Sloan, 2011-02-23 This work includes 1000 entries covering the spectrum of defining women in the contemporary world      The Encyclopedia of Christian Literature George Thomas Kurian, James D. Smith III, 2010-04-16 The written word is one of the defining elements of Christian experience As vigorous in the 1st century as it is in the 21st Christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy Covering 2 000 years The Encyclopedia of Christian Literature is the first encyclopedia devoted to Christian writers and books In addition to an overview of the Christian literature this two volume set also includes 40 essays on the principal genres of Christian literature and more than 400 bio bibliographical essays describing the principal writers and their works These essays examine the evolution of Christian thought as reflected in the literature of every age The companion volume also features bibliographies an index a timeline of Christian Literature and a list of the greatest Christian authors The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and theological schools as well as to the growing body of Christian readers and bibliophiles      **Current Encyclopedia** Samuel Fallows, Edmund Buckley, Shailer Mathews, 1905      Today's Woman in World Religions Arvind Sharma, 1994-01-01 This book examines how the women's movement is affecting traditional religions and civilizations throughout the world It reviews cases of global impact in Hinduism Buddhism Taoism Confucianism Judaism Christianity Islam and Australian aboriginal religion This volume completes the trilogy devoted to women in world religions edited by Arvind Sharma The second book in the series is entitled Religion and Women The present work surveys the position of women in the religious traditions covered in the first volume of the trilogy Women in World Religions placing these traditions in contemporary context      **Encyclopedia of Protestantism** Hans J. Lingenfelter Highby, 2013 Highby expertly cuts apart the 5000 year history of the war on women so that she can decode and explain the ancient deliberately difficult and elitist historical jargon for the sake of the intelligent general reader Highby surprises us by showing how the war on women always played out as parallel to a war against Nature as well as a class war Therefore the war devalues Nature slaves and lower class men as well as women This war influenced the Renaissance Spirit Matter split with its witch burnings It applies to current Darwinian versus Creationism arguments too      **The Preacher's Wife** Kate Bowler, 2020-09-15 Although most evangelical traditions bar women from ordained ministry many women have carved out unofficial positions of power in their

husbands spiritual empires or their own ministries The biggest stars write bestselling books grab high ratings on Christian television and even preach Bowler offers a sympathetic and revealing portrait of megachurch women celebrities showing how they must balance the demands of celebrity culture and conservative male dominated faiths And black celebrity preachers wives carry a special burden of respectability A compelling account of women s search for spiritual authority in the age of celebrity adapted from jacket
