**The Authorship of the Kingis Quair** John Thomas Toshach Brown,1896      **The Authorship of the Kingis Quair; a New Criticism** John Thomas Toshach Brown,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1896 edition Excerpt in the construction of the poems It will be remembered that I have directed attention to the use of the very uncommon word *balas* in both 11 quite expect that at first some readers will incline to regard certain things in both poems as mediaeval commonplaces but a critical examination will alter that view The sequence of many of the imitations once caught is perfectly convincing I am hopeful that note D p 84 will be found helpful poems That single instance I submit would be of some value in deciding a question like the one we are at present discussing But there are two others yet to be cited The first relates to the word *smaragde* signifying an emerald In the Court of Love we find it used by the author in describing the lustre of Rosial s eyes He says 113 And eke her eyen ben bright and orient As is the smaragde One is not surprised to find the editor of Bell s edition of Chaucer adding a note that light green eyes would not be beautiful 1 It is I fancy quite unnecessary to argue that point Rosial it will be remembered is described as golden haired The poet was surely ignorant of the *smaragde* being a green stone Come now to the Kingis Quair What do we find in it The author has used the same word in stanza 155 The lyoun king and his fere lyonesse The pantere like unto the smaragdyne 2 In an interesting note by Professor Skeat we read Tytler wonders how the panther could be like an emerald The fact is the poet follows the usual description in the old so called Bestiaries or descriptions of beasts Compare for example the Bestiary printed by Dr Morris for the Early English Text Society the Bestiary of Philip de      **The Authorship of the Kingis Quair** John Thomas Toshach Brown,1976

**The Authorship of the Kingis Quair** J. T. T. Brown, 2017-08-29 The Authorship of the Kingis Quair J. T. T. Brown, 2017-08-29 *Transactions of the Glasgow Archaeological Society*, 1899 English Literature, an Illustrated Record: From the beginnings to the age of Henry VIII Richard Garnett, 1903 English Literature: From the beginning of the age of Henry VIII, by Richard Garnett Richard Garnett, Edmund Gosse, 1903 Remembering Boethius Elizabeth Elliott, 2016-03-23 Remembering Boethius explores the rich intersection between the reception of Boethius and the literary construction of aristocratic identity focusing on a body of late medieval vernacular literature that draws on the Consolation of Philosophy to represent and reimagine contemporary experiences of exile and imprisonment Elizabeth Elliott presents new interpretations of English French and Scottish texts including Machaut's Confort d'ami Remede de Fortune and Fonteinne amoureuse Jean Froissart's Prison amoureuse Thomas Usk's Testament of Love and The Kingis Quair reading these texts as sources contributing to the development of the reader's moral character These writers evoke Boethius in order to articulate and shape personal identities for public consumption and Elliott's careful examination demonstrates that these texts often write not one life but two depicting the relationship between poet and aristocratic patron These works associate the reception of wisdom with the cultivation of memory and in turn illuminate the contemporary reception of the Consolation as a text that itself focuses on memory and describes a visionary process of education that takes place within Boethius's own mind In asking how and why writers remember Boethius in the Middle Ages this book sheds new light on how medieval people imagined and reimagined themselves

**Medieval and Early Modern Representations of Authority in Scotland and the British Isles** Kate Buchanan, Lucinda H.S. Dean, 2016-05-20 What use is it to be given authority over men and lands if others do not know about it Furthermore what use is that authority if those who know about it do not respect it or recognise its jurisdiction And what strategies and language written and spoken visual and auditory material cultural and political did those in authority throughout the medieval and early modern era use to project and make known their power These questions have been crucial since regulations for governance entered society and are found at the core of this volume In order to address these issues from an historical perspective this collection of essays considers representations of authority made by a cross section of society within the British Isles Arranged in thematic sections the 14 essays in the collection bridge the divide between medieval and early modern to build up understanding of the developments

and continuities that can be followed across the centuries in question Whether crown or noble government or church burgh or merchant all desired power and influence but their means of representing authority were very different These essays encompass a myriad of methods demonstrating power and disseminating the image of authority including material culture art literature architecture and landscapes saintly cults speeches and propaganda martial posturing and strategic alliances music liturgy and ceremonial display Thus this interdisciplinary collection illuminates the variable forms in which authority was presented by key individuals and institutions in Scotland and the British Isles By placing these within the context of the European powers with whom they interacted this volume also underlines the unique relationships developed between the people and those who exercised authority over them *A Bibliography of Middle Scots Poets* William Geddie,1912 *Scot.
