The Myth of the 200 Barrier Rev. Canon Canon Canon Canon Kevin E. Martin, 2010-09-01 This is the best book I have ever read on congregational development I wish I had written it Lyle E Schaller Parish Consultant The common experience of large congregations getting larger and small congregations getting smaller has given rise to the belief that growing congregations tend to hit a barrier at the 150 200 attendance mark The dividing line in American Church attendance is 150 people on an average Sunday Churches below this seem to have a harder time growing Above this churches seem to have an easier time growing Trying to grow a smaller church can feel like trying to break through what Martin calls the 200 barrier Martin explains that there is no barrier there are just two different ways of being a church the Pastoral Size church and the Program church The Transitional Church is really a hybrid of these two cultures and this dual nature produces stress and tension

where the idea of a 200 barrier often becomes a self fulfilling expectation How does the Pastor Size church culture really work What are the key elements of the larger American Church How does this create a large church culture that becomes self supporting Martin looks at these elements and shows how the Transitional Church can avoid mistakes in their effort to grow beyond the barrier and why transformation and change is so difficult Drawing on sociological and anthropological studies about the significance of numbers in human organizations Martin proposes practical steps that leaders of Transitional Churches will want to take The Conviction of Things Not Seen Todd E. Johnson,2002-10-01 A unique resource for identifying issues involved in Protestant pastoral ministry and adjusting pastoral approach to those issues **God's EPIC Adventure** Winn Griffin,2007-10 Griffin uses Bishop Tom Wright s five act play model as a way of presenting Scripture as a full length story in order to assist the reader in a better reading experience of the text Christian *Becoming a Church of Lifelong Learners* John Roberto,2006 The key in the Generations approach to faith formation is that it builds on the strengths of a parish s current catechetical program while creating a lifelong faith formation plan and intergenerational learning programs that gather all the generations to learn together and nurture faith at home throughout the life cycle The CD ROM includes PowerPoint presentations for each chapter along with articles by religious education theorists who have been instrumental in developing a new paradigm of lifelong faith formation The book is ideal for parish pastoral and catechetical leaders as well as university courses in religious education and pastoral ministry **Signs of the Times** Brian A. Ross,2016-03-18 All ministry leaders concern themselves with the intersection of Jesus centered ministry and contemporary culture They ask themselves questions such as What do we need to change in order to keep up with a wired world What should never change What are the nonnegotiables of faith in Jesus Many have attempted to answer these questions However most of these leaders offer solutions that the everyday ministry leader simply cannot replicate Signs of the Times is a unique offering to those who wrestle with the mash up of ministry and culture All of the contributors have found success within their ministries and yet most do not minister to thousands on a weekly basis Additionally all of them have had the privilege of studying directly with Dr Leonard I Sweet Despite having authored more than fifty books Sweet can still be a bit of an enigma Many of his readers have been deeply influenced by him and yet they may still struggle to understand what his insights might mean for their ministry Each of the contributors to this work thoughtfully engages with a key idea that they personally learned from Sweet and they translate it for ministry in the early twenty first century Branded Faith Rajkumar Dixit,2010-06-07 Christianity may be the greatest story ever told but in Western culture it is losing ground against the powerful forces of secularization In examining the root causes of this cultural shift does the church have anything to learn from secular society and the business sector For decades the church has resisted the idea of using business methodologies in the religious sphere Yet a closer look reveals that most church hierarchies have borrowed much of their organizational structure from the business sector But the church is not alone in its borrowing Today the lines between the church and the

business sector are blurred as both entities influence each other interchangeably In *Branded Faith* Rajkumar Dixit enters an engaging and intellectually stimulating analysis of what the church can learn from the business practices of marketing branding and contextualization Using examples drawn from widely recognized companies such as Nike Starbucks Coca Cola and Subway Dixit systematically builds a case for the power of a story and emphasizes the importance of seeking culturally relevant ways to spread it Those who care deeply about sharing Christianity powerfully and effectively will find in *Branded Faith* a thoughtful presentation of ideas on how to maintain the integrity of the gospel while exploring fresh methods of communicating the good news to a postmodern society

Dangerous Blessing Carmen DiCello, 2005-06-21 Postmodernism has been both heralded and hated accepted and denounced But which is the proper response Is it an impetus to spiritual revival or an invitation to sinister deception Carmen C DiCello points out that Christians must examine everything carefully hold fast to that which is good 1 Thessalonians 5:21 while remaining alert to potential hazards Steering clear of extremes this book offers an approach to postmodernism in which believers can justly resist its darker elements while embracing its more noble ones Postmodernism is best seen as a Dangerous Blessing

Hooked on the Net Andrew Careaga, With 11 million people hooked on the Net the church needs to know how to react to the Internet while balancing its dangers and benefits This book shows us how

Post-Modern Pilgrims Leonard Sweet, 2000-07-15 There is a legend of a Welsh Prince Madoc whose ship became stuck in Chesapeake Bay After trying unsuccessfully to escape he had his men row out with the anchor drop it as far into the sea as they could and then the ship winched its way forward The

image of the church as a boat and tradition as an anchor is prevalent in Christian art If we examine the biblical view of an anchor we find like Prince Madoc we are to cast our anchor into the future and pull the church forward Postmodern pilgrims must strive to keep the past and the future in perpetual conversation so every generation will find a fresh expression of the Gospel that is anchored solidly to the faith that was once for all delivered **Nudge** Leonard Sweet, 2010-08-01 Evangelism is about reaching out to others Really You think Brace yourself In Nudge author Leonard Sweet sets out to revolutionize our understanding of evangelism He defines evangelism as nudge awakening each other to the God who is already there Sweet s revolution promises to affect your encounters with others as well as shaking the very roots of your own faith So brace yourself
