Sound And Fury The Making Of The Punditocracy:

Sound and Fury Eric Alterman, 1999 Our economy our security and most particularly our democracy are imperiled by the decrepit state of our national political discourse We lack the ability as a nation to conduct a simple sensible and civil conversation about the choices we face The punditocracy is a tiny group of highly visible political pontificators who make their living offering inside political opinions and forecasts in the elite national media And it is their debate rather than any semblance of a democratic one that determines the parameters of political discourse in the nation today Introduction The Georgetown Set Gregg Herken, 2015-11-24 In the years after World War II Georgetown's leafy streets were home to an unlikely group of Cold Warriors who helped shape American strategy This coterie of affluent well educated and connected civilians guided the country for better and worse from the Marshall Plan through McCarthyism Watergate and Vietnam The Georgetown set included Phil and Kay Graham husband and wife publishers of The Washington Post Joe and Stewart Alsop odd couple brothers who were among the country's premier political pundits Frank Wisner a driven manic depressive lawyer in charge of CIA covert operations and a host of other diplomats spies and scholars Gregg Herken gives us intimate portraits of these dedicated and talented if deeply flawed individuals who navigated the Cold War years often over cocktails and dinner with very real consequences reaching into the present day Throughout he illuminates the drama and fascination of that noble congenial curious old world in Joe Alsop's words bringing this remarkable roster of men and women not only out into the open but vividly to life *Grand Theft 2000* Douglas Kellner, 2001 The battle for the White House following the election of November 7 2000 was one of the major media spectacles in American history From the uncertainty of election night to Al Gore's concession to George W Bush's acceptance of the mantle of president elect Douglas Kellner demonstrates why the media was culpable in the theft of the presidency ultimately bringing to power one of the most right wing administrations in American history By applying critical social theory cultural studies and media criticism to buttress his arguments Kellner concludes that Election 2000 reveals a crisis in contemporary American democracy A final chapter critically dissects the first 100 days of the Bush presidency which is emerging as one of the most reactionary in history

When Presidents Lie Eric Alterman, 2005-10 Assesses the impact of governmental and presidential lies on American

culture revealing how such lies become ever more complex and how such deception creates problems far more serious than those lied about in the beginning **Reaganland** Rick Perlstein, 2021-08-17 From the bestselling author of *Nixonland* and *The Invisible Bridge* comes the dramatic conclusion of how conservatism took control of American political power *It Ain't No Sin to Be Glad You're Alive* Eric Alterman, 2010-01-30 Political journalist Eric Alterman examines the unique phenomenon that is The Boss and how he has come to reflect and interpret a turbulent quarter century of American history *Lying Beyond Scruples* Lia Lola V. Kotnik, 2025-02-04 Lies and manipulations have long been part of social life but the rise of Trump and Trumpism has made these practices excessively blatant and obscene challenging our ability to respond effectively This book explores this shift through sociological anthropological philosophical and communicological perspectives analysing the emergence of a new form of lying and manipulation anti non post truthful anti non post ethical and anti non post reflexive Using the Slovenian case of Trump inspired practices Kotnik presents an analytical model of resistance as a means of self empowerment against these disruptive and harmful tactics She examines how open liars and transparent manipulators have become socially tolerable in our increasingly mentirocratic societies and argues that it is crucial to resist these practices both in principle and in action Kotnik's work offers a stimulating investigation into why the open lie and transparent manipulation have become socially acceptable and why they must be actively opposed **Entertaining Politics** Jeffrey P. Jones, 2010-12-28 In this completely revised and updated edition including eight new chapters Jeffrey Jones charts the evolution and maturation of political entertainment television by examining *The Daily Show* with Jon Stewart *The Colbert Report* *Politically Incorrect* *Real Time* with Bill Maher and Michael Moore's *TV Nation* and *The Awful Truth* This volume investigates how and why these shows have been central locations for the critique of political and economic power and an important resource for citizens during numerous political crises In an age of Truthiness fake news and humorous political talk have proven themselves viable forms of alternative reporting and critical means for ascertaining truth and in the process questioning the legitimacy of news media's role as the primary mediator of political life The book also addresses the persistent claims that these programs have cynical effects and create misinformed young citizens demonstrating instead how such programming provides for an informed active and meaningful citizenship The new edition takes account of the many changes that have occurred in television and political culture since *Entertaining Politics* initial release **Trust Me, I'm Lying** Ryan Holiday, 2013-07-02 The cult classic that predicted the rise of fake news revised and updated for the post Trump post Gawker age Hailed as astonishing and disturbing by the *Financial Times* and essential reading by *TechCrunch* at its original publication former American Apparel marketing director Ryan Holiday's first book sounded a prescient alarm about the dangers of fake news It's all the more relevant today *Trust Me I'm Lying* was the first book to blow the lid off the speed and force at which rumors travel online and get traded up the media ecosystem until they become real headlines and generate real responses in the real world The culprit Marketers and professional media manipulators encouraged by the

toxic economics of the news business Whenever you see a malicious online rumor costs a company millions politically motivated fake news driving elections a product or celebrity zooming from total obscurity to viral sensation or anonymously sourced articles becoming national conversation someone is behind it Often someone like Ryan Holiday As he explains I wrote this book to explain how media manipulators work how to spot their fingerprints how to fight them and how if you must to emulate their tactics Why am I giving away these secrets Because I m tired of a world where trolls hijack debates marketers help write the news opinion masquerades as fact algorithms drive everything to extremes and no one is accountable for any of it I m pulling back the curtain because it s time the public understands how things really work What you choose to do with this information is up to you
