Conway, K. E. Gover, 2002 [The Hidden Authorship of Søren Kierkegaard](#) Jacob Sawyer, 2015-09-18 In this book Jacob H Sawyer explores the concept of hiddenness as a means to unlock the intriguing and oft misunderstood authorship of Søren Kierkegaard By understanding the melancholy man as first and foremost a Christian thinker this work gives special attention to how the form of Kierkegaard's authorial task complements its content giving particular attention to his use of pseudonyms The first part of the book addresses the explicit content of the authorship the second addresses the implicit form in which it was communicated to Kierkegaard's reader and the third addresses how these can help us understand Kierkegaard's own hidden inwardness Through this investigation Søren Kierkegaard is recognized as an example par excellence of a communicator He is seen to have attempted to only speak what his own life could uphold striving to be one who was in Christ the truth **Søren Kierkegaard's Journals and Papers** Søren Kierkegaard, 1967 Volume VII contains an extensive index with topical crossreferences [Kierkegaard's Journals and Notebooks](#) Søren Kierkegaard, 2007 Produced by Copenhagen's Søren Kierkegaard Research Centre this volume the first of an eleven volume series offers an insight into Kierkegaard's inner life In addition to early drafts of his published works it also contains his thoughts on events and philosophical and theological matters and ideas for future literary projects *Søren Kierkegaard's Journals and Papers* Søren Kierkegaard, 1975-03-01 The incidental writings of Søren Kierkegaard published in

Kierkegaard and Philosophy Alastair Hannay, 2003-12-16 Kierkegaard and Philosophy makes many of the most important papers on Kierkegaard available in one place for the first time These seventeen essays written over a period of over twenty years have all been substantially revised or specially prepared for this collection with a new introduction by the author In the first part Alastair Hannay concentrates on Kierkegaard's central philosophical writings offering closely text based accounts of the silent concepts Kierkegaard uses The second part shows the relevance of other thinkers treatments of shared themes pointing out where they differ from Kierkegaard The concluding chapter provides a reason Kierkegaard himself would give for disagreeing with those who claim his texts are infinitely interpretable Written by the world's foremost Kierkegaard scholar and translator Kierkegaard and Philosophy is an indispensable resource for all students of Kierkegaard's work

Kierkegaard's Journals and Notebooks, Volume 11, Part 1 Søren Kierkegaard, 2019-11-26 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We

can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced Volume 11 Part 1 and Volume 11 Part 2 present an exciting enlightening and enormously varied treasure trove of papers that were found carefully sorted and stored by Kierkegaard himself in his apartment after his death These papers many of which have never before been published in English provide a window into many different aspects of Kierkegaard's life and creativity Volume 11 Part 1 includes items from his earliest formative years through his extensive studies at the university and up to the publication of *Either/Or* These materials include Kierkegaard's studies in biblical exegesis his reading of theologians such as Schleiermacher and Baader his concern with aesthetic matters including a lengthy consideration of the Faust legend his first trial sermon delivered at the Pastoral Seminary his views on the burgeoning field of political journalism in the 1830s and a group of papers he titled *The First Rudiments of Either/Or* *The Green Book* *Some Particulars that were not Used*

Kierkegaard Lee C. Barrett III, 2010-02-01 Abingdon Pillars of Theology is a series for the college and seminary classroom designed to help students grasp the basic and necessary facts influence and significance of major theologians Written by noted scholars these books will outline the context methodology organizing principles primary contributions and key writings of people who have shaped theology as we know it today *Søren Kierkegaard 1813-1855* foresaw the power of mass culture to numb the human spirit has only waxed in strength and virulence The prostitution of religion to legitimate self aggrandizing ideologies has become a veritable global industry The reduction of neighbor love to the most minimal standards of decent behavior has devolved to the point where slightly altruistic celebrities are heralded as Christ-like saints The deep yearnings of the human heart are being suffocated by trivial amusements technological toys and the manipulation of the psyche Now perhaps more than ever Christianity needs an aggravating Socrates to disturb its complicity with a culture of individual self gratification and corporate self deification from the book Lee C. Barrett III is Mary B. and Henry P. Stager Chair in Theology Professor of Systematic Theology at Lancaster Theological Seminary in Lancaster Pennsylvania **A History of Hegelianism in Golden Age Denmark, Tome III** Jon Stewart, 2025-03-28 This is the third volume of a three volume work dedicated to exploring the influence of G. W. F. Hegel's philosophical thinking in Golden Age Denmark The work demonstrates that the largely overlooked tradition of Danish Hegelianism played a profound and indeed constitutive role in many spheres of the Golden Age culture This third tome covers the most exciting and dynamic time in the Danish Hegel reception from 1842 to 1855 This heterogeneous period saw the emergence of several new figures many of whom were associated with the

left Hegelian school This period is best known for the publication of the pseudonymous works of S ren Kierkegaard The present tome places these famous works in the context of other contemporary Danish discussions about Hegel s philosophy It shows that many of Kierkegaard s criticisms had been raised by other Danish thinkers before him and that a large part of his polemical campaign was aimed at the leading figures of the previous periods of the Danish Hegel reception namely Johan Ludvig Heiberg and Hans Martensen

Anthropology and Authority Poul Houe, Gordon Daniel Marino, Sven Hakon Rossel, 2000 This volume on anthropology and authority in the writings of S ren Kierkegaard 1813 1855 offers its reader nineteen timely discussions of two fundamental categories pertaining to the literary philosophical and theological production of this prominent 19th century Danish thinker whose vast influence upon 20th century intellectual life continues to grow as the new millennium approaches The volume s nineteen contributors from Canada Denmark Great Britain Holland Hungary Italy and the United States inquire into such complex problematics in Kierkegaard s oeuvre as the interrelationship between the human the divine and the spiritual between the secular and the Christian between human and Christian love between state and church institutions and the single individual of faith and between this individual s concern for quality in civic and religious life and the quantitative forces of modern society s masses and crowds Special attention is given to the indisputable authority of God Christ and the apostles as opposed to the debatable authority or non authority of the author Of particular interest is the nexus between Kierkegaard s existential and religious concerns on the one hand and his intricate textual conceptions multifarious poetic strategies and various means of pseudonymous and indirect communication on the other Between the covers of Anthropology and Authority some chapters seek to refine received knowledge of Kierkegaard in such disciplines as theology and moral philosophy Conversely other chapters submit rather postmodern critiques of the author s stylistic and rhetorical devices A summary assessment of the nineteen contributions would fail to recognize this considerable methodological and theoretical diversity Instead the reader s access to the smorgasbord of insights has been facilitated by an introduction in which one of the American editors briefly outline the individual contributions on a general historical and intellectual background Altogether the probing insights of Anthropology and Authority go to the core of S ren Kierkegaard s authorship Individual chapters either update previous responses to the many challenges presented by this work or the chapters face new challenges and or present critical challenges on their own
