Songs For The Unborn Second Baby:

Songs for the Unborn Second Baby Alice Notley, 1979 **Grave of Light** Alice Notley, 2008-08-26 Selected poems from a visionary feminist poet Living in History Luke Roberts, 2024-05-31 Challenging received ideas about the British Poetry Revival Luke Roberts presents a new account of experimental poetry and literary activism Drawing on a wide range of contexts and traditions Living in History begins by examining the legacies of empire and exile in the work of Kamau Brathwaite J H Prynne and poets associated with the Communist Party and the African National Congress It then focuses on the work of Linton Kwesi Johnson Denise Riley Anna Mendelssohn and others in the development of liberation struggles around gender race and sexuality across the 1970s Tracking the ambivalence between poetic ambition and political commitment and how one sometimes interferes with the other Luke Roberts troubles the exclusions of British Poetry as a category and tests the claims made on behalf avant garde and experimental poetics against the historical record Bringing together both major and neglected authorships and offering extended close readings fresh archival research and new contextual evidence Living in History is an ambitious and exciting intervention in the field The Poetics of Scale Conrad Steel, 2024-02-19 Since the start of the twentieth century poets have been irresistibly drawn to the image of the poem as a kind of data handling a way of mediating between the divergent scales of aesthetics and infrastructure language and technology Conrad Steel shows how the history of poetry with its particular formal affordances and the particular hopes and fears we invest it with has always been bound up with our changing logistics of macroscale representation The Poetics of Scale takes us back to the years before the First World War in Paris where the poet Guillaume Apollinaire claimed to have invented a new mode of poetry large enough to take on the challenges of the coming twentieth century This history follows Apollinaire s ideas across the Atlantic and examines how and why his work became such a vital source of inspiration for American poets through the era of intensive American economic expansion and up to the present day Threading together Apollinaire s work in the 1910s with three of his American successors Louis Zukofsky in the 1930s Allen Ginsberg in the 1950s and Alice Notley from the 1970s onward it shows how poetry as a cultural technique became the crucial test case for the scale of our collective imagination **Certain Magical Acts** Alice Notley, 2016-06-07 An important new work of poetry from Alice Notley winner of the 2015 Ruth Lilly Poetry Prize Alice Notley has become one of the most highly regarded figures in American poetry a master of the visionary mode acclaimed for genre bending book length poems of great ambition and adventurousness Her newest work sets out to explore the world and its difficulties from the recent economic crisis and climate change to the sorrow of violence and the disappointment of democracy or any other political system Notley channels these themes in a mix of several longer poems one is a kind of spy novella in which the author is discovered to be a secret agent of the dead another an extended message found in a manuscript in a future defunct world with some unique shorter pieces Varying formally between long expansive lines a mysteriously cohering sequence in meters reminiscent of ancient

Latin a narration with a postmodern broken surface and the occasional sonnet these are grand poems inviting the reader to be grand enough to survive spiritually a planet's ruin **Women in Independent Publishing** Stephanie Anderson, 2024-12-15 Women in Independent Publishing is a collection of interviews with and resources about women actively engaged in small press publishing between the 1950s and the 1980s The interviewees include Hettie Jones Margaret Randall Bernadette Mayer and many others The scope and range of the interviews showcase a variety of types of publishing possible within the small press community These interviews illuminate the unifying and diverging elements between multiple publishing scenes and reveal their particularities and commonalities Women in Independent Publishing is a timely and urgent documentation of literary history and reveals and celebrates the multifaceted roles of women editors and publishers and the communities they built The book includes a critical introduction an afterword by contemporary small press publisher M C Hyland and a robust resources section that provides further paths for reading and literary recovery **In the Pines** Alice Notley, 2007-10-02 A bold and strikingly original new work from one of America's greatest living poets Alice Notley is considered by many to be among the most outstanding of living American poets Notley's work has always been highly narrative and her new book mixes short lyrics with long expansive lines of poetry that often take the form of prose sentences in an effort to change writing completely The title piece a folksong like lament makes a unified tale out of many stories of many people the middle section The Black Trailor is a compilation of noir fictions and reflections while the shorter poems of Hemostatic range from tough lyrics to sung dramas Full of curative power music and the possibility of transformation In the Pines is a genre bending book from one of our most innovative writers **Encyclopedia of the New York School Poets** Terence Diggory, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of poets associated with the New York Schools of the early twentieth century **The Grand Permission** Patricia Dienstfrey, Brenda Hillman, 2003-05-08 How writing and motherhood influence one another **Matrescence** Lucy Jones, 2024-05-07 **ONGLISTED FOR THE WOMEN'S PRIZE FOR NON FICTION** From the acclaimed author of Losing Eden Powerful beautifully written Anthony Doerr an important moving passionate and passionately written inquiry personal and scientific into what happens mentally spiritually physically during the process of becoming a mother from pregnancy and childbirth to early motherhood and what this profound process tells us about the way we live now I read your book or more accurately devoured it Loved it It will be the new classic text in Motherhood Studies Andrea O'Reilly founder Motherhood Studies The best book I've ever read about motherhood Matrescence is essential reading bloody and alive roaring and ready to change conversations Jude Rogers The Observer UK In this important and ground breaking deeply personal investigation Jones writes of the emerging concept of matrescence the wholeness of becoming a mother Drawing on her own experiences of twice becoming a mother as well as exploring the latest research in the fields of neuroscience and evolutionary biology psychoanalysis and existential therapy sociology economics and ecology Jones writes of the physical and emotional changes in the maternal mind body and spirit

