Eyewitness Explorer: Weather Watcher DK, 2015-09-01. From light breezes to heavy storms, *Weather Watcher* helps young readers understand the different weather conditions that affect our everyday lives. With over 30 activities, kids can study clouds and fog, make a rainbow, create a snowflake, track a storm, and make tornadoes and hurricanes using everyday objects. *Eyewitness Explorers* encourage hands-on learning with 30 easy activities that help children observe, explore, and learn about the natural world. Each book explains the science behind the activities, laying the essential groundwork for contextualizing the experience to come. But at the heart of the books are the activities themselves, a chance to learn by doing with experiments that can be carried out right at home. Most can even be completed with materials already on hand, so there's no complicated preparation or specialized equipment needed. Simply choose one of the projects and follow the step-by-step, photographically illustrated instructions.

Experimental General Science Willard Nelson Clute, 1917. *The Horn Book Guide to Children's and Young Adult Books*, 1992.

Nature Explorer DK, 2010-05-03. *Nature Explorer* is a compilation of our best titles from the very successful *Nature Activities* series. Readers learn about rocks and minerals, birds, insects, weather, and more with DK's spectacular photography and imagery serving as an informative backdrop. In addition, readers are encouraged to observe, take notes, and do their own experiments in the park, their backyards, even their own kitchens. Easy-to-do activities help teach kids about the world around them. They can observe and track how often parent birds feed their hatchlings or create a miniature desert and watch the plants thrive, or create a moth trap and get a close-up look at the nighttime insects. This is a unique opportunity for kids to become experts and study the natural world.
