**East London Suffragettes** Sarah Jackson, Rosemary Taylor, 2014-08-04 In 1914 the East London Federation of Suffragettes led by Sylvia Pankhurst split from the WSPU Sylvia s mother and sister Emmeline and Christabel had encouraged her to give up her work with the poor women of East London but Sylvia refused Besides campaigning for women to have an equal right to vote from their headquarters in Bow the ELFS worked on a range of equality issues which mattered to local women they built a toy factory providing work and a living wage for local women they opened a subsidized canteen where women and children could get cheap nutritious food and they launched a nursery school a cr che and a mother and baby clinic The work of the Federation and our Sylvia as she was fondly known by locals deserves to be remembered and this book filled with astonishing first hand accounts aims to bring this amazing story to life [A View from the Bottom](#) Tan Hoang Nguyen, 2014-07-29 A View from the Bottom offers a major critical reassessment of male effeminacy and its racialization in visual culture Examining portrayals of Asian and Asian American men in Hollywood cinema European art film gay pornography and experimental documentary Nguyen Tan Hoang explores the cultural meanings that accrue to sexual positions He shows how cultural fantasies around the position of the sexual bottom overdetermine and refract the meanings of race gender sexuality and nationality in American culture in ways that both enable and constrain Asian masculinity Challenging the association of bottoming with passivity and abjection Nguyen suggests ways of thinking about

the bottom position that afford agency and pleasure A more capacious conception of bottomhood as a sexual position a social alliance an affective bond and an aesthetic form has the potential to destabilize sexual gender and racial norms suggesting an ethical mode of relation organized not around dominance and mastery but around the risk of vulnerability and shame Thus reconceived bottomhood as a critical category creates new possibilities for arousal receptiveness and recognition and offers a new framework for analyzing sexual representations in cinema as well as understanding their relation to oppositional political projects
