Motherhoods, Markets and Consumption Stephanie O'Donohoe, Margaret Hogg, Pauline Maclaran, Lydia Martens, Lorna Stevens, 2013-10-30 It takes more than a baby to make a mother and mothers make more than

babies Bringing together a range of international studies Motherhoods Markets and Consumption examines how marketing and consumer culture constructs particular images of what mothers are what they should care about and how they should behave exploring how women s use of consumer goods and services shapes how they mother as well as how they are seen and judged by others Combining personal accounts from many mothers with different theoretical perspectives this book explores How advertising media and consumer culture contribute to myths and stereotypes concerning good and bad mothers How particular consumer choices are bound up with women s identities as mothers The role of consumption for women entering different phases of their mothering lives such as pregnancy early motherhood and the empty nest

Weight of Modernity Cathy Banwell,Dorothy Broom,Anna Davies,Jane Dixon,2012-12-30 Over a half of adults in the US Canada Australia and numerous European countries are now overweight or obese a proportion that has risen sharply in the past two decades Dominant biomedical explanations focus on the energy equation an imbalance between energy intake and expenditure and remedies focus on motivating individuals to restore the balance by eating better and being more active or in extreme cases surgical intervention This book offers a perspective that sees increasing obesity as a social phenomenon as well as a public health problem It contains detailed accounts of three generations of Australians experiences of changing environments and the emergence of social trends such as increasing availability of convenience foods the individualisation and commercialisation of leisure car reliance and busyness Participants narratives are interwoven with sociological and historical analyses of changes to show how contemporary Australians are experiencing and adapting to dramatic socio cultural and environmental changes that are reshaping their lives and in many cases their bodies The book demonstrates that obesity is an unintended consequence of economic development accompanied by profound socio cultural changes and by identifying the key developments the authors propose leverage points While the research was conducted in Australia the fundamental drivers of rapid weight gain are equally present in other modern secular societies **Australian Books in**

Print ,1985 **Livwise** Olivia Newton-John,2012-04-03 Healthy imaginative delicious and well balanced recipes from the kitchens of Grammy Award winning artist Olivia Newton John Representing Italy Through Food Peter Naccarato,Zachary Nowak,Elgin K. Eckert,2017-03-09 Italy has long been romanticized as an idyllic place Italian food and foodways play an important part in this romanticization from bountiful bowls of fresh pasta to bottles of Tuscan wine While such images oversimplify the complex reality of modern Italy they are central to how Italy is imagined by Italians and non Italians alike Representing Italy through Food is the first book to examine how these perceptions are constructed sustained promoted and challenged Recognizing the power of representations to construct reality the book explores how Italian food and foodways are represented across the media from literature to film and television from cookbooks to social media and from marketing campaigns to advertisements Bringing together established scholars such as Massimo Montanari and Ken Albala with emerging scholars in the field the thirteen chapters offer new perspectives on Italian food and culture Featuring both local

and global perspectives which examine Italian food in the United States Australia and Israel the book reveals the power of representations across historical geographic socio economic and cultural boundaries and asks if there is anything that makes Italy unique An important contribution to our understanding of the enduring power of Italy Italian culture and Italian food both in Italy and beyond Essential reading for students and scholars in food studies Italian studies media studies and cultural studies

Exposing Lifestyle Television Gareth Palmer,2016-04-15 In the last decade lifestyle television has become one of the most dominant television genres with certain shows now global brands with formats exploited by producers all over the world What unites these programmes is their belief that the human subject has a flexible malleable identity that can be changed within television friendly frameworks In contrast to the talk shows of the eighties and nineties where modest transformation was discussed as an ideal advances in technology combined with changing tastes and demands of viewers have created an appetite for dramatic transformations This volume presents case studies from across the lifestyle genre considering a variety of themes but with a shared understanding of the self as an evolving project driven by enterprise Written by an international team of scholars the collection will appeal to sociologists of culture and consumption as well as to scholars of media studies and media production throughout the world

Food Pedagogies Rick Flowers,Elaine Swan,2016-04-22 In recent years everyone from politicians to celebrity chefs has been proselytizing about how we should grow buy prepare present cook taste eat and dispose of food In light of this contributors to this book argue that food has become the target of intensified pedagogical activity across a range of domains including schools supermarkets families advertising and TV media Illustrated with a range of empirical studies this edited and interdisciplinary volume the first book on food pedagogies develops innovative and theoretical perspectives to problematize the practices of teaching and learning about food While many different pedagogues policy makers churches activists health educators schools tourist agencies chefs think we do not know enough about food and what to do with it the aims effects and politics of these pedagogies has been much less studied Drawing on a range of international studies diverse contexts genres and different methods this book provides new sites of investigation and lines of inquiry As a result of its broad ranging critical evaluation of food as classroom and food as teacher it provides theoretical resources for opening up the concept of pedagogy and assessing the moralities and politics of teaching and learning about food in the classroom and beyond

Culture and Education Filiz Meseci Giorgetti,Ali Arslan,Craig Campbell,2020-06-29 This book explores the fascinating and complex interactions between the ways that culture and education operate within and across societies In some cases education is imagined as an integrated part of general cultural phenomena in others educational interventions become the means for transforming the cultural circumstances of different populations The contributors to this volume show how certain educational practices produce new cultural and professional knowledge discuss the impacts of initially foreign educational ideas and institutions on established cultural institutions in very different societies and explore the impacts of modernity and modern educational ideas on more

traditional gendered and religious practices and communities The book also provided striking examples of when these impacts were not benign Increasingly powerful twentieth century governments attempted to use education and schools to produce new reformed citizens suitable for their newly created colonial national socialist and fascist states The expectation was that cultural and social transformation might be engineered in major part through schooling This book was originally published as a special issue of *Paedagogica Historica*
