The Education of the West Robert Freeman Butts, 1973      Education in the Era of Globalization Klas Roth, Ilan Gur-Ze'ev, 2007-10-11 Education seems to have lost its orientation in Western culture and is in disarray all over the globe in time of global transitions Globalizing capitalism is the general headline for some of the most profound deep and dramatic developments in our era that education must address The response of educationalists is only in its beginning and there is an urgent need to address the dramatic changes inflicted on promised to our era philosophically sociologically culturally ecologically physically aesthetically and politically In the proposed book we try to address the challenge of globalization to education in the broadest sense of the concept of education by treating this challenge in various perspectives through different disciplines and topics within which the challenge of globalization is conceived as the most profound dynamic of this historical moment a development that is realized in many diverse and different levels fields and spaces of human and natural existence The various texts in this collection written by some of the famous and interesting scholars in the field of philosophy of education and the sociology of education try to address the richness and diversity of the challenge of globalization It tries to reconstruct historically sociologically and philosophically the roots the practices and the fruits of globalization as a threat and as a gateway for new possibilities for today's education The collection is a meeting point for research that is not only analytical and critical but also offers new roads and possibilities for education in the 21st century in face of globalization As such this collection is unique in this field and opens the door for further research and public discussion on the future role of education      *Foundations of Education* Samuel M. Craver, Maïke Ingrid Philipsen, 2011-06-30 Foundations of Education is organized around the major problems facing contemporary American education It offers a thorough scholarly treatment of these problems from historical philosophical and sociological perspectives bringing together relevant findings from those disciplines to analyze and illuminate a wide range of issues Each chapter focuses on a core topic including race gender equal opportunities school governance to give students a solid overview providing intellectually sound material that offers real depth and challenges students to think creatively Packed with exercises discussion questions international case studies for comparative purposes and supported by a fully up to date companion website this is a text that responds to current developments changes and trends in teacher education Foundations of Education will prepare a new generation of educators for a globalized and technology driven society that needs to be aware of its best educational traditions its current problems and its future possibilities      **Education for the Mercantile Counting House** Terry K. Sheldahl, 2020-09-04 This book first published in 1989 surveys higher education in preparation for business careers particularly the fledgling profession of accounting Examining the origins of English schooling for merchants it brings to light articles and writers from the eighteenth century who proposed a liberal education for business a key part of the development of the history of accounting      *Technology Education for Teachers* P. John Williams, 2013-02-11 This is a textbook for use in technology teacher training

and also a reference book for technology teachers It will provide a foundation for new teachers entering the area of technology and also the opportunity for practicing teachers to keep up to date with research informed ideas about teaching technology Technology in the curriculum has continually faced a range of challenges throughout its history in many countries Often the basis of the challenges is the result of a lack of understanding about good technology practice It is hoped that this book can encourage excellent practice in technology teaching and so increase the number of schools positively engaged with technology The chapter authors are internationally respected and experienced educators who have been able to draw on both their teaching experience and their research in order to discuss a range of aspects of teaching technology The book has been developed with an international audience in mind While authors are naturally most familiar with their own country efforts have been made to generalize from the principles of sound theory and research based practice to maximize applicability to local contexts John Williams is the Director of the Technology Environmental Mathematics and Science Education Research Centre at the University of Waikato in New Zealand He has worked as a designer and builder and began his career as a secondary school Manual Arts teacher He has taught and studied in Australia and the USA and in a number of African and Indian Ocean countries He has published and presented widely and enjoys fishing

**Indigenous Education through Dance and Ceremony** E. Colín, 2014-09-04 In the first book on Aztec dance in the United States Ernesto Colín combines cultural anthropology educational theory and postcolonial theory to create an innovative interdisciplinary long term ethnography of an Aztec dance circle and makes a case for the use of the metaphor of palimpsest as an ethnographic research tool

Education Cultural Diversity James Lynch, Celia Modgil, Sohan Modgil, 2013-10-28 First published in 1992 In this volume the first of this series many of these themes and issues are rehearsed although the major focus is on the diversity of approaches to social and narrower educational policy and practice in culturally diverse societies Authors have been invited to review critically discuss and seek to extend the theoretical and ideological assumptions underlying policy and practice in their chosen field

**The Literature of Education** C. Robert Blackmon, Gary D. Ellerman, Gary Sherriel Rush, 1977 A *History of American Education* Joseph Watras, 2008 An engaging look at the past and present of schools and schooling A *History of American Education* 1 e examines the effects influences and implications of globalization on education in the United States From the early colonial days to the diverse present this text vividly reconstructs the highlights and challenges of education in America It explores the ideas of key educators the interaction between the public's ideals and the realities of schools and the consequences of educational reforms within the larger context of an increasingly global and connected society Unlike other history texts this book also offers considerable information about changes in curriculum educational administration and teaching practices

**Those Good Gertrudes** Geraldine J. Clifford, 2014-11-02 *Those Good Gertrudes* explores the professional civic and personal roles of women teachers throughout American history Its voice themes and findings build from the mostly unpublished writings of many women and their families colleagues and pupils Geraldine J

Clifford studied personal history manuscripts in archives and consulted printed autobiographies diaries correspondence oral histories interviews even film and fiction to probe the multifaceted imagery that has surrounded teaching This broad ranging inclusive and comparative work surveys a long past where schoolteaching was essentially men s work with women relegated to restricted niches such as teaching rudiments of the vernacular language to young children and socializing girls for traditional gender roles Clifford documents and explains the emergence of women as the prototypical schoolteachers in the United States a process apparent in the late colonial period and continuing through the nineteenth century when they became the majority of American public and private schoolteachers The capstone of Clifford s distinguished career and the definitive book on women teachers in America *Those Good Gertrudes* will engage scholars in the history of education and women s history teachers past present and future and readers with vivid memories of their own teachers Clifford s book is a timely blessing the history of teachers are at last accorded their own integrity instead of as appendages in other fields of study San Francisco Book Review Clifford s colleagues around the world have long anticipated *Those Good Gertrudes* They will find the wait exceedingly worthwhile The book s scope and depth can now incite new generations of students to reflect on and investigate the repercussions of teaching and learning activities still driven essentially by women both in the U S and globally Donald R Warren Indiana University *Those Good Gertrudes* the women who dedicated some part of their lives to teaching finally have a great historian to tell this important missing story Professor Geraldine J Clifford has brought together an intense combination of extended research fresh archival information and the insightful interpretation that only wisdom can bring to scholarship This stands as a landmark work in the social history of education John R Thelin author of *A History of American Higher Education* The first woman to receive a Guggenheim Fellowship for research in education Geraldine J Clifford is professor emerita at the University of California Berkeley She is the author of *Lone Voyagers Academic Women in Coeducational Institutions 1870-1937* *History of Education in America* John D.
