McLean, Raul Molina, Timothy Ready, 1989 Freedom through Submission: Muslim-talk in Contemporary Denmark Johannes Renders, 2021-03-01 In Freedom through Submission Johannes Renders explores Danish Muslim statements on human freedom Within a context where public talk of Islam is largely mediated by an incessant succession of controversies the notion of freedom is weaponized both by and against a growing Muslim community Danish Muslims take issue with liberal associations of the notion with autonomy and choice and seek to reconfigure the public debate that pits freedom against Islam This book brings out a sophisticated and reflective Muslim discourse in which freedom is something individuals must simultaneously exercise surrender and achieve through a cultivated relinquishing of the will to Allah Library of Congress Subject Headings Library of Congress, 2006 The Quarterly Journal of the Mythic Society (Bangalore, India). Mythic Society (Bangalore, India), 1920 **The Attributes of God in Islamic Thought** Mansoor Khalil, 2024-03-18 The debate over Allah's attribute the nature and the inner articulation of Allah is one of the focal debates in the intellectual history of Islam This edited collection aims to highlight and examine some aspects of this debate in their original context based on the relevant primary literature By showing that even an apparently self evident concept such as Allah which lies at the heart of every reading of Islam is highly ambiguous and polysemous the chapters also emphasise the plurality that has always existed in Islamic thought Through highlighting the philosophical and theological reflections on the concept of Allah the results of this study challenge the juristic reading of Islam in which Allah's function consists mainly in providing a detailed plan for the human life and also rewarding or punishing the ones who deviate from it The book also attempts to demonstrate the relevance and the actuality of the tradition and to stress its contemporaneity This volume makes a significant part of the intellectual tradition of Islam accessible for students and scholars of Islamic theology Islamic philosophy Islamic studies and the like as well as providing a secondary source for teaching on the debate in question
