The Backbench Diaries Of Richard Crossman Edited By Janet Morgan:

Callaghan's Journey to Downing Street P. Deveney, 2015-12-11 An account of how one Labour Party politician after suffering the biggest setback of his political career used the anti Vietnam War demonstrations in Grosvenor Square the battle over trade union reform and the Troubles in Northern Ireland to propel himself to No 10

The Passionate Economist Sally Sheard, 2014 Brian Abel Smith was one of the most influential figures in the shaping of social welfare in the twentieth century A modern day Thomas Paine the British economist and expert advisor was driven to improve the lives of the poor working with groups like the World Health Organization International Labour Organization and the World Bank to help bring health and social welfare services to millions across the globe *The Passionate Economist* is the first biography to chronicle his life and the many programs he helped create Sally Sheard details Abel Smith's work as an economist and advocate setting it against the backdrop of the larger history of health and social welfare development since the 1950s She analyzes these developments and the effects that long running welfare debates have had on both poverty and state responses to it She compares welfare implementation in different developing countries and examines how it was administered by the agencies for which Abel Smith worked The result is an accessible book on a leading humanitarian and through him a history of exactly how we have cared for each other in the globalized era

Documentary Research in Education, History, and the Social Sciences Gary McCulloch, 2004 This up to date examination of how to research and utilise documents analyses texts from the past and present considering sources ranging from personal archives to online documents and including books reports official documents and printed media

Mountbatten, Cold War and Empire, 1945-79 Adrian Smith, 2022-11-17

Mountbatten Cold War and Empire 1945-79 focuses upon Admiral Lord Mountbatten as a commanding if controversial figure in the history of Britain and its empire from Churchill's wartime coalition through to the Labour governments of the 1960s and forms a sequel to *Mountbatten Apprentice War Lord* Written in three parts focusing on the premierships of Churchill and Attlee Eden Macmillan Douglas Home and Wilson this book examines the debates over Mountbatten's record in Southern Asia in 1943-6 and 1947-8 Additional chapters focus on Mountbatten's position at the heart of the British state and his pivotal role at key moments in the immediate post war era most notably the partition of India the Suez Crisis and the renewal of an ostensibly independent nuclear deterrent This book also considers Mountbatten's relationship with Anthony Eden both during and following the Suez Crisis as well as detailing Mountbatten's achievements as First Sea Lord and Chief of the Defence Staff under Harold Macmillan and his immediate successors Smith acknowledges Mountbatten's centrality to the history of Britain and its empire in the immediate post war era and in doing so presents a fascinating picture of one of the most prominent figures of the 20th century Smith's scrupulous examination of primary sources including those available in the Broadlands Archives results in a thorough examination of a controversial figure by eschewing often baseless speculation about Mountbatten's personal life Smith creates the first comprehensive overview of Admiral Lord Mountbatten's career

from 1943 to the mid sixties **The Routledge Companion to Britain in the Twentieth Century** Mark

Clapson, 2009-06-23 From the outbreak of World War I to the introduction of the NHS to the first television set this book covers in detail some of the most important events that shaped twentieth century Britain Packed with a wealth of chronologies facts and figures and bibliographies this guide will be an indispensable reference tool **Family Britain, 1951-1957** David Kynaston, 2010-12-01

As in his highly acclaimed *Austerity Britain* David Kynaston invokes an astonishing array of vivid intimate and unselfconscious voices to drive his narrative of 1950s Britain The keen eyed Nella Last shops assiduously at Barrow Market as austerity and rationing gradually give way to relative abundance housewife Judy Haines relishing the detail of suburban life brings up her children in Chingford the self absorbed civil servant Henry St John perfects the art of grumbling These and many other voices give a rich unsentimental picture of everyday life in the 1950s Well known figures are encountered on the way such as Doris Lessing joining and later leaving the Communist Party John Arlott sticking up on *Any Questions* for the rights of homosexuals and Tiger s Roy of the *Rovers* making his goal scoring debut for *Melchester* All this is part of a colourful unfolding tapestry in which the great national events the Tories returning to power the death of George VI the Coronation of Queen Elizabeth the Suez Crisis jostle alongside everything that gave Britain in the 1950s its distinctive flavour Butlin s holiday camps Kenwood food mixers Hancock s *Half Hour Ekco* television sets Davy Crockett skiffle and teddy boys Deeply researched David Kynaston s *Family Britain* offers an unrivalled take on a largely cohesive ordered still very hierarchical society gratefully starting to move away from the painful hardships of the 1940s towards domestic ease and affluence **Communing with the Enemy** Merrilyn Thomas, 2005 Based on archival sources this book examines the secret role of British and German Christians in the Cold War both as non governmental envoys and as members of covert intelligence operations and demonstrates the way in which religion was used as a tool of psychological warfare

