical seeds of memory from withering This volume argues that reading imagining and reimagining history can lead to the formation of beyond textual next generation memory Such memory created through reading is multidimensional as it involves the interpretation of both the present and the past by an individual whose reality has been directly or indirectly shaped by the past over which they have no influence Next generation memory is of anticipatory character which means that authors of historical fiction anticipate the readers both present day and future not to have direct links to any witnesses of the events they discuss and to have little knowledge of the transcultural character of the Ukrainian Canadian diaspora

River Becomes Shadow Anne M. Smith-Nochasak, 2025-09-03 It is said that one day wherever River walks the earth will turn green again In the dying wasteland that is rural Nova Scotia and New Brunswick in the year 2036 this seems impossible But where others see impossibilities twelve year old River cultivates hope She sees what a new world can be even when the oppressive regime known as the Elect enslaves more and more people every day Even if it means sacrificing herself along the way In this second installment of the Taggak Journey trilogy River has left Gran Flo and her swamp far behind She's joined by her cousin Tag their guide to shadow running a means to travel in secrecy requiring complete focus But without proper food and sleep how will they maintain the necessary concentration And then there's Dr Andrea Parker the keeper of stories and resentment Left to fester her resentment might just ruin everything As these unlikely heroes struggle forward will they stay loyal to each other and to themselves taking Flo's voice and vision as their compass Will River walk her path and fulfill Flo's prophecy *River Becomes Shadow* is a story of devotion and resilience in the face of heartbreak and brutality It encourages readers to look into the not so distant future at the very real possibility of an apocalyptic world and believe that we are enough to change it no matter how broken we may be
