

The Barrens

Julia Schneider

The Barrens:

The Barrens Kurt Johnson, Ellie Johnson, 2022-05-03 Winner of the Minnesota Book Award and a 2022 Great Group Reads Selection The Barrens grabbed me from the opening pages and never let go Michael Punke author of The Revenant Two young women attending college decide to have a summer adventure canoeing the rapids strewn Thelon River that runs 450 miles through the uninhabited Barren Lands of subarctic Canada Holly made the trip once before with a group of skilled paddlers she trained with at camp and she wants to share that experience with her friend and lover Lee believing it will draw them closer But a week in Holly the risk taker falls while taking a selfie near the edge of a cliff She is left injured and comatose and soon dies Their locator beacon for summoning rescue was smashed in Holly's fall It remains to Lee the inexperienced paddler to continue the grueling and dangerous trip alone to save herself and return her lover's body to civilization and Holly's family In their relationship Holly and Lee had always told each other stories Lee had called Holly a storyteller Storytelling helps Lee endure the rigors of her journey and engage her grief as she explores her relationship with Holly while chronicling her own coming of age off the grid in Nebraska with her estranged eco anarchist father who is now serving time in prison

Death on the Barrens George James Grinnell, 2010-04-20 Set in the remote arctic region of Northern Canada this book takes readers on a harrowing canoe voyage that results in tragedy redemption and ultimately transformation George Grinnell was one of six young men who set off on the 1955 expedition led by experienced wilderness canoeist Art Moffatt Poorly planned and executed the journey seemed doomed from the start Ignoring the approaching winter the men became entranced with the peace and beauty of the arctic in autumn As winter closed in they suddenly faced numbing cold and dwindling food When the crew is swept over a waterfall Moffatt is killed and most of the gear and emergency food supplies destroyed Confronting freezing conditions and near starvation the remaining crew struggled to make it back to civilization For Grinnell the three month expedition was both a rite of passage and a spiritual odyssey In the Barrens he lost his sense of identity and what he had been conditioned to think about society and himself Forever changed by the experience he unsparingly describes how the expedition influenced his adult life and what powerful insights he was able to glean from this life altering experience

Lost in the Barrens Farley Mowat, 2009-01-13 Awasin a Cree Indian boy and Jamie a Canadian orphan living with his uncle the trapper Angus Macnair are enchanted by the magic of the great Arctic wastes They set out on an adventure that proves longer and more dangerous than they could have imagined Drawing on his knowledge of the ways of the wilderness and the implacable northern elements Farley Mowat has created a memorable tale of daring and adventure When first published in 1956 Lost in the Barrens won the Governor General's Award for Juvenile Literature the Book of the Year Medal of the Canadian Association of Children's Librarians and the Boys Club of America Junior Book Award

The Barren Ground Caribou of Keewatin Francis Harper, 2023-10-04 In The Barren Ground Caribou of Keewatin Francis Harper presents an exhaustive study of the migratory patterns ecological significance and conservation

challenges surrounding the Barren Ground Caribou herd in Canada's Keewatin region Harper's meticulous observations and detailed field notes reflect a blend of empirical research and lyrical prose revealing not only the nuances of caribou behavior but also the cultural implications of their decline for Indigenous peoples. Situated within the broader context of early 20th century wildlife conservation, this work stands out as a pioneering effort in zoological literature bridging the gap between natural history and environmental stewardship. Harper, who spent years in the Canadian North, was profoundly influenced by the dynamics of the land and its inhabitants. His background in natural history and his commitment to preserving these ecosystems guided his research trajectory, making his insights not just scientifically relevant but also ethically charged. The convergence of his personal experiences, academic rigor, and advocacy for wildlife preservation shapes the narrative, compelling readers to consider the interconnectedness of species and their habitats. This seminal book is highly recommended for scholars, conservationists, and anyone fascinated by wildlife ecology. Harper's insights offer a foundational understanding of caribou populations that is as relevant today as it was during his fieldwork. Through an engaging intersection of narrative and data, the text serves as both a poignant reflection on loss and a clarion call for preservation efforts.

