The Atlantic Anthology Poetry:

The Atlantic Anthology: Poetry Fred Cogswell, Terrence Anthony Whalen, 1984 The Atlantic Anthology: Poetry Fred Anthologies of British Poetry ,2021-11-22 From Tottel's Miscellany 1557 to the last twentieth century Cogswell, 1984 Oxford Book of English Verse 1999 anthologies have been a prime institution for the preservation and mediation of poetry The importance of anthologies for creating and re creating the canon of English poetry for introducing new programmes of poetry as a record of changing poetic fashions audience tastes and reading practices or as a profitable literary commodity has often been asserted Despite its impact however the poetry anthology in itself has attracted surprisingly little critical interest in Britain or elsewhere in the English speaking world This volume is the first publication to explore the largely unmapped field of poetry anthologies in Britain Essays written from a wide range of perspectives in literary and cultural studies and the point of view of poets editors publishers and cultural institutions aim to do justice to the typological functional and historical variety with which this form of publication has manifested itself from early modern print culture to the postmodern age of the world wide web The New American Poetry and Cold War Nationalism Stephan Delbos, 2021-08-20 This book examines Donald M Allen's crucially influential poetry anthology The New American Poetry 1945 1960 from the perspectives of American Cold War nationalism and literary transnationalism considering how the anthology expresses and challenges Cold War norms claiming post war Anglophone poetic innovation for the United States and reflecting the conservative American society of the 1950s Examining the crossroads of politics social life and literature during the Cold War this book puts Allen's anthology into its historical context and reveals how the editor was influenced by the volatile climate of nationalism and politics that pervaded every aspect of American life during the Cold War Reconsidering the dramatic influence that Allen's anthology has had on the way we think about and anthologize American poetry and recontextualizing The New American Poetry as a document of the Cold War this study not only helps us come to a more accurate understanding of how the anthology came into being but also encourages new ways of thinking about all of Anglophone poetry from the twentieth century and today

The poems are presented in the order of their composition and in the text in which they were first published giving a unique insight into the origins and development of Browning's art Annotations and headnotes in keeping with the traditions of Longman Annotated English Poets are full and informative and provide details of composition publication sources and contemporary reception Volumes

one 1826 1840 and two 1841 1846 presented the poems from his Browning's early years while volume three 1847 61 covered the period of his marriage to Elizabeth Barrett and residence in Italy Volume four 1862 71 deals with the decade following Elizabeth s death and Browning s return to England These years saw the appearance of some of his most significant work and a steady rise in his critical reputation In Dramatis Personae 1864 Browning uses his characteristic dramatic mode to expose predicaments of thought and feeling in characters ranging from Shakespeare's Caliban to the cheating medium Mr Sludge other poems dramatize Browning's complicated feelings about the deceptions and self deceptions of romantic love Balaustion's Adventure 1871 is an engaging reworking of Euripides Alcestis whose theme the resurrection of a beloved lost wife has poignant personal resonance for Browning while Prince Hohenstiel Schwangau published in the same year offers a thinly veiled account of the life and actions of Napoleon III the recently deposed Emperor of France over whom Browning and Elizabeth had guarrelled In these two long poems Browning can be seen engaged in the dialogue with Elizabeth that was to shape much of his work during the remainder of his writing life Poetry & Commons Daniel Eltringham, 2022-05-13 Winner of the ASLE UKI Book Prize 2023 The commons and enclosure are among the most vital ways of thinking about poetry today posing urgent ecological and political questions about land and resource ownership and use Poetry Commons is the first study to read postwar and contemporary poetry through this lens by putting it in dialogue with the Romantic experience of agrarian dispossession Employing an innovative transhistorical structure the book demonstrates how radical Anglophone poetries since 1960 have returned to the enclosure of the commons in response to political and ecological crises It identifies a commons turn in contemporary lyric that contests the new enclosures of globalized capital and resource extraction In lucid close readings of a rich field of experimental poetries associated with the British Poetry Revival as well as from Canada and the United States it analyses a landscape poetics of enclosure in relationship with Romantic verse Canonical Romantic poetry by Wordsworth and Clare is understood through the fine grain textures of the period s vernacular and radical verse and discourse around enclosure which the book demonstrates contain the seeds of neoliberal political economy Engaging with the work of Anne Lise Fran ois and Anna Tsing Poetry Commons theorizes commoning as marking out subsistence rhythms of resource which articulate plural irregular and tentative relations between human and nonhuman lifeworlds The Pocket Poetry Parenting Guide Jennifer Bosveld, 1999 Poems for parents on yes based parenting Pudding The World and the Parish Willa Cather, 1970-01-01 One of the few really helpful words I ever heard House Publications from an older writer Willa Cather declared in 1922 I had from Sarah Orne Jewett when she said to me Of course one day you will write about your own country In the meantime get all you can One must know the world so well before one can know the parish Although Cather's first novel about her own country O Pioneers did not appear until 1913 the process of knowing the world and of mastering her craft so far as it can be traced in her published writing already had been going on for some twenty years The World and the Parish Willa Cather's Articles and Reviews 1893 1902 is the fourth in a series collecting the

