**Churchill's Promised Land** David Makovsky, Michael Makovsky, New Republic, 2007-01-01 A comprehensive examination of Churchill's complex political, diplomatic and intellectual response to Zionism *Between Capital and Land* Eric Engel Tuten, 2004-08-02 This book provides a detailed examination of the Jewish National Fund's internal development and analyzes the relationship between Jewish National Fund finances and land purchase priorities during the Second World War **The Quarterly Index Islamicus** James Douglas Pearson, 1987 [Demise of the British Empire in the Middle East](#) Michael Cohen, Dr. Martin Kolinsky, Martin Kolinsky, 2013-04-03 Britain emerged from World War II dependent economically and militarily upon the US. Egypt was the hub of Britain's imperial interests in the Middle East but her inability to maintain a large garrison there was clear to the indigenous peoples. These essays track the decline of the empire **Britain in the Middle East, 1921-1956** Vincent Ponko, 1990 Annotated bibliog on British in Middle East *Staging Authority* Eva Giloi, Martin Kohlrausch, Heikki Lempa, Heidi Mehrkens, Philipp Nielsen, Kevin Rogan, 2022-10-24 *Staging Authority: Presentation and Power in Nineteenth Century Europe* is a comprehensive handbook on how the presentation, embodiment and performance of authority changed in the long nineteenth century. It focuses on the diversification of authority: what new forms and expressions of authority arose in that critical century; how traditional authority figures responded and adapted to those changes; and how the public increasingly participated in constructing and validating authority. It pays particular attention to how spaces were transformed to offer new possibilities for the presentation of authority and how the mediatization of presence affected traditional authority. The handbook's fourteen chapters draw on innovative methodologies in cultural history and the aligned fields of the history of emotions, urban geography, persona studies, gender studies, media studies and sound studies *Routledge Handbook on Palestine* Michael Dumper, Amneh Badran, 2024-12-30 This Handbook provides a broad overview of Palestinian history, society, politics and culture across different contexts and periods, revealing the rich and varied dimensions of Palestine. To capture the diversity of Palestinian scholarship and to introduce readers to a mix of approaches and perspectives, both internationally established and emerging Palestinian scholars have contributed. The Handbook attempts to avoid narrowly framing Palestine around the Israeli-Palestinian conflict, incorporating postcolonial approaches attentive to a broader range of hitherto overlooked actors. While a significant proportion of the Handbook examines the contemporary period, it is divided up into four sections that together provide a detailed overview of the main developments in the region: A historical section that contextualizes the complex historical formation of contemporary Palestine, perhaps best regarded as a country but not yet a state; A section exploring the society, geography, economy and identity of Palestine; A section on the political significance of Palestine, covering the dynamics between Jewish nationalism, Zionism and Palestinian nationalism; A final section on culture, touching on architecture, literature, music, cuisine, education and contemporary art. Providing a deep analysis of the Palestinian perspective, the Handbook will prove valuable reading for
