Social And Political Thought Of Leon Trotsky:

The Social and Political Thought of Leon Trotsky Baruch Knei-Paz,1978 **The Social and Political Thought of Leon Trotsky** Brian Knapheis,1973 In Defense of Leon Trotsky David North,2010 Leon Trotsky & the Post-Soviet School of Historical Falsification David North,2007 Leon Trotsky 1879 1940 ranks among the greatest and most controversial figures in the political history of the 20th century During his lifetime he was the target of a vicious campaign of lies orchestrated by the Stalinist regime in the Soviet Union which culminated in the assassination of the exiled revolutionary leader In this essay David North subjects Robert Service s Trotsky the latest addition to the post Soviet School of Historical Falsification to a detailed analysis and critique Publisher s website

Reflections on the Marxist theory of history Paul Blackledge,2013-07-19 A decade after Francis Fukuyama announced the End of History anti capitalist demonstrators at Seattle and elsewhere have helped reinvigorate the Left with the reply another world is possible More than anyone else it was Marx who showed that slogans such as this were no utopian fantasies and that capitalism was just as much a historical mode of production no more natural and certainly no less contradictory than were the feudal and slave modes which proceeded it Paul Blackledge opens this study with a defence of the Marxist approach to the study of history against what he argues as being the naive empiricism of traditional historians and the relativism of the postmodernists He moves on to outline Marx and Engels analyses of concrete historical processes and their critiques of the alternative historiographic methodologies of their contemporaries He then discusses neglected historical works produced by Marxists in the half century or so after Marx and Engels deaths Two central chapters survey recent Marxist debates on first the nature of modes of productions including slave feudal and tributary systems and the revolutionary transitions between them and second the methodological debate over the issue of structure and agency in the movement of history Finally he shows the political relevance of these debates through a concluding survey of competing Marxist attempts to periodise the present postmodern conjuncture This book should be read by historians students of cultural social and political theory and anti capitalist activists Gramsci and Trotsky in the Shadow of Stalinism Emanuele Saccarelli,2008-02-28 This book examines the legacy of Antonio Gramsci and Leon Trotsky in the shadow of Stalinism in order to reassess the very different and distorted academic reception of the two figures as well as to contribute to the revitalization of Marxism for our time While Gramsci and Trotsky lived and died in a similar fashion as revolutionary Marxist leaders and theoreticians their reception in academia could not be more different Gramsci has become tremendously popular becoming a central figure in many disciplines while Trotsky remains largely ignored Saccarelli argues that not only is Gramsci popular for the wrong reasons being routinely distorted and depoliticized even when rescued from his contemporary users Gramsci remains inadequate Conversely the fact that Trotsky remains beyond the pale of theory is a terrible indictment of the current state of academic thinking **The Political Thought of Joseph Stalin** Erik van Ree,2003-08-27 This book

presents a comprehensive analysis of the political thought of Joseph Stalin Making full use of the documentation that has recently become available including Stalin s private library with his handwritten margin notes the book provides many insights on Stalin and also on western and Russian Marxist intellectual traditions Overall the book argues that Stalin s political thought is not primarily indebted to the Russian autocratic tradition but belongs to a tradition of revolutionary patriotism that stretches back through revolutionary Marxism to Jacobin thought in the French Revolution It makes interesting comparisons between Stalin Lenin Bukharin and Trotsky and explains a great deal about the mindset of those brought up in the Stalinist era and about the era s many key problems including the industrial revolution from above socialist cultural policy Soviet treatment of nationalities pre war and Cold War foreign policy and the purges *Historical Sociology and Eastern European Development* Arne Kommisrud,2009-06-16 An innovator in theoretical approaches in the social sciences Stein Rokkan developed general models developmental models and conceptual maps that specified the main variables and important relationships in European political history In *Historical Sociology* Arne Kommisrud tests these general hypotheses against specific historical and regional contexts He uses the case of Eastern Europe after the downfall of the Berlin Wall to extend the geography of the model s range and introduces possibilities for theoretical modification through an analysis of sequential interactions Covering a period from the Middle Ages through the 1990s and addressing phenomena overlooked by Rokkan such as statebuilding and nationalism this book demonstrates that Rokkan s models continue to be relevant to modern political science and sociology Kommisrud s study is a valuable contribution to Rokkanian approaches and the understanding of Eastern European development within the historical and geographic context of Europe as a whole

which examines the leading political economic cultural military scientific and sporting personalities from 1900 1991 Through analysis of figures such as Stalin Brezhnev Khrushchev Yeltsin Rastushinskaya and Sakharov a comprehensive portrait of Russian and Soviet society in this era emerges The book takes the reader up to the collapse of the Soviet Union and provides detailed biographical information on each leading figure bibliographical references with entries as an aid to further research a comprehensive glossary of Russian terms concepts and institutions and a useful chronology of events an accessible and user friendly A Z layout an invaluable guide for students teachers researchers and the general reader alike **Socialisms: Old and New** Tony Wright,2006-06-19 Endorsement and Foreword by Tony Blair will greatly assist the publicity for this book The academic turned MP author has a good track record and is a rising Blairite star in New Labour Citizens and Subjects received excellent reviews Clear and concise introduction to socialism First edition published by Oxford was very well received Other books on individual ideologies have done very well The Nature of Fascism and Green Political Thought

