Seize the Time Bobby Seale,1991 Seale is a longtime activist and co founder of The Black Panther Party This work is his riveting first person account of the evolution of The Party as a national organization [Dangerous Desire](#) Pamela Barnett,2004-11-15 *Dangerous Desire* is an important work that calls attention to how post 1960s literary representations of

rape have shaped the ways in which both sexual and social freedoms are imagined in American culture Exploring key post sixties texts including Cleaver's *Soul on Ice* Brownmiller's *Against Our Will* French's *The Women's Room* Naylor's *The Women of Brewster Place* Walker's *Meridian* and Dickey's *Deliverance* Barnett finds that the widespread literary explorations of rape were almost always conjoined with one or more of the radical social movements of the sixties civil rights black nationalism women's liberation and black feminism Sexual violence emerges in these texts when the transformative possibilities articulated by sixties era liberation movements trigger and intensify imbalances of power and cultural difference for example Eldridge Cleaver's claim that he lashed out against the white power structure by raping white women This book should be of considerable interest to students and scholars of 20th century American literature as well as American Studies and African American Studies scholars interested broadly in issues of sexuality race and violence

Reading Appalachia from Left to Right Carol Mason, 2011-02-23 In *Reading Appalachia from Left to Right* Carol Mason examines the legacies of a pivotal 1974 curriculum dispute in West Virginia that heralded the rightward shift in American culture and politics At a time when black nationalists and white conservatives were both maligned as extremists for opposing education reform the wife of a fundamentalist preacher who objected to new language arts textbooks featuring multiracial literature sparked the yearlong conflict It was the most violent textbook battle in America inspiring mass marches rallies by white supremacists boycotts by parents and strikes by coal miners Schools were closed several times due to arson and dynamite while national and international news teams descended on Charleston A native of Kanawha County Mason infuses local insight into this study of historically left leaning protesters ushering in cultural conservatism Exploring how reports of the conflict as a hillbilly feud affected all involved she draws on substantial archival research and interviews with Klansmen evangelicals miners bombers and businessmen a who like herself were residents of Kanawha County during the dispute Mason investigates vulgar accusations of racism that precluded a richer understanding of how ethnicity race class and gender blended together as white protesters set out to protect our children's souls In the process she demonstrates how the significance of the controversy goes well beyond resistance to social change on the part of Christian fundamentalists or a cultural clash between elite educators and working class citizens The alliances tactics and political discourses that emerged in the Kanawha Valley in 1974 crossed traditional lines inspiring innovations in neo Nazi organizing propelling Christian conservatism into the limelight and providing models for women of the New Right

My Father's Shadow David L. Dudley, 2016-11-11 In *My Father's Shadow* David L. Dudley explores a line of African American men's autobiographies starting with Frederick Douglass and moving on through Booker T. Washington W. E. B. Du Bois Richard Wright James Baldwin Eldridge Cleaver and Malcolm X In life these writers did not enjoy normal relationships with their fathers who were all unknown absent or abusive Damaged and damaging father-son relationships in childhood Dudley contends spill over into adult personal and artistic relationships clouding and complicating the already complex issue of identity that lies at the core

of any autobiographical endeavor Dudley identifies a kind of inter generational Oedipus conflict each rising autobiographer seeks through his text to displace his predecessor in order to gain imaginative space for himself as well as a position of authority in the black and sometimes white community As each writer strives to come to terms with the powerful father figure in the black male autobiographical tradition he also wrestles with the larger issue of his own identity in relation to the literary and cultural traditions in which he lives and writes Dudley also traces the triumph of these writers as they establish their own identity in the face of great personal and societal odds *My Father's Shadow* is an important contribution to the study of African American literature history politics and culture It will also serve as an examination of the experiences of seven writers as they struggle with what it means to be a black man and a black writer in America

The Lever of Riches Joel Mokyr, 1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of technological creativity Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation's creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity The Lever of Riches with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential

Black Frankenstein Elizabeth Young, 2008-08-10 For all the scholarship devoted to Mary Shelley's English novel Frankenstein there has been surprisingly little attention paid to its role in American culture and virtually none to its racial resonances in the United States In Black Frankenstein Elizabeth Young identifies and interprets the figure of a black American Frankenstein monster as it appears with surprising frequency throughout nineteenth and twentieth century U S

culture in fiction film essays oratory painting and other media and in works by both whites and African Americans Black
 Frankenstein stories Young argues effect four kinds of racial critique they humanize the slave they explain if not justify black
 violence they condemn the slaveowner and they expose the instability of white power The black Frankenstein s monster has
 served as a powerful metaphor for reinforcing racial hierarchy and as an even more powerful metaphor for shaping anti
 racist critique Illuminating the power of parody and reappropriation Black Frankenstein tells the story of a metaphor that
 continues to matter to literature culture aesthetics and politics *The Spectacular Few* Mark S. Hamm,2013-03-11 Mark

 desire in the history of popular American film From the first interracial screen kiss of 1903 through the Production Code s
 nearly thirty year ban on depictions of miscegenation to the contemplation of mixed marriage in *Guess Who s Coming to*
Dinner 1967 this book demonstrates a long popular yet underexamined record of cultural fantasy at the movies With
 ambitious new readings of well known films like D W Griffith s 1915 epic *The Birth of a Nation* and of key forgotten films and
 censorship documents Susan Courtney argues that dominant fantasies of miscegenation have had a profound impact on the
 form and content of American cinema What does it mean Courtney asks that the image of the black rapist became a virtual
 cliché while the sexual exploitation of black women by white men under slavery was perpetually repressed What has this
 popular film legacy invited spectators to remember and forget How has it shaped our conceptions of and relationships to race
 and gender Richly illustrated with more than 140 images *Hollywood Fantasies of Miscegenation* carefully attends to

cinematic detail revising theories of identity and spectatorship as it expands critical histories of race sex and film Courtney s new research on the Production Code s miscegenation clause also makes an important contribution inviting us to consider how that clause was routinely interpreted and applied and with what effects
