The Aztec Of Destiny:

The Aztec Book of Destiny Rick Holmer, 2005-09 The Aztec Book of Destiny summarizes traditional Mesoamerican beliefs about the spiritual nature of time and its influence on one's personality and fate. The ancient Aztec, Toltec, and Maya believed that the day of birth as defined in their sacred calendar affects destiny, and this philosophy has guided their daily lives for more than 3000 years. This book condenses the scattered and disparate literature about these beliefs into a fun and informative narrative, but it goes far beyond what academics and popular authors have published to date. The author presents a unique perspective shaped by the wisdom of a traditional calendar keeper he met in Mexico in 1973. The book's message is that the calendar is not simply an ancient and forgotten curiosity; it is as relevant today as in ancient times. The majority of the book projects the timeless Mesoamerican philosophy into contemporary Western society, encouraging introspection and self-awareness.

The Aztec God and Other Dramas George Lansing Raymond, 1916 **Shadows of the Future - Episode II Destiny's Child** Robert J. Rubinetti, 2023-05-15 When Amanda Stevenson was fifteen, her parents took her to XUNANTUNICH, an ancient Mayan city. While there, an archeologist working at the site unearthed the tomb of the city's first Mayan leader. Taking advantage of this opportunity, Daniel Stevenson used his influence to allow his daughter to be present at the opening of the tomb. But as fate would have it, within the tomb, two sets of remains were found. Along with the Mayan leader was an alien corpse. Although no one had ever seen a being like this, the alien writings in the tomb matched those Daniel had seen in the ICON star system, but he had hoped never to see again. Years later, on Mars, a drilling company discovers the remains of an underground alien outpost destroyed thousands of years ago but belonging to the same race of beings as the one found in the Mayan tomb. Finishing her Masters degree in Archeology, Amanda goes to Mars with Archeologist Aston Farlow to uncover the secrets buried in the

ancient alien outpost Meanwhile on ICON 5 explorers for the United Earth Reconnaissance Organization UERO are assigned to map out the planet's unexplored lands As they traverse great stretches of mountains valleys and thick forests they discover an identical alien outpost to the one on Mars This one however is not so abandoned Eventually Amanda discovers a secret so profound that it causes her to question her own existence Compelled by this knowledge she returns to ICON to communicate with the alien beings Beings that have been hiding for thousands of years from a malevolent evil bent on their complete and utter genocide Beings that have awaited the coming of an ancient prophecy that could mean the difference between their freedom or final extinction A prophecy thousands of years old imparted to their race by their Grand Oracle A prophecy on an intercept course with the human race and coming of Amanda Stevenson
