Gordon, Georgia Petridou, Jörg Rüpke, 2017-08-21 The last decade has seen a surge of scholarly interest in these religious professionals and a good number of high quality publications Our volume however with its unique intercultural character and its explicit focus on appropriation and contestation of religious expertise in the Imperial Era is substantially different Unlike the rather narrow focus of earlier studies of civic priests the papers presented here examine a wider range of religious professionals their dynamic interaction with established religious authorities and institutions and their contributions to religious innovation in the ancient Mediterranean world from the late Hellenistic period through to Late Antiquity from the City of Rome to mainland Greece Asia Minor Syria and Egypt from Greek civic practice to ancient Judaism A further advantage of our volume is the wide range of media of transmission taken into account Our contributors look at both old and new materials which derive not only from literary sources but also from papyri inscriptions and material culture Above all this volume assesses critically convenient terminological usage and offers a unique insight into a rich gamut of ancient Mediterranean religious specialists      50 Years World Heritage Convention: Shared Responsibility – Conflict & Reconciliation Marie-Theres Albert, Roland Bernecker, Claire Cave, Anca Claudia Prodan, Matthias Ripp, 2022-10-10 This open access book identifies various forms of heritage destruction and analyses their causes It proposes strategies for avoiding and solving conflicts based on integrating heritage into the 2030 Agenda for Sustainable Development It reflects on the identity building role of heritage on multidimensional conflicts and the destruction of heritage and considers conflict solving strategies and future perspectives Furthermore it engages theoretically and

practically with the concepts of responsibility reconciliation and sustainability relating mainly to four Sustainable Development Goals i.e. SDGs 4 education 11 e.g. World Heritage 13 climate action and 17 partnerships for the goals. More than 160 countries have inscribed properties on the UNESCO World Heritage list since the World Heritage Convention came into force. Improvements in the implementation of the Convention such as the Global Strategy for a Representative, Balanced and Credible World Heritage List have occurred, but other conflicts have not been solved. The book advocates for a balanced distribution of properties and more effective strategies to represent the global diversity of cultural and natural heritage. Furthermore, it highlights the importance of heritage in identity building. *ARTnews*, 1954
