The Elohoic Verses Book One " Mythos of Elohim" Patrick L. Lyons, 2000-03-13 What is a mythos a story speech or song that celebrates a sacred narrative A mythos can be a play a film an opera a narrative within a narrative above all a mythopoeic vehicle A musical coda A mythologem A poem A song that won't go away you hum on your way to somewhere else Or simply a dream narrative where certain sacred themes repeat themselves throughout human history The poems in this first book of the Elohoic trilogy verses were written during a ten year period 1989-99 in rural areas throughout the American Southwest The narrative begins with an invitation an invocation to step into poetic light and concludes with the seeming death of the poetic philosopher persona along the way the persona encounters the character of Jesus and his opposite the Maker of the World Ialdabaoth but the poetic character in the mythos haunts certain mystic types the Lost Pilgrim still stuck on Eckhart's prayer encountering Dante in Purgatory a lover friend priest and shaman In an enigmatic style the brevity is as sharp as a Zen master's silence where existence is seen as a poetic experiment in negation a mimetic deconstruction thus in the facing of death an acceptance of death the stirring of another kind of experience and Being in heart and mind The poems at times elevate a prophetic and hortatory Voice its language firmly grounded in an ancient and sacred poetic tradition But the poetry itself as poetry remains informed by an Other inspired by Kierkegaard's essay The God as Teacher and Savior from which the excerpt is quoted the poems proceed in a loose narrative form It tells the story of a poetic risk taker who is near death from a mountain climbing accident He is remembering a dream he dreamt at a point from which his life has already ended That essential material the emptying of the contents of the dream becomes the mythos of the poetry Humphrey Bogart as Sam Spade best addresses the mysterious nature of the mythos in the last lines of the film The Maltese Falcon When asked What is it Spade responds It's the stuff dreams are made of Note The name Elohim honors the Elohoic tradition of poetry and songs found in the Bible whose Hebrew name took the form El o him as one of the Names for God in the Psalms for example and in Ecclesiastes among 9 other books classified as The Writings including

The Mythology Of Scripture
 Robert D. Onsted,2010-03-05 Churches throughout the world s developed nations are losing members in droves As a result parishes are downsizing or consolidating to remain intact in many cases to just survive There must be a reason and this author opines that antiquated Church doctrines are no longer relevant to 21st century minds If religions are to remain viable entities in our rapidly accelerating world they must be willing to re examine their outdated doctrinal systems to better resonate with an educated populace Primitive man created his gods and goddesses and fi nally God in his own image believing that these entities manipulated the forces of nature that were beyond his own ability to control In doing so he imbued his divine creations with his own best and worst attributes because they were what he witnessed around and about himself His gods like their mythological counterparts were often powerful tyrannical and self aggrandizing beings demanding praise worship and blood sacrifi ce gods who would wrathfully smite those who would not bow down in worship to them But that was then and this is now Instead of rigid religious rules and antiquated beliefs our psyches crave an inner directed experience of the Divine from which we can derive a sense of value purpose and meaning for the lives we live This book hopes to sound a wake up call to the world s major religions before they fi nd themselves placed on dusty library shelves among other quaint and curious volumes of forgotten lore i Unless this reconstruction can happen religion as it has existed for millennia cannot help but wither and die

language context or source must derive their authenticity and validation from the TaNaKh and particularly so if they are intended to be a congruent and continuing Testimony of that everlasting Truth and Covenant It would be ideal if the global English speaking community at large were conversant with the Hebraic language and context of the Scriptures Since this is not so a necessary mitigating action is to provide such readers with an Integrated Translation and Transliteration ITT of the Hebraic Scriptures Such an ITT process though not a literary translation norm is a necessary remedy to manifest its original Hebraic context and critical terminologies Hence pertinent Hebraic terminologies including names and titles are transliterated in this Book of The Covenant rather than being translated or substituted to preserve their original Hebraic root word and thereby their intended Hebraic meaning Shortcomings of the common comprehensive translation process whether concordant or equivalence have been apparent in the history of Scripture translations at large It had resulted in the manifestation of non Hebraic substituted or contrived critical terminologies in the destination language such as Lord instead of YHWH God instead of EL ELOAH ELOHIM Church instead of Qahal Jesus instead of YAHshua Christ instead of Mashiah Testament instead of Covenant Angel instead of Malach Such critical word substitution or replacement process coupled with a non Hebraic theological framework have resulted in the evolution of doctrines or religious systems which are not congruent with the original Hebraic Scriptures This Book of The Covenant BTC is a restoration of the Hebraic context of Scripture through an integrated translation and transliteration ITT of crucial Scripture terminologies All transliterated names and words in the main text are in italics and listed with their respective Hebraic meaning in the Appendices

Rereading Genesis 1-11 with a Look into Revelation 18:1—22:7 James Strickler, 2023-02-14 Having studied the tail end of the Bible for decades Strickler now probes the front end to unearth a fresh contribution to a theology of God's covenantal relationship to all creation Recognizing that the younger Yahwist tradition reflects nationalistic interests the book revolves around the paradigmatic influence of the elder Elohim tradition which aligns better with the New Testament fulfillment of God's creative redemptive purposes first mapped out in the early Genesis narratives Ted Lewis executive director The International Jacques Ellul Society The aspiration to read the Bible beyond the confines of Christendom's categories has been shared by many rarely practiced consistently and often resulted in grievous disappointment Readers will be encouraged by Strickler's persistent effort to follow the story of Elohim from the first things of the Torah onward reminding us that the elusive figure who covenanted with Noah is also the one who covenanted anew with the followers of Jesus and promises to send renewing waters flowing at the end through the new Jerusalem Michael Cartwright University of Indianapolis In looking at what might be the bookends of the Christian Scriptures Strickler follows an Anabaptist ethos of trying to wrest the Scriptures from the holds of Christendom with its priorities on power and self protection By contrast Elohim is a God who creates recreates cocreates and partners How the opening chapter of a story is understood determines how the rest of the story is read and for those who claim the name Christian how the story of the Bible is understood determines how life is lived Tato Sumantri
