## **The Authentic Witness Credibility And Authority:**

The Authentic Witness C. Norman Kraus, 2010-03-01 Traditional Protestant theology has long answered the question What is the true church by pointing to the visible church its location nature and structure The recent increase of interest in missions however has raised the issues of the church s role and identity its mission in the world It is no longer enough to use orthodoxy as the criterion for the genuineness of the church identifying the body of Christ by organization or clerical structure perfection in lifestyle or ecstatic experience of the Holy Spirit Rather says Norman Kraus the mark of the true church is its authenticity its ability to remain true to its original prototype in character and purpose Thus the church s mission is to be the authentic community of witness to the world The Christian community affirms each individual as a person in Christ and its objective for the world is the same as for itself it calls the world to peace in Christ The church in mission then must be a sign to the world of the kingdom of God As an authentic community it is a healing community characterized and organized around its mission of reconciling witness rather than creeds various practices or preaching Following Christ as its model its message is salvation and reconciliation

**Missional Church** Daniel L. Guder, 1998-02-09 What would a theology of the Church look like that took seriously the fact that North America is now itself a mission field This question lies at the foundation of this volume written by an ecumenical team of six noted missiologists Lois Barrett Inagrace T Dietterich Darrell L Guder George R Hunsberger Alan J Roxburgh and Craig Van Gelder The result of a three year research project undertaken by The Gospel and Our Culture Network this book issues a firm challenge for the church to recover its missional call right here in North America while also offering the tools to help it do so The authors examine North America s secular culture and the church s loss of dominance in today s society They then present a biblically based theology that takes seriously the church s missional vocation and draw out the consequences of this theology for the structure and institutions of the church

**The Missiological Implications of Epistemological Shifts** Paul G. Hiebert,1999-01-01 This book explores the question of epistemology or theory of knowledge and its impact upon how we view and do missions in today s world What must a new convert know or believe How do they know How can we translate and communicate Christian teachings interculturally without distorting the message How should we do missions in an anti colonial postmodern era characterized by religious relativism and accusations of Christian imperialism In struggling with these questions Paul Hiebert focuses on the epistemological foundations that underlay them He examines three specific theories of knowledge positivism instrumentalism idealism and critical realism In the end he sides with the latter because it avoids the arrogance and colonialism implicit in positivism and the relativism of instrumentalism idealism Critical realism Hiebert argues strikes a kind of middle ground between the emphasis upon objective truth and the subjective nature of human knowledge It allows for a real world that exists independently from human perceptions and opinions of it restores emotions and moral judgments as essential parts of knowing and creates the conditions for knowing persons intimately and as fully human all of the which have important implications for Christian mission in the modern world

**Mobilizing for the Common Good** Peter Slade,Charles Marsh,Peter Heltzel,2013-07-27 Born into a sharecropping family in New Hebron Mississippi in 1930 and only receiving a third grade education John M Perkins has been a pioneering prophetic African American voice for reconciliation and social justice to America s white evangelical churches Often an unwelcome voice and always a passionate provocative clarion Perkins persisted for forty years in bringing about the formation of the Christian Community Development Association a large network of evangelical churches and community organizations working in America s poorest communities and inspired the emerging generation of young evangelicals concerned with releasing the Church from its cultural captivity and oppressive materialism John M Perkins has received surprisingly little attention from historians of modern American religious history and theologians Mobilizing for the Common Good is an exploration of the theological significance of John M Perkins With contributions from theologians historians and activists this book contends that Perkins ushered in a paradigm shift in twentieth century evangelical theology that continues to influence Christian community development projects and social justice activists today

*Jesus Christ Our Lord* C. Norman Kraus,2004-08-06 In response to readers comments this revised edition provides helpful clarifications charts and expanded notes and references Kraus in a theological description of Jesus Christ offers answers to questions of Jesus identity and the nature of the revelation salvation which came through him This anticipates his volume God Our Savior dealing with implications of Christ s revelation

for other data of theology such as God humankind the Holy Spirit church and eschatology For many years the idea of vicarious suffering to atone for the sins of humanity has not been self evident in Western culture to say nothing of the cultures of Asia Western theologians have presupposed Roman categories of guilt and legal penalty as the framework for their explanations However this has been unsatisfactory in cultures where social tradition and shame are primary moral sanctions Observing that the biblical cultural context was more oriented to shame than to a legal concept of guilt Kraus has reinterpreted the meaning and efficacy of the cross as the means of God s salvation Such a reinterpretation requires that one also reevaluate the theological definition of Jesus person How one understands what he did for us is closely related to how one understands who he was His identity and role mutually impact each other Thus one must ask Who was this one who reconciled us to God by suffering the shame of our sin In answer Kraus finds concepts of self identity and self revelation most helpful Jesus the self revelation of God to us is God giving himself to us That self revelation comes as a self giving and only in the form of a genuinely personal historical and human relationship In all of this the author intends to present an authentically biblical picture of Jesus but in the context of modern language and thought forms **In the Midst of Much-Doing** Charles

R. Ringma,2023-05-31 How are we to sustain activism and compassion amidst the never ending crises of the twenty first century While the concern for social justice is deeply biblical cynicism burnout and despair are all too common side effects when action is divorced from contemplation To effectively serve as the hands and feet of Jesus the church must attend to the revitalization of its inner life through the spiritual practices which feed support and sustain the work of the kingdom Rather than the fragmentation and dualism that have led denominations to choose between prayer and service evangelization and justice the church must integrate heart mind and body in order to fulfil its calling to transform the world from within

Drawing from Scripture and a wide range of Christian traditions from the monastic to the evangelical this book inspires its readers to integrate spiritual renewal and prophetic witness for the glory of God and the good of his creation Emerging Prophet Kyle A. Roberts,2013-04-23 Kierkegaard was a prophet who critiqued Christendom the perversion of authentic New Testament Christianity into the institutionalized materialistic triumphalist and flabby religion of modernism Emergent Christianity is attempting to carve out a more authentic way of being Christian and doing church within and beyond the ineffectual institutionalized church of modernity In many ways Kierkegaard s critiques concerns and goals overlap with emergent Christianity and the emerging church For the first time this book brings Kierkegaard into a dialogue with various postmodern forms of Christianity on topics like revelation and the Bible the atonement and moralism and the church as an apologetic of witness In conversation with postmodern philosophers contemporary theologians and emergent leaders Kierkegaard is offered as a prophetic voice for those who are carving out an alternative expression of the New Testament today and attempting to follow Christ through works of love **Her Testimony is True** Robert Maccini,1996-05-01 In Her

Testimony is True the Gospel of John is analysed as a rhetorical work that uses the metaphor of a trial in order to persuade

readers that the Messiah is Jesus John's presentation of women as witnesses in that trial is examined within the framework of Jewish law and custom regarding women as witnesses Maccini concludes that the role of the women as witnesses follows no stereotypical pattern that the women as witnesses like the men are treated as individuals not as a class and that in no case do any of the women bear witness in a way that breaches Jewish law and the custom of the contemporary culture
