Catalogue of an Exhibition of Objects of Indigenous American Art Burlington Fine Arts Club, 1920 **The Martian Codex** George J. Haas, William R. Saunders, 2009-09-22 In this provocative book The Cydonia Codex authors George J Haas and William R Saunders use archaeological research discoveries and photographs from NASA and other space programs to document the uncanny similarities between Martian and now extinct Earth cultures The Martian Codex begins with a review of the thirty year history of documenting the famous Face on Mars landform from NASA's first photographs in 1976 to the Mars Reconnaissance Orbiter's HiRISE shots in 2007 Detailed analysis shows it as a split faced structure that precisely resembles a set of masks from a temple in Cerros Mexico Part two provides additional examples of two faced and

composite structures all over the red planet Haas and Saunders explore a series of recurring motifs by providing side by side views of the Martian geoglyphs with their terrestrial pre Columbian counterparts The results substantiate a commonality between two worlds in that both depict specific gods and characters from the creation mythology of the Mayan people as recorded in the sacred Popol Vuh This fact based book represents the most persuasive argument yet that extraterrestrials may indeed have appeared on Earth during an earlier era **On the Lips of Others** Patrick Thomas Hajovsky,2015-06-01

Moteuczoma the last king who ruled the Aztec Empire was rarely seen or heard by his subjects yet his presence was felt throughout the capital city of Tenochtitlan where his deeds were recorded in hieroglyphic inscriptions on monuments and his command was expressed in highly refined ritual performances What did Moteuczoma's fame mean in the Aztec world How was it created and maintained In this innovative study Patrick Hajovsky investigates the king's inscribed and spoken name showing how it distinguished his aura from those of his constituencies especially other Aztec nobles warriors and merchants who also vied for their own grandeur and fame While Tenochtitlan reached its greatest size and complexity under Moteuczoma the Great Speaker innovated upon fame by tying his very name to the Aztec royal office As Moteuczoma's fame transcends Aztec visual and oral culture Hajovsky brings together a vast body of evidence including Nahuatl language and poetry indigenous pictorial manuscripts and written narratives and archaeological and sculptural artifacts The kaleidoscopic assortment of sources casts Moteuczoma as a divine king who while inheriting the fame of past rulers saw his own reputation become entwined with imperial politics ideological narratives and eternal gods Hajovsky also reflects on posthumous narratives about Moteuczoma which created a very different sense of his fame as a conquered subject These contrasting aspects of fame offer important new insights into the politics of personhood and portraiture across Aztec and colonial period sources **Astronomers, Scribes, and Priests** Gabrielle Vail,Christine L. Hernández,2010 Astronomers Scribes and Priests examines evidence for cultural interchange among the intellectual powerbrokers in Postclassic Mesoamerica specifically those centered in the northern Maya lowlands and the central Mexican highlands Contributors to the volume's thirteen chapters bring an interdisciplinary perspective to understanding the interactions that led to shared content in hieroglyphic codices and mural art The authors address similarities in artifacts architectural styles and building alignments often produced in regions separated by hundreds of miles based on their analyses of iconographic archaeological linguistic and epigraphic material The volume includes a wealth of new data and interpretive frameworks in this comprehensive discussion of a critical time period in the Mesoamerican past **Tezcatlipoca** Elizabeth Baquedano,2014-02-12

Tezcatlipoca Trickster and Supreme Deity brings archaeological evidence into the body of scholarship on the lord of the smoking mirror one of the most important Aztec deities While iconographic and textual resources from sixteenth century chroniclers and codices have contributed greatly to the understanding of Aztec religious beliefs and practices contributors to this volume demonstrate the diverse ways material evidence expands on these traditional sources The interlocking

complexities of Tezcatlipoca's nature multiple roles and metaphorical attributes illustrate the extent to which his influence penetrated Aztec belief and social action across all levels of late Postclassic central Mexican culture Tezcatlipoca examines the results of archaeological investigations objects like obsidian mirrors gold bells public stone monuments and even a mosaic skull and reveals new insights into the supreme deity of the Aztec pantheon and his role in Aztec culture
