Kutzinski, 2012-10-15 The poet Langston Hughes was a tireless world traveler and a prolific translator editor and marketer Translations of his own writings traveled even more widely than he did earning him adulation throughout Europe Asia and especially the Americas In *The Worlds of Langston Hughes* Vera Kutzinski contends that for writers who are part of the African diaspora translation is more than just a literary practice it is a fact of life and a way of thinking Focusing on Hughes's autobiographies translations of his poetry his own translations and the political lyrics that brought him to the attention of the infamous McCarthy Committee she shows that translating and being translated and often mistranslated are as vital to Hughes's own poetics as they are to understanding the historical network of cultural relations known as literary modernism As Kutzinski maps the trajectory of Hughes's writings across Europe and the Americas we see the remarkable extent to which the translations of his poetry were in conversation with the work of other modernist writers Kutzinski spotlights cities whose role as meeting places for modernists from all over the world has yet to be fully explored Madrid Havana Buenos Aires Mexico City and of course Harlem The result is a fresh look at Hughes not as a solitary author who wrote in a single language

but as an international figure at the heart of a global intellectual and artistic formation      *Citizen Newhouse* Carol Felsenthal, 2011-01-04 An acclaimed biographer takes on one of the world's most elusive media moguls in *Citizen Newhouse*. The harvest of four years and over 400 interviews, Carol Felsenthal's book is an unauthorized investigative biography that paints a tough yet even-handed portrait. Here is the father, Sam Newhouse, who developed a formula for creating newspaper monopolies in small metropolitan markets and turned it into a huge family fortune. And the sons, Si in the magazine business with his crown jewels, *The New Yorker*, *Vanity Fair*, and *Vogue*, and Donald who runs the family's newspaper and cable television companies. Focusing on Si's life and career, *Citizen Newhouse* takes the measure of one of America's most powerful yet unexamined figures. Felsenthal shows how Si's quirky behavior as a shy and awkward outsider has had a far-reaching impact on the properties he owns, affecting and in the opinion of some compromising the quality of the Newhouse product across the country and the world. Felsenthal shines a light on the breathtaking changes that have taken place among Si's top editors and the fabulous perks available to members of this elite. She also lays bare the role played by Roy Cohn in the affairs of both father and son. *Citizen Newhouse* provides a fascinating account of powerful and glamorous lives and their impact on the newspapers and magazines we read every day.
