Never Boring Ed Willes, 2024-10-05 Veteran hockey writer Ed Willes takes an irreverent look back at the sometimes thrilling often infuriating and always fascinating history of the Vancouver Canucks Cheering for the National Hockey League's Vancouver Canucks over the last half century has required patience commitment and a forgiving nature It's not that the Canucks have been uniformly awful or dreadfully predictable Far from it as this past season would attest But every time they seemed close to delivering the ultimate prize to their fan base the indomitable faithful they slipped on a banana peel and

tumbled straight into the abyss Most of their failings were self inflicted The franchise s ownership history is as uneven as its won loss record But some have been so random and so accidental the faithful can legitimately wonder what they did to anger the hockey gods It started in 1970 with a spin of the carnival wheel which gifted Hall of Fame centre Gilbert Perreault to the Buffalo Sabres and left the Canucks with Dale Tallon And it s continued uninterrupted for over 50 years For decades veteran Vancouver hockey writer Ed Willes has had his own vantage point on this team that has in his words been haunted by dark and unnatural forces since its inception And Willes s knowledge extends far beyond the most infamous chapters of the story As this irreverent often bitterly funny chronicle shows the litany of woe stretches back farther and runs deeper than many Canucks fans realize and stars several of the biggest names in hockey history Willes s account tells the story of a uniquely confounded franchise and its obsessive followers who have thus far been denied the thrill of a Stanley Cup championship Their consolation has been the dubious comfort of wallowing in collective misery [No Worries](#) Jared Dillian,2024-01-23 No Worries shows how anyone can live a stress free financial life and build wealth for the long term This is not about millions of tiny decisions that drain the joy from life like skipping daily coffee to save a few bucks And it s not simply about having more money The secret lies in adopting the right attitude to money and getting a small number of big things right In his unique style drawing on decades of expertise finance expert Jared Dillian tells the truths about essential personal finance topics and helps you to see things as you never have before Jared reveals how the right kind of abundance mindset works wonders how to purge the urge to splurge without making life a drag the most effective ways to use credit cards that no one tells you about the smart ways to buy big ticket items from houses to cars what s gone wrong with student loans and how to use them sensibly how to ace investing with the set and forget Awesome Portfolio No matter where you re at Jared can help you get your finances in better shape than 99% of other people so that you can get on with your life as your wealth builds Do that and you ll have no financial stress and no worries [The Engine of Enterprise](#) Rowena Olegario,2016-02-15 Tracing credit from colonial times to the present and highlighting its productive role in building national prosperity Rowena Olegario probes questions that have divided Americans Who should have access to credit How should creditors assess creditworthiness How can borrowers and lenders accommodate to the risks of a credit dependent economy
