Song Of Truth And Semblance:

A Song of Truth and Semblance Cees Nooteboom, 1984 *Janus at the Millennium* Thomas F. Shannon, Johan P. Snapper, 2004-05-26 This volume contains a selection of articles originally presented at the Tenth Interdisciplinary Conference on Netherlandic Studies These revised contributions relating to the common theme of Janus and the perspective of time examine Dutch language and culture from the U S Belgium and the Netherlands A Song of Truth and Semblance Cees Nooteboom, 1990 The Figure of the Singer Daniel Karlin, 2013-07-04 Why did poets continue to call themselves singers and their poems songs long after the formal link between poetry and music had been severed Daniel Karlin explores the origin and meaning of the figure of the singer tracing its roots in classical mythology and in the Bible and following its rise from the adventurous song of Milton's *Paradise Lost* to its apotheosis in the nineteenth century by which time it had also become an oppressive cliché Poets might embrace or resist this dominant figure of their art but could not ignore it Shadowing the metaphor is another figure that of the literal singer a source of fascination and rivalry to poets who are confined to words on the page The book opens with an emblematic figure of the greatest of all singers Homer playing his lyre at the centre of the frieze of poets on the Albert Memorial in London Chapters on the tragicomic rise and fall of the bard on the link between female song and suffering and on the metaphor of poetry as birdsong are followed by detailed readings of poems by Tennyson Robert Browning Elizabeth Barrett Browning Walt Whitman and Thomas Hardy The final chapter on the songs of Bob Dylan suggests that recording technology has given fresh impetus to the quarrel which is also a love affair between poetic language and song The Figure of the Singer offers a profound and stimulating analysis of the idea of poetry as song and of the complex troubled relations between voice and text **Sea Fortune** Burkhardt Wolf, 2020-10-12 Sea fortune has always been an issue of good faith and good navigation While in antiquity fortuna gubernatrix was praised for shielding the seaborne trade in the Renaissance fortuna symbolized the conquest of chance and danger Under such auspices while relying on risk technologies modern seafaring has never lost its adventurous dimension Understanding their origin remains a challenge for the history of science and the history of literature Dwight's Journal of Music , 1859 Echoes Down the Corridor International Association for the Study of Anglo-Irish Literature. Bookforum , 2001 *Earworm and Event* Eldritch Priest, 2022-01-14 In *Earworm and Event* Eldritch Priest questions the nature of the imagination in contemporary culture through the phenomenon of the earworm those reveries that hijack our attention the shivers that run down our spines and the songs that stick in our heads Through a series of meditations on music animal mentality abstraction and metaphor Priest uses the earworm and the states of daydreaming mind wandering

and delusion it can produce to outline how music is something that is felt as thought rather than listened to Priest presents Earworm and Event as a t t e b c h e two books bound together with each end meeting in the middle Where Earworm theorizes the entanglement of thought and feeling Event performs it Throughout Priest conceptualizes the earworm as an event that offers insight into not only the way human brains process musical experiences but how abstractions and the imagination play key roles in the composition and expression of our contemporary social environments and more than human milieus Unconventional and ambitious Earworm and Event offers new ways to interrogate the convergence of thought sound and affect **Books and Bookmen** ,1984 **Georg Picht: A Pioneer in Philosophy, Politics and the Arts** Enno
