The Atrocity Poems:

The Atrocity of Water Kirsten Hemmy, 2016 Kirsten Hemmy's remarkable book of poems *The Atrocity of Water* reaches us in the deep places of the heart where only a poem can go where the reader will want to know what survives us These are wise poems that penetrate the mind with their brutal honesty Again and again we are broken and mended and again broken because ours is a world built on enslaved sweat a world where all the tragedies of the world are a silence This book is the voice of thousands who cannot tell their own stories Kirsten is a brave poet seeking to restore to us that world that was lost a world she has seen not only in her dreams These powerful poems are urgently relevant Patricia Jabbah Wesley author of *Where the Road Turns* [Color Photos of the Atrocities](#) Kenneth Pitchford, 1973-01-01 *The Atrocity of Water* Kirsten Hemmy, 2010-10 Kirsten Hemmy's remarkable book of poems *The Atrocity of Water* reaches us in the deep places of the heart where only a poem can go where the reader will want to know what survives us These are wise poems that penetrate the mind with their brutal honesty Again and again we are broken and mended and again broken because ours is a world built on enslaved sweat a world where all the tragedies of the world are a silence This book is the voice of thousands who cannot tell their own stories Kirsten is a brave poet seeking to restore to us that world that was lost a world she has seen not only in her dreams These powerful poems are urgently relevant Patricia Jabbah Wesley author of *Where the Road Turn*

Poems of the American Empire Jen Hedler Phillis, 2019-11-01 *Poems of the American Empire* argues that careful attention to a particular strain of twentieth century lyric poetry yields a counter history of American global power The period that Phillis covers from Ezra Pound's *A Draft of XXX Cantos* in 1930 to Cathy Park Hong's *Engine Empire* in 2012 roughly matches what some consider the ascent and decline of the American empire The diverse poems that appear in this book are united by their use of epic forms in the lyric poem a combination that violates a fundamental framework of both genres relationship to time This book makes a groundbreaking intervention by insisting that lyric time is key to understanding the genre These poems demonstrate the lyric form's ability to represent the totality of history making American imperial power visible in its fullness Neither strictly an empty celebration of American exceptionalism nor a catalog of atrocities *Poems of the American Empire* allows us to see both **The Annotated Shelley: Selected Poems (Student Edition)** Percy Bysshe Shelley, 2024-01-01 A new type of Shelley edition for students as well as reliable versions of the key texts there are summaries notes glossing difficult words or phrases and technical notes Each poem also comes with concise biographical information and intertexts extracts from related works as well as letters influences critical material and other texts to deepen understanding stimulate discussion and promote wider reading **Against Atrocity** Margaret Randall, 2019-09-01 *Against Atrocity* is Margaret Randall's first large book of poems since *Time's Language* Selected Poems 1959 2018 a major collection covering work from 30 of her books over a period of 60 years This new book shows that this poet continues to be a relevant and inspiring voice in American letters It is also a stellar example of contemporary intelligent protest poetry by a significant

writer Long known and honored for her work throughout the Americas she is also long admired in the LGBTQ community Among numerous awards Randall was awarded the Lillian Hellman and Dashiell Hammett grant for writers victimized by political repression In 2004 she was the first recipient of PEN New Mexico's Dorothy Doyle Lifetime Achievement Award for Writing and Human Rights Activism In 2017 she was only the second American to be awarded the prestigious Medal of Literary Merit by Literatura en el Bravo Chihuahua Mexico Nicaraguan poet Daisy Zamora writes These poems restore language to its authentic meaning remind us of the power of words when expressing the truth and the redeeming potential of poetry in these terrible times These are indeed terrible times ones in which we increasingly find ourselves looking to art and creativity to lift us from the unchecked violence everyday frustration of deaf governance and an out of control profit motive that too often seems to bury us in a dangerous sense of futility Randall writes as insightfully about the plight of a single woman or child as she does about global warming or the mysteries of aging In these poems we find more questions than answers but they are the questions we must continue to ask ourselves in order for our humanity to survive Against Atrocity will also see publication this year in completely bilingual format by Aguacero in Buenos Aires Argentina And some of the poems are included in El lenguaje del tiempo a book length sampling of the poet's work coming out from El Angel Editor in Quito Ecuador to coincide with that country's Poes a en paralelo cero Poetry on the Equator an important Latin American poetry festival Randall's work is being published in Cuba throughout South America in Europe and Asia She is someone who combines the intimate with the international our small stories with the larger one that shapes us all Here are poems that pierce complacency's thick skin and provide a road map to agency and hope

The New Normal Swatie, 2021-04-30 The New Normal explores the relation between the subject and the state after the events of 9/11 that left the world stunned It looks at this relation through the lens of trauma for the mind biopolitics for the body and visibility for the body politic This interpretive frame helps examine how the 9/11 violence created a moment where the mind body and body politic could be redefined after 9/11 In an important theoretical intervention into 21st century American Studies it asks what the relation between the state and those it expels from its citizenry is It makes a special mention of sites of incarceration such as Guantanamo Bay and Abu Ghraib as 9/11 phenomena While referring to sources as diverse as 9/11 poetry political and presidential speeches journalistic accounts atrocity photographs and theories of trauma biopolitics and visibility the book argues for the presence of a new normal