and shows us how these changes are far more profound wild and enduring than have been previously explored or written about Part memoir part scientific and health reporting part social critique ecological philosophy eco feminism and nature writing *Matrescence* is a kind of whodunnit ferreting out with the most nuanced searing and honest observations why mothers throughout this heightened transition are at a breaking point and what the institution of intensive isolated motherhood can tell us about our still dominant social and cultural myths Jones seems to come as close as it's possible to describing this indescribable moment in a woman's life Joanna Pocock *The Spectator* UK *Disobedience* Alice

Notley, 2001-10-01 Alice Notley has earned a reputation as one of the most challenging and engaging radical female poets at work today Her last collection *Mysteries of Small Houses* was a finalist for both the Pulitzer Prize in poetry and the Los Angeles Times Book Prize Structured as a long series of interconnected poems in which one of the main elements is an ongoing dialogue with a seedy detective *Disobedience* sets out to explore the visible as well as the unconscious These poems composed during a fifteen month period also deal with being a woman in France with turning fifty and with being a poet and thus seemingly despised or at least ignored

Culture of One Alice Notley, 2011-03-29 A new collection that captures the austere serenity of the Southwest American desert Award winning Paris based poet Alice Notley's adventurous new book is inspired by the life of Marie a woman who resided in the dump outside Notley's hometown in the Southwestern desert of America In this poetical fantasy Marie becomes the ultimate artist poet composing a codex calligraphy writings paintings collage from materials left at the dump She is a culture of one The story is told in long lined clear edged poems deliberately stacked so the reader can keep plunging headlong into the events of the book *Culture of One* offers further proof of how Notley has freed herself from any single notion of what poetry should be so that she can go ahead and write what poetry can be *The Boston Review*

Lyric Trade Julia Bloch, 2024-04-29 Sometimes the word lyric seems to appear everywhere either it's used interchangeably with the word poetry or it attaches to descriptions of literature art film and even ordinary objects in order to capture some quality of aesthetic appeal or value or meaning This book is not yet another attempt to define the lyric but instead to dig into what the word might be standing in for This book shows how lyric's taxonomical slipperiness its ideological baggage its historical misconstruals and debates whether it ought to be considered a genre a mode a style a structure of address a remnant of classicism or romanticism or modernism or something else mobilize its specialness its exemplarity its distinct power and its frequent circulation especially in poetry and poetics This book argues that long poems in particular that take up lyric the genre that they have supposedly rejected do so in order to reimagine the shape of the speaking subject This book asks What does lyric mean and why should it matter to poets and readers Is it a meaningful term a useful term Is it somehow more meaningful or useful than the other kinds of words that animate and describe poetry Is it maybe more important to consider the way the term is used the work it does This book reads lyric as the site at which poets reimagine identity or exchange innovation for limiting tropes of the subject or to do both of these things within a single work

or to do something else entirely with the putative links between expression presence and subjectivity This book does not offer a single fixed definition of lyric because it is interested more in the ways lyric is imagined within the texts themselves This book is also interested in undoing some of the habits of thought that recur throughout the discourse of genre by reimagining formalism

