The Aztec Empire Nigel Davies,1987 Describes the achievements of the Aztecs explains their concept of history and discusses their connection with the Toltecs **The Millennial New World** Frank Graziano,1999 This is a study of millennialism the idea that something climactic will happen in the year 2000 in Latin America from the pre Columbian period up to the present **Aztecs** Inga Clendinnen,2014-05-15 In 1521 the city of Tenochtitlan magnificent centre of the Aztec empire fell to the Spaniards and their Indian allies Inga Clendinnen s account of the Aztecs recreates the culture of that city in its last unthreatened years It provides a vividly dramatic analysis of Aztec ceremony as performance art binding the key experiences and concerns of social existence in the late imperial city to the mannered violence of their ritual killings The Ephemeral Civilization Graeme Snooks,2002-09-11 The Ephemeral Civilization is an astonishing intellectual feat in which Graeme Snooks develops an original and ground breaking analysis of changing sociopolitical forms over the past 3 000 years Snooks challenges the prevailing theories of social evolutionism with an innovative approach which also looks ahead to the twenty first century The Ephemeral Civilization builds on the model of dynamic strategy outlined in the author s highly acclaimed companion volume The Dynamic Society The Ephemeral Society is divided into three parts theory history and future **By the Sword and the Cross** Charles A. Truxillo,2001-08-30 A concise overview of Spanish America during the colonial era 1492 1825 this study attempts a synthesis of Iberian and Latin American historical narratives within the context of world history Spanish civilization was transferred to the Americas as Spain imposed its medieval Catholic culture upon the Americas successfully replacing the elite cultures of the Aztecs Mayans and Incas Iberian culture became indigenous by way of cross culturalization and Creole elites found independence inevitable once their way of life became defined by American circumstances Truxillo places emphasis on the big picture through examination of broad developments such as the rise and fall of Pre Columbian civilizations Baroque culture in Latin America and the role of the Enlightenment in Spanish American independence He details the career of Tlacauelel the conquest of Mexico European rivalry in the New World and the crisis of government in the post independence period both in Spain and the New World The study also discusses developments in the fields of cultural studies and World Systems in the context of the acculturation of indigenous peoples to Iberian norms and the evolution of the Seville based system of trade Further it examines the process by which the Bourbon reforms alienated Spanish American elites and prepared the way for independence *Aspects of Empire in Achaemenid Sardis* Elspeth R. M. Dusingberre,2003-04-10 Elspeth R M Dusingberre proposes a fresh approach to understanding the Achaemenid Empire based on her study of the regional capital Sardis This study uses archaeological artistic and textual sources to demonstrate that the two hundred year Persian presence in this city had a profound impact on local social structures revealing the region s successful absorption both ideological and physical into the Persian Empire During this period Sardis was a centre of burgeoning creativity and vitality where a polyethnic elite devised a fresh culture inspired by Iranian Greek and local Lydian

traditions that drew on and legitimated imperial ideology The non elite absorbed and adapted multiple aspects of this culture to create a wholly different profile of what it meant to be Sardinian As well as successfully bringing together information on the Achaemenids this book is also an excellent contribution to empire studies **The Allure of Nezahualcoyotl** Jongsoo

The Two Taríacuris and the Early Colonial and Prehispanic Past of Michoacán David L. Haskell, 2018-10-15 The Two Tar acuris and the Early Colonial and Prehispanic Past of Michoac n investigates how the elites of the Tarascan kingdom of Central Mexico sought to influence interactions with Spanish colonialism by reworking the past to suit their present circumstances Author David L Haskell examines the rhetorical power of the Relaci n de Michoac n a chronicle written from 1539 to 1541 by Franciscan friar Jer nimo de Alcal based on substantial indigenous testimony and widely considered to be an extremely important document to the study of early colonial relations and the prehispanic past Haskell focuses on one such testimonial the narrative of the kingdom s Chief Priest relaying the history of the royal family This analysis reveals that both the structure of that narrative and its content convey meaning about the nature of rulership and how conceptualizations of rulership shaped indigenous responses to colonialism in the region Informed by theoretical approaches to narrative historicity structure and agency developed by cultural and historical anthropologists Haskell demonstrates that the author of the Relaci n de Michoac n shaped and was shaped by a culturally distinct conceptualization and experience of the time in which the past and the present are mutually informing The book asks How reliable are past accounts of events when these accounts are removed from the events they describe How do the personal agendas of past chroniclers and their informants shape our present understanding of their cultural history How do we interpret chronicles such as the Relaci n de Michoac n on multiple levels It also demonstrates that answers to these questions are possible when attention is paid to the context of narrative production and the narratives themselves are read closely The Two Tar acuris and the Early Colonial and Prehispanic Past of Michoac n makes a significant contribution to the scholarship on indigenous experience and its cultural manifestations in Early Colonial period Central Mexico and the anthropological literature on historicity and narrative It will be of interest to Mesoamerican specialists of all disciplines

Social Memory in Ancient and Colonial Mesoamerica Amos Megged, 2010-02-26 Before the Spanish Conquest and well into the eighteenth century Mesoamerican peoples believed that time and space were contained in earthly and heavenly receptacles that were visualized metaphorically. This circumscribed space contained the abodes of the dead. There deities and ancestral spirits could be revived and the living could communicate with them. In *Social Memory in Ancient and Colonial Mesoamerica* Amos Megged uncovers the missing links in Mesoamerican peoples' quest for their collective past. Analyzing ancient repositories of knowledge as well as social and religious practices, he uncovers the unique procedures and formulas by which social memory was communicated and how it operated in Mesoamerica prior to the Spanish conquest. He also explores how cherished and revived practices evolved, how they were adapted to changing circumstances, and how they helped various ethnic groups cope with the tribulations of colonization and Christianization. Megged's volume also suggests how social and cultural historians, ethnohistorians, and anthropologists can rethink indigenous representations of the past while taking into account the deep transformations in Mexican society during the colonial era.

Joel Barlow's Columbiad Steven Blakemore, 2007 Steven Blakemore offers a close reading of *The Columbiad* within the context of contemporary national debates over the significance of America. In doing so, he helps the reader understand the variety of national discourses that Barlow was promoting, challenging, or subverting. Long neglected, *The Columbiad* fundamentally engages the core issues and strategies of national self-definition and the creation of a vital republican culture. This book will appeal to all those interested in early American literature, the literature of the early Republic, and American literary nationalism.

Seven Fateful Moments When Great Men Met to Change the World Charles L. Mee Jr., 2015-09-16 Throughout time, leaders at the pinnacle of power—popes and kings, presidents and prime ministers, czars and generals—have subscribed to the belief that they can change the course of history not by the force of arms but through charm, skillful negotiation, honesty, deceit, and all the other arts of peaceful human exchange. Award-winning author Charles L. Mee Jr. reproduces seven singular moments when heads of state have come together to decide the future of the world. He examines the uses of summitry from the directness of Pope Leo's confrontation with Attila the Hun near Rome to Henry VIII and Francis I's meeting on the Field of the Cloth of Gold, from the surprise encounter between Cortés and Moctezuma to the intricacies negotiated by Metternich and Talleyrand at the Congress of Vienna, from the ironies of Wilson, Clemenceau, and Lloyd George's summit at the Paris Peace Conference to the unintended consequences of Churchill, Stalin, and Roosevelt's gathering at Yalta, and finally to Gorbachev's desperate appeal to the G7 nations in London to be included in their powerful club. Mee peeks through the curtains of diplomacy to reveal the hidden agendas and the glorious personalities at work. Taken together, these seven fateful moments are bracing and humbling.