The Peggy's Cove Barrens: Rock, Life, Sea and Sky Kent Martin, 2021-09-07 Perched on the edge of the North Atlantic Ocean where the sea is ever present, the Peggy's Cove Preservation Area includes a thousand acres of rugged shoreline, salt marshes, small lakes, and granite boulders. In its centre is the iconic fishing village of Peggy's Cove and its famous lighthouse. The weather can be changeable and the winds fierce, but the landscape has raw beauty in every season. In this collection of 100 evocative photographs, Kent Martin reflects the seasons and the range of natural history on display. His pictures include the expansive rocky landscape and ever-changing skies, but also the smaller world of mosses, flowers, birds, and mammals. Together, they reveal a richness of natural diversity. Nova Scotia is blessed with extensive areas of barrens, and these photographs underscore the importance of preserving this unique ecosystem. *The Vegetation of the New Jersey*

Pine-barrens John William Harshberger, 1916 **Lackawanna County Proposed New Business Park, Development and Operation, Lackawanna County**, 1999 **On Snow-shoes to the Barren Grounds** Caspar Whitney, 1896 Hunters in the Barrens Georg Henriksen, 2010-12-01 This comprehensive study of the Naskapi Indians of Labrador is based on an anthropologist's life with them between 1966 and 1968, when families still followed the traditional pattern of hunting on the barrens during the winter and returning to their coastal settlements in the summer. Now the Naskapi live in coastal settlements, no longer in possession of their own culture; they have become sedentaries under white tutelage. This description of two antithetical worlds provides valuable insights for anyone interested in contemporary native rights issues.

Savannas, Barrens, and Rock Outcrop Plant Communities of North America Roger C. Anderson, James S. Fralish, Jerry M. Baskin, 1999-07-28 A coherent, readable summary of the technical information available on savannas, barrens, and rock outcrop plant communities. **Wisconsin's Biodiversity as a Management Issue**, 1995 *Dictionary of*

Newfoundland English George Morley Story, W. J. Kirwin, John David Allison Widdowson, 1990-01-01 First published in 1982 to international acclaim the Dictionary of Newfoundland English introduced the world to an incredibly rich dialect with deep roots in Ireland and the English West Country

Sea Urchins John M. Lawrence, 2020-01-09 Sea Urchins Biology and Ecology Fourth Edition Volume 43 expands its coverage to include the entire class of Echinoidea making this new edition an authoritative reference of the entire class of species This is a valuable resource that will help readers gain a deep understanding of the basic characteristics of sea urchins the basis of the great variation that exists in sea urchins and how sea urchins are important components of marine ecosystems Updated coverage includes sections on reproduction metabolism endocrinology larval ecology growth digestion carotenoids and disease

Whispers in the Pines Joanna Burger, 2006 In this book naturalist Joanna Burger takes us on a series of delightful trips through the Pine Barrens From the Albany Pine Bush the Long Island Barrens and the New Jersey Pine Barrens in the Northeast to the pinelands of South Carolina and Florida Burger describes in lively detail how these habitats have come to harbor such a unique assemblage of species She introduces us to amphibians and reptiles neotropical migrants and other birds and a range of common and unusual mammals Burger also traces the regions historic and geologic backgrounds and the impact of human occupation from the time of the paleo Indians to the present She revisits the tension between development and preservation reminding us that a healthy pine barren region requires uninterrupted land and rejuvenating fires both of which are increasingly jeopardized Whispers in the Pines is essential reading for everyone concerned with the history and preservation of these unique landscapes and their wildlife

Shawnee National Forest (N.F.), Land and Resource(s) Management Plan (LRMP), 1986

Barren Grounds Skip Pessl, 2014-07-01 In 1955 Arthur Moffatt led an expedition consisting of young college students and recent graduates to the Inuit lands of Nunavut Canada to follow the path of the 1893 Tyrrell expedition and to film and photograph the group s progress The expedition a 900 mile epic journey across the Barren Lands of Arctic Canada has stirred controversy and criticism for over fifty years The trip has been variously described as the pioneering venture in modern recreational canoe travel and as an excellent example of how not to conduct a canoe trip Delays took their toll on the adventurers exhausted by the seemingly endless paddling through unknown rivers and lakes the trek across the windswept tundra and torment by voracious insects Threatened with diminishing food reserves and increasingly harsh weather the members of the expedition were forced to travel with greater speed and less caution and ultimately a fatal mistake was made Two of the canoes capsized dumping four men into the frigid waters Moffatt the leader died of exposure It took the survivors ten days of arduous travel with minimum food and equipment to reach the safety of the Hudson s Bay Company post Barren Grounds features passages from the journals of two young Moffatt party members and excerpts about the 1893 expedition of Joseph Burr Tyrrell along with entries from the journal of Art Moffatt himself Part cautionary tale part nail biting adventure the book will appeal to outdoorsmen and armchair adventurers alike

Chequamegon-Nicolet

National Forests (N.F.), Proposed Land and Resource Management Plan 2003 ,2004 **The Mystery of the Barren Lands** Ridgwell Cullum,1928 Murder mystery set in Canada s barren lands Suitable grades 7 and up *Field & Stream* ,1979-11 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations The Poconos Carl S. Oplinger,Robert Halma,1988