The Descent of Alette Alice Notley,1996-04-01 In *The Descent of Alette* Alice Notley presents a feminist epic a bold journey into the deeper realms Alette the narrator finds herself underground deep beneath the city where spirits and people ride endlessly on subways not allowed to live in the world above Traveling deeper and deeper she is on a journey of continual transformation encountering a series of figures and undergoing fragmentations and metamorphoses as she seeks to confront the Tyrant and heal the world Using a new measure with rhythmic units indicated by quotation marks Notley has created a spoken text a rich and mesmerizing work of imagination mystery and power

MOTHERS Rachel Zucker,2013-12-15 Rachel Zucker writes about an impossible subject with impressive clarity lightness accuracy and beauty This riveting book s hugest accomplishment is to approach the experience of mothering being a mother having a mother without sentimentality and with a fearless investigative candor Zucker s profound insights into relational complexities prove her to be the world s most sharp eyed archivist of messy feelings and spoiled situations Wayne Koestenbaum

Mysteries of Small Houses Alice Notley,1998-06-01 A Pulitzer Prize Finalist Winner of the Los Angeles Time Book Prize Alice Notley vividly reconstructs the mysteries longings and emotions of her past in this brilliant collection of poems that charts her growth from young girl to young woman to accomplished artist In this volume memories of her childhood in the California desert spring to life through evocative renderings of the American landscape circa 1950 Likewise her coming of age as a poet in the turbulent sixties is evoked through the era s angry creative energy As she looks backward with the perspective that time and age allows Notley ably captures the immediacy of youth s passion while offering her own dry eyed interpretations of the events of a life lived close to the bone Like the colorful collages she assembles from paper and other found materials Notley erects structures of image and feeling to house the memories that swirl around her in the present In their feverish intelligent renderings of moments both precise and ephemeral Notley s poems manage to mirror and transcend the times they evoke Her profound tributes to the stages of her life and to the identities she has assumed child youth lover poet wife mother friend and widow are remarkable for their insight and wisdom and for the courage of their unblinking gaze

For the Ride Alice Notley,2020-03-03 A major new book length visionary poem from a writer whose poems are among the major astonishments of contemporary poetry Robert Polito the Poetry Foundation Alice Notley has become one of the most highly regarded figures in American poetry a master of the visionary mode acclaimed for genre bending book length poems of great ambition and adventurousness Her newest book *For the Ride* is another such work The protagonist One is suddenly within the glyph whose walls project scenes One can enter and One does so Other beings begin to materialize and it seems like they and One are all survivors of a global disaster They board a ship to flee to another dimension they decide what they must save

on this Ark are words and they gather together as many as are deemed fit to save They sail and meanwhile begin to change the language they are speaking before disembarking at an abandoned future city *The Performer's Voice, Second Edition* Michael S. Benninger, Thomas Murry, Michael M. Johns, III, 2015-08-17 The Performer's Voice Second Edition presents a comprehensive approach to the prevention diagnosis and treatment of voice disorders as well as up to date voice care and injury prevention information specifically related to actors singers and other voice professionals This second edition is completely updated with six new chapters and contributions from leading voice professionals Written in an accessible straightforward style The Performer's Voice Second Edition appeals to medical professionals vocal coaches and professional performers This text not only serves as an effective resource for practitioners and clinicians who provide state of the art treatment to voice professionals but also provides professional vocalists and coaches with insight into what to look for when seeking treatment The authors have dedicated their careers to voice disorders and prevention of voice injury as well as education and research to advance the science and art of voice care The diversity of authors backgrounds supports the importance of a multidisciplinary approach in the care of voice disorders *Negativity's kiss* Alice Notley, 2013-03-14 Negativity's Kiss is a noir poem with characters and a story violence cops everything one likes about the crime novel minus its robotic skippable detail Plus language that rocks However the poet doesn't know how to be straight enough to just do it tone and genre so this is pretty crooked Satirical and feral written at the time of Hurricane Katrina The world of the poem is an international city that slides everything slides between being like Paris and being like New York But maybe it's more like Gotham City where everyone knows everyone and even a poet can be in the media spotlight if someone tries to kill her