Egalitarian Thought and Labour Politics Nick Ellison, 2002-11 Nick Ellison argues that the concept of equity is the cornerstone of the British socialist tradition examining the alternative understandings that have divided the Labour party since 1930 and considering contemporary attitudes **Eden** D R Thorpe, 2011-05-31 Anthony Eden who served as both Foreign Secretary and Prime Minister was one of the central political figures of the twentieth century He had good looks charm a Military Cross from the Great War an Oxford first and a secure parliamentary constituency from his mid twenties He was Foreign Secretary at the age of 38 and the first British statesman to meet Hitler Mussolini and Stalin Eden s dramatic resignation from Neville Chamberlain s Cabinet in 1938 outlined here in the fullest detail yet made an international impact This ground breaking book examines his controversial life and tells the inside story of the Munich crisis 1938 the Geneva Conference 1954 Eden s battles with Churchill over the modernisation of the post war Conservative Party and his rivalry with Butler and Macmillan in the early 1950s culminating in a fascinating analysis of the Suez crisis **Bomber Boys on Screen**

S. P. MacKenzie, 2019-08-08 Since the Second World War depictions of Royal Air Force operations in film and television

drama have become so numerous that they make up a genre worthy of scholarly attention In this illuminating study S P MacKenzie explores the different ways in which the men of RAF Bomber Command have been represented in dramatic form on the big and small screen from the war years to the present day Bomber Boys on Screen is the first in depth study of how and why the screen drama image of those who flew those who directed them and those who provided support for RAF bomber operations has changed over time sometimes in contested circumstances Until now dramas that focus on Bomber Command have tended to be mentioned only in passing or studied in isolation despite the prevalence of surveys of both the British war film genre and of aviation cinema In Bomber Boys on Screen MacKenzie examines the development presentation and reception of significant dramas on a decade by decade basis Titles from the beginning of the war The Lion Has Wings 1939 to the start of new century Bomber s Moon 2014 are situated in the context of technical possibilities and limitations evolving social and cultural norms in the United Kingdom and elsewhere and the development of moral and utilitarian controversies surrounding the wartime bomber offensive directed against Nazi Germany While the focus is on feature films and television plays reference is also made to documentaries memorials veterans organizations book titles war comics and other representations of the war fought by Bomber Command

The Postwar Legacy of Appeasement R. Gerald Hughes, 2014-01-16 Focusing on the Cold War and the post Cold War eras R Gerald Hughes explores the continuing influence of Appeasement on British foreign policy and re evaluates the relationship between British society and Appeasement both as historical memory and as a foreign policy process The Postwar Legacy of Appeasement explores the reaction of British policy makers to the legacies of the era of Appeasement the memory of Appeasement in public opinion and the media and the use of Appeasement as a motif in political debate regarding threats faced by Britain in the post war era Using many previously unpublished archival sources this book clearly demonstrates that many of the core British beliefs and cultural norms that had underpinned the Chamberlainite Appeasement of the 1930s persisted in the postwar period