Stalinism Graeme Gill,2016-01-07 Drawing on research based on access to the recently opened Soviet archives this new edition provides a valuable thematic account of the nature of Stalinism The author surveys the arguments about the origins of the Stalinist phenomenon and discusses the way in which the different faces of Stalinism economic social cultural and political changed over time Gill concludes that the dramatic fall of the USSR was connected to the nature of Stalinism

The Palgrave Handbook of Leninist Political Philosophy Tom Rockmore,Norman Levine,2018-12-19 This intellectually discomfiting disturbingly provocative yet still thoroughly scholarly Handbook reproduces the intellectual ferment that accompanied the Russian Revolution including the wholly polarising effect at that time of Vladimir Ilyich Lenin The Palgrave Handbook of Leninist Political Philosophy does not settle for one safe interpretation of the thought of this world historic figure but rather revels in a clash of viewpoints Most interestingly it presents a contrast between the Western editors who emphasise pure democracy and Marxian humanism with many of the contributing scholars who take a more sanguine view of the Leninist political project Perhaps reflecting the current Western political crisis some of the volume s other European and North American scholars more closely align with their colleagues from the Global South Key Features Places particular emphasis on the key elements of Lenin s thought the dictatorship of the proletariat which is trenchantly defended the nature of the dialectic and the New Economic Policy Additional comprehensive coverage includes the theory of the party Bolshevism imperialism and the class struggle in the countryside Examines the relation of Lenin s thought to the ideas of his most influential contemporaries including Luxemburg Stalin and Trotsky as well as the most eminent thinker to interpret Lenin since his death Gy rgy Luk cs This Handbook is essential reading for scholars researchers and advanced students in political philosophy political theory the history of political ideas economics international relations and world history It is also ideal for the general reader who wishes to understand some of the most powerful ideas that have shaped the modern world and that may yet shake the worldagain **The Middle East and the Cold War** Matteo Gerlini,Massimiliano

Trentin,2012-01-24 There have been quite a lot of attempts to find out exactly what the impact of the Cold War on the Middle East was and this from different disciplinary perspectives This volumes tries to integrate the historical debate with new fresh insights thanks to the works of young scholars who are currently engaged in archival and field research Algeria Sudan Jordan as well as Syria Israel and Iran during the embattled 1950s and 1960s are the objects of this volume which draws a much more complicated picture than one might expect As a matter of fact both the Cold War superpowers and their European allies proved constrained in their interventions to shape the political and economic dynamics of the region according to their own plans on the contrary Middle Eastern rulers enjoyed remarkable autonomy to achieve their goals and fully exploited in rhetorics and practice the competition and rivalry which divided the industrial countries during the Cold War The process of decolonization and the related construction of new patterns of national sovereignty and development were major issues at stake for both the Cold War camps and their postcolonial partners in the Middle East Though peculiar the region proved to be no exception to global trends The so called liberal Fifties as well as the radical Sixties of the XXth century were times of great conflict and change setting much of the institutions and patterns of development which lasted for three decades at least but also providing fresh opportunities for new social and politics groups to emerge and consolidate in power In light of the current events in North Africa and the Middle East at large this volume is a highly valuable contribution to the deeper and wider understanding of the region in itself as well as the patterns of its integration within the wider global world **The**

Encyclopedia of Political Revolutions Jack A. Goldstone,2015-04-29 The Encyclopedia of Political Revolutions is an important reference work that describes revolutionary events that have affected and often changed the course of history Suitable for students and interested lay readers yet authoritative enough for scholars its 200 articles by leading scholars from around the world provide quick answers to specific questions as well as in depth treatment of events and trends accompanying revolutions Includes descriptions of specific revolutions important revolutionary figures and major revolutionary themes such as communism and socialism ideology and nationalism Illustrative material consists of photographs detailed maps and a timeline of revolutions **Political Innovation and Conceptual Change** Terence

Ball,James Farr,Russell L. Hanson,1989-04-28 This book defends the claim that politics is a linguistically constituted activity and shows that the concepts which inform political beliefs and behaviour undergo changes related to real political events Having set out and discussed this theme the editors and contributors go on to analyse the evolution of thirteen particular concepts all central to political discourse in the western world They include revolution rights democracy property corruption public interest public opinion and ideology The volume will be illuminating to political theorists intellectual historians and philosophers Writing From the Left Alan M. Wald,1994-11-17 In this collection of essays the author combines a series of assessments of classic and lost texts in the US Marxist literary tradition and analyzes developments in Marxist scholarship by Robin Kelley Michael Lowy James Murphy Paula Rabinowitz and Alexander Saxton
