Jackson, 2005-01-01 In 1881 Thomas and Elizabeth Tannatt said a final good bye to Massachusetts and the eastern seaboard and set out in search not of land but of opportunities for social and political advancement Facing severe limitations to their goals in the depressed and disheveled postwar East the Tannatts went west to Walla Walla Washington Territory to pursue their dreams of influence and status Domesticating the West examines the motivations of late nineteenth century middle class migrants who moved west to build communities and establish themselves as leaders The West offered new opportunities for solidly middle class eastern families who endured hardship uncertainty and displacement during the Civil War and who struggled to carve out meaningful social space in the war s aftermath Brenda K Jackson places the Tannatts at the center of this movement and demonstrates how gender class and place affected the new migrants abilities to integrate into their new communities She also shows how easterners redefined themselves as leaders of a new moral western environment through volunteerism and political participation While many studies of westward expansion focus exclusively on the earliest pioneers Jackson adroitly shows how later arrivals shaped the social economic and cultural growth of the nation **Give Me Eighty Men** Shannon D. Smith, 2021-12-08 With eighty men I could ride through the entire Sioux nation The story of what has become popularly known as the Fetterman Fight near Fort Phil Kearney in present day Wyoming in 1866 is based entirely on this infamous declaration attributed to Capt William J Fetterman Historical accounts cite this statement in support of the premise that bravado vainglory and contempt for the fort s commander Col Henry B Carrington compelled Fetterman to disobey direct orders from Carrington and lead his men into a perfectly executed ambush by an alliance of Plains Indians In the aftermath of the incident Carrington s superiors including generals Ulysses S Grant and William T Sherman positioned Carrington as solely accountable for the massacre by suppressing exonerating evidence In the face of this betrayal Carrington s first and second wives came to their husband s defense by publishing books presenting his version of the deadly encounter Although several of Fetterman s soldiers and fellow officers disagreed with the women s accounts their chivalrous deference to women s moral authority during this age of Victorian sensibilities enabled Carrington s wives to present their story without challenge Influenced by these early works historians focused on Fetterman s arrogance and ineptitude as the sole cause of the tragedy In Give Me Eighty Men Shannon D Smith reexamines the works of the two Mrs Carringtons in the context of contemporary evidence No longer seen as an arrogant firebrand Fetterman emerges as an outstanding officer who respected the Plains Indians superiority in numbers weaponry and battle skills Give Me Eighty Men both challenges standard interpretations of this American myth and shows the powerful influence of female writers in the nineteenth and twentieth centuries **The**
