Balthasar and Prayer Travis LaCouter, 2021-12-02 This study renders an original and constructive Catholic theology of prayer drawing on the work of Hans Urs von Balthasar 1905 1988 Travis LaCouter explores the trinitarian Christological ecclesial anthropological and eschatological dimensions of prayer in Balthasar s theology and shows how these combine to give a powerful account of prayer s proper theological scope and purpose There is also a critical dimension of prayer which is arguably underdeveloped in some of Balthasar s key texts but which LaCouter shows to have significant dialogical potential with contemporary accounts of parrhesia since Foucault This approach demonstrates the centrality of prayer to Balthasar s entire theological system and does so in a way which itself constitutes an exercise in Catholic systematics This study is also distinctive for establishing a method of proceeding through Balthasar s sprawling oeuvre and the similarly vast secondary literature by arguing for three categories of texts in Balthasar s writings and separately three waves of Balthasar readers Thus this study is a resource not just for those interested in prayer but for anyone interested in reading Balthasar today

Theology in Practice Roch Kereszty, Denis Farkasfalvy, 2023-04-10 What is theology It is nothing more or less than the study of God All who pray are in a sense theologians All who believe in Christ are called not only to sanctity but to theology Be transformed by the renewal of your mind Rom 12 2 Yet the field of theology as taught in universities can sometimes look like a distant abstraction reserved for an intellectual elite This cannot be not the case To prove it Cistercian Fathers Roch Kereszty and Denis Farkasfalvy of the University of Dallas both veteran spiritual directors bring us *Theology in Practice A Beginner s Guide to the Spiritual Life* Guiding readers from the first inklings of God s presence to the fire of married love to the miracle of the Eucharist and even to the hour of death this book completes the circuit between theological study and human experience Never before has the Church believed as strongly as she does today that spirituality must like leaven penetrate and transform the ordinary average walks of life It ought not be limited to those who withdraw from the world This unique work written by two longtime friends and brothers in religious life draws on the riches of the Cistercian founder Saint Bernard of Clairvaux and with him the whole tradition of the Church Fathers to communicate Christ s peace to hearts and minds

The Letters of an Unexpected Mystic Robert D. Flanagan, 2022-07-20 The apostle Peter is a pillar of the church whose writing has been overlooked until recently when scholarship remedied this

gap significantly elevating Peter's letters. However, one critical area has been omitted. Within the Petrine writing is a robust, empowered, and beautiful mystical theology which makes Peter an unexpected but vital Christian mystic. In exploring his love of artwork, German theologian and priest Romano Guardini developed the Threefold Seeing, which has been brought to light by Yvonne Dohna-Schlobitten of the Pontifical Gregorian University. His unique method of viewing the artist's artwork and observer develops a way of encountering the world and word. Instead of looking at the world or the biblical text through separate vantage points, the Threefold Seeing integrates all disciplines under a greater view of God, the artist of all creation. The Letters of an Unexpected Mystic employs Guardini's Threefold Seeing to encounter the mystic Peter and the Petrine mystical theology. The result is a book that provides its readers with a means to become the Christian. Karl Rahner wrote about in 1971: "The devout Christian of the future will either be a mystic, one who has experienced something, or he will cease to be anything at all."

Authentic Liturgical Renewal in Contemporary Perspective Uwe Michael Lang, 2017-07-27. The ongoing debates on the present state and the future of the Roman Catholic worship are not confined to specialists but are clearly of interest to a wider public, as the responses to the Sacra Liturgia UK conference held in London in July 2016 have shown. This volume contains the proceedings of the conference and raises the question of how to bring to fruition the insights and instructions of the Second Vatican Council and its key document on the liturgy, *Sacrosanctum Concilium*, in the life of the Church today. The initial contribution from Robert Cardinal Sarah, Prefect of the Congregation for Divine Worship and the Sacraments, calls for a fuller implementation of *Sacrosanctum Concilium*. Following on from this, other leading figures and liturgical scholars such as Joris Geldhof, David Fagerberg, and Alcuin Reid examine Catholic worship from a variety of perspectives, including historical, pastoral, social, cultural, and artistic themes. Taken together, these chapters present another crucial step along the route of authentic liturgical renewal in the contemporary world.

To Heights and unto Depths John Nepil, 2025-01-27. Spanning nearly 500 miles across the Rocky Mountains, the Colorado Trail is an epic, arduous route through some of America's most breathtaking natural grandeur. In the summer of 2022, Fr. John Nepil, priest, theologian, and mountaineer, set out to traverse the entire trail as a thru-hike with a trio of companions, accompanied along the way by an eclectic rotating cast of priests and young people. This memoir, which is simultaneously a theological reflection on life, Christianity, and the mountains themselves, is the fruit of that pilgrimage. Drawing on great thinkers of the past century, including Luigi Giussani, Dietrich von Hildebrand, and Hans Urs von Balthasar, Fr. Nepil offers a first ascent, a new route where Catholic theology meets alpine adventure. In his telling, the Catholic worldview offers the fullest spiritual vision of the backcountry, and the backcountry in turn reveals itself as a privileged setting for Catholic formation. Seen from the trail, the Catholic faith comes alive as an Incarnational worldview where we rediscover humanity, creation, and God. This is a rich theological guidebook for all Catholic lovers of the great outdoors, particularly the mountains, and for all who see and seek God in the stark majesty of the natural world.
