The Art of the Nehiyawak Ken Hodgins.1988 The Art of the Nehiyawak. Teacher's Guide Ken James Hodgins, 1988 The Presented Past B. L. Molyneaux, P. G. Stone, 2003-09-02 The Presented Past is concerned with the differences between the comparatively static well understood way in which the past is presented in schools museums and at historic sites compared to the approaches currently being explored in contemporary archaeology It challenges the all too frequent representation of the past as something finished understood and objective rather than something that is constructed and therefore open to co existing interpretations and constant re interpretation Central to the book is the belief that the presentation of the past in school curricula and in museum and site interpretations will benefit from a greater use of non documentary sources derived from archaeological study and oral histories The book suggests that a view of the past incorporating a larger body of evidence and a wider variety of understanding will help to invigorate the way history is taught The Presented Past will be of interest to teachers archaeologists cultural resource managers in fact anyone who is concerned Mittens With Quills Gr.
