Social And Cultural Perspectives On Blindness Barriers To Community Integration Hardcover:

SOCIAL AND CULTURAL PERSPECTIVES ON BLINDNESS C. Edwin Vaughan, Fredric K. Schroeder, 2018-03-01 The central idea of this book is that blindness itself results in no particular social arrangement as a cultural pattern People are socialized to expect ideas about appropriate behavior for blind people and these vary from culture to culture The descriptions of blindness in several different cultures are the authors firsthand observations as outsiders visiting different cultures interviewing individuals as well as extensive reviewing of written sources The text describes different perspectives regarding blindness and the social arrangements created for and by blind people The viewpoints of blind people themselves receive prominent attention in the book The text is critical in its perspective Its purpose is to analyze patterns of domination and subordination as they take various forms in different cultures including physical condition Major discussions include Why study rehabilitation and blindness from a cross cultural perspective Cultural perspectives on blindness Producing new images about blindness Blindness in the United States From isolation to full inclusion Blindness in Africa Blind people in the Middle Kingdom and the People s Republic of China Spain s unique Organizacion Nacional de Ciegos Espanoles and the Changing culture of blindness around the world The book strives to contribute to the social sciences and the study of behavior that is considered deviant or different It also seeks to stimulate interest in cross national and cross cultural studies of blindness and contributes to the development of a broader and richer understanding about blindness for those who provide education rehabilitation and employment services Finally the book strives to aid blind people who are reflective about their own situation and who are working to make it better

Equity, Diversity, and Inclusion in Rehabilitation Sciences Adria Quigley, Hellen Myezwa, Caitlin McArthur, 2023-12-12 The impact of race sex gender disability and socioeconomic status on health and quality of life has been well established Now perhaps more than ever there is a demand for equitable and timely access to rehabilitation Incorporating principles of equity diversity inclusion and accessibility into clinical practice and research is essential for addressing the unique needs of rehabilitation clients There is also a need to critically examine the integration of anti oppressive and anti racist frameworks into rehabilitation care Strategies that promote accessible and affordable participation health promotion technology and interdisciplinary collaboration in rehabilitation are also needed The impact of gender sexual orientation race and religion and socioeconomic status on rehabilitation service delivery and outcomes is less well known Within the context of rehabilitation science we need to understand these differences and illuminate how to better serve equity deserving groups

Embodiment, Identity and Disability Sport Ben Powis, 2020-03-23 This book investigates the complex relationship between embodiment identity and disability sport based on ethnographic research with an international level visually impaired cricket team Alongside issues of empowerment classification and valorisation it conceptualises the sensuous dimension of being in disability sport and challenges the idealised notion of the sporting body It explores the players lived experiences of participating and competing in an elite disabled sport culture and uses an embodied theoretical approach drawing upon sociology phenomenology and contemporary disability theory to examine aspects of this previously

unexamined research site both on and off the pitch Written in a way that values and accurately represents the participants traditionally marginalised voices the book analyses the role that elite disability sport plays in the construction of identity and helps us to better understand the relationships between disability sport and wider society Embodiment Identity and Disability Sport is essential reading for any student researcher practitioner or policymaker working in disability sport and a source of useful new perspectives for anybody with an interest in the sociology of sport or disability studies Introduction to the Principalship Leslie S.