work of these years of experiment and discovery More specifically it offers a representative collection of Cather's nonfiction writing for newspapers and periodicals during her first decade as a professional writer Selected from 520 articles and columns the text is divided into three parts corresponding to major developments in Cather's career the period from 1893 to 1896 when she first began to write regularly for Lincoln newspapers the years in Pittsburgh when she was working for the Home Monthly and the Leader and sending her famous Passing Show column back to Nebraska and the period from the spring of 1900 to 1903 when she freelanced in Pittsburgh and Washington taught in a Pittsburgh high school and made her first trip abroad The text has been edited with three main objectives 1 to enable the reader to trace Cather's development as a writer 2 to group the material so that the reader interested in a particular subject the theatre or music or literature for example can readily locate pertinent selections and 3 to provide a context sufficient to relate these pieces to Willa Cather's life and to the times and to suggest some of their connections with the body of her work Chronologies have been included for each of the three parts and the Bibliography is the most complete yet available for the for the nonfiction writing up to 1903 Not the least remarkable feature of this collection is the range and variety of forms and subject matter reviews of books plays operas concerts art exhibits lectures feature stories interviews straight reportage columns of miscellaneous comment and travel letters Seemingly with no apparent effort Willa Cather could adjust her sights to any assignment and any audience And if it is astonishing that she could write so much about so many matters at so many levels it is perhaps even more astonishing that so much of it was so good Undeniably however the chief interest to the general reader and the peculiar value to the scholar of these journalistic writings reside in their manifold and crucial connections with Cather's later work and in the unparalleled insights they afford into the process by which a gifted writer becomes a great artist Women, Modernism and British Poetry, 1910-1939 Jane Dowson, 2017-03-02 Primarily a literary history Women Modernism and British Poetry 1910 1939 provides a timely discussion of individual women poets who have become or are becoming well known as their works are reprinted but about whom little has yet been written This volume recognizes the contributions overlooked previously of such British poets as Anna Wickham Nancy Cunard Edith Sitwell Mina Loy Charlotte Mew May Sinclair Vita Sackville West and Sylvia Townsend Warner and the impact of such American poets as H D Amy Lowell Edna St Vincent Millay Marianne Moore and Laura Riding on literary practice in Britain This book primarily maps the poetry scene in Britain but identifies the significance of the network of writers between London New York and Paris It assesses women s participation in the diversity of modernist developments which include avant garde experiments quiet but subtly challenging formalism and assertive new woman voices It not only chronicles women s poetry but also their publications and involvement in running presses bookshops and writing criticism Although historically situated it is written from the perspective of contemporary debates concerning the interface of gender and modernism The author argues that a cohering aesthetic of the poetry is a denial of femininity through various evasions of gendered identity such as masking male and female

Code Robert Lecker, 2013-02-07 Keepers of the Code explores the complex network of associations and negotiations that influenced the development of literary anthologies in English Canada from 1837 to the present Lecker shows that these anthologies are deeply conflicted narratives that embody the tensions and anxieties felt by their editors when faced with the challenge of constructing or rejecting national ideals He argues that these are intensely self conscious works with their own literary mechanisms and architecture In reading the history of these anthologies he witnesses a complex narrative of nation a compelling story about the values and interests informing English Canadian literary history Women Poets, Male Publishers Lise Jaillant, 2025-03-17 We are often told that the women s movement of the 1960s and 1970s led to the rediscovery of forgotten women writers Without feminist presses such as Virago these women would have sunk into obscurity Thanks to Carmen Callil and other trailblazing feminist publishers a canon of women's literature emerged and living writers managed to survive and sometimes thrive in a literary marketplace that had so far been dominated by men Although obstacles remained the story is one of the triumphs over a misogynistic publishing industry a sector that had once sought to erase women writers of the past marginalise living authors and close the doors to any future legacy There are two problems with this oft repeated story First it focuses mainly on fiction rather than poetry founded in 1973 Virago did not start publishing poetry until the early 1980s Second it neglects the major role that conservative male publishers played in re discovering women poets in post 1960s Britain With the growing influence of the Women s Liberation movement these publishers realised that there was a growing market for poetry by women At the same time the Arts Council of Great Britain started pushing for more diversity nudging its clients to make more room for women and ethnic minorities Drawing on extensive archival work and oral history interviews this open access book pushes the boundaries of a scholarship that has focused mainly on women s poetry in relation to women s presses Archival documents show the influence of the Arts Council and the market in pushing conservative publishers towards more diversity This evolution has had long term consequences on the canon of women's poetry a canon that was largely shaped by conservative publishing houses rather than radical feminist The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. presses Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries The World Is Charaed Daniel Westover, William Wright, 2016-07-14 The World Is Charged Poetic Engagements with Gerard Manley Hopkins is the first book to demonstrate the centrality of Gerard Manley Hopkins as an influence among contemporary poets American

Poetry and Prose Norman Foerster, Robert Morss Lovett, 1925 The Fiddlehead Moment Tony Tremblay, 2019-12-05 For many Canadians the small province of New Brunswick on Canada's scenic east coast is a nice place to visit but no place to live plagued for generations by outmigration and economic stagnation In The Fiddlehead Moment Tony Tremblay challenges this potent stereotype by showcasing the work of a group of literary modernists who set out to change the meaning of New Brunswick in the national lexicon Alfred Bailey Desmond Pacey Fred Cogswell and a formidable group of local poets and cultural workers collectively New Brunswick's Fiddlehead School sought to restore New Brunswick's literary reputation by adapting avant garde modernist practices to the contours of the province opening it to the contemporary world while also encouraging writers to make it their subject The result was a non urban form of modernism that was as responsive to technical innovation as to the human geographies of New Brunswick By placing New Brunswick writers and critics at the forefront of Canadian literature in the midcentury modernist project Tremblay adds an important new chapter to our understanding of Canadian modernism The Fiddlehead Moment is the first critical examination of this group's considerable influence Whether through Bailey's ethnomethodology Pacey's critical ordering or Cogswell's editorial eclecticism in the Fiddlehead magazine and Fiddlehead Poetry Books authors in New Brunswick Tremblay argues had a profound impact on writing in Canada