Domestic Policy Discourse in the US and the UK in the 'New World Order' Lori Maguire, 2010-08-11 With the end of the Cold War many commentators expected a renewed emphasis on domestic policy as a result of this major change in foreign policy Until the attacks of 11 September 2001 this is exactly what happened The new world order in domestic terms celebrated the triumph of capitalism and free markets At this time Milton Friedman s economic ideas were all the rage and Keynes completely out of fashion The economic problems of the 1970s in combination with the manifest failure of communist economies had largely discredited the traditional notion of the Left and party rhetoric reflected this Both the Democrats and Labour had begun in the 1980s faced with the success of Reagan and Thatcher a process of redefinition people talked of New Democrats and New Labour During the campaign of 1992 Clinton insisted on the need for a modern mainstream agenda and used key terms often associated with conservatism like expansion of opportunity choice responsibility and reinventing government Labour especially after Tony Blair became leader in 1994 followed the same path Both the Conservatives and the Republicans had

pushed to the right in the late 1970s and continued this trend in the following years. Although their electoral fortunes varied, they increasingly found themselves divided between moderate and more rightwing members. In Britain, this division focused on Europe, while in the US it usually concerned social and ethical questions. By 2010, the Conservatives had attained some cohesion under David Cameron, but the Republicans were openly feuding. This book's originality lies in its scope, in its comparative aspect, and in its inclusion of first person accounts as well as scholarly studies. In particular, the book includes one of the first major analyses of the health care debate from Clinton's failed attempt to the conclusion of Obama's successful one. Highly up to date and topical, it also discusses discourse related to the recent economic crisis, the so-called Climategate scandal, the UK elections of 2010, the gay rights debates in the US, Islamophobia, and the Arizona immigration law.

Classics in the Modern World Lorna Hardwick, Stephen Harrison, 2013-11-01. *Classics in the Modern World* brings together a collection of distinguished international contributors to discuss the features and implications of a democratic turn in modern perceptions of ancient Greece and Rome. It examines how Greek and Roman material has been involved with issues of democracy both in political culture and in the greater diffusion of classics in recent times outside the elite classes. By looking at individual case studies from theatre, film, fiction, TV, radio, museums, and popular media, and through area studies that consider trends over time in particular societies, the volume explores the relationship between Greek and Roman ways of thinking and modern definitions of democratic practices and approaches, enabling a wider re-evaluation of the role of ancient Greece and Rome in the modern world.

Algerian Independence and the British Left Mélanie Torrent, 2024-11-14. Based on archives from governments, parties, organisations, and individuals, this book investigates the relationship between the British left and Algerian liberation movements during the Algerian War of Independence, 1954-1962. It explores the presence of representatives of the *Mouvement national algérien* (MNA) and the *Front de libération nationale* (FLN) in London, where they actively sought support for peace, independence from France, and the global end of European domination. By surveying their interactions with individuals and groups in the anticolonial left, including prominent Labour MPs and Trotskyist groups, Asian and African associations, and students' unions, Torrent shows how and why solidarity was interpreted differently across the left and in relation to Britain's own end of empire conflicts. Tracing connections across Europe and beyond, this book demonstrates how the war influenced conceptions of socialism, communism, and internationalism in Britain: what being European meant, and what place the Commonwealth should have in a world where armed struggle and liberation diplomacy disrupted boundaries.

Supermac D. R. Thorpe, 2010-09-09. Great grandson of a crofter and son-in-law of a Duke, Harold Macmillan (1894-1986) was both complex as a person and influential as a politician. Marked by terrible experiences in the trenches in the First World War and by his work as an MP during the Depression, he was a Tory rebel, an outspoken backbencher opposing the economic policies of the 1930s and the appeasement policies of his own government. Churchill gave him responsibility during the Second World War, with executive command as Viceroy of the Mediterranean. After the

War in opposition Macmillan was one of the principal reformers of the Conservatives and after 1951 back in government served in several important posts before becoming Prime Minister after the Suez Crisis Supermac examines key events including the controversy over the Cossacks repatriation the Suez Crisis You've Never Had It So Good the Winds of Change the Cuban Missile Crisis and the Profumo Scandal The culmination of thirty five years of research into this period by one of our most respected historians this book gives an unforgettable portrait of a turbulent age Shortlisted for the Orwell Prize

The Centre of Things Christopher Harvie, 2005-08-02 This is an excellent survey of the British political novel Contemporary Review Continental Drift Benjamin Grob-Fitzgibbon, 2016-05-26 A fascinating new account of Britain's uneasy relationship with the European continent since the end of the Second World War set against the backdrop of decolonization the Cold War and the Anglo American relationship Benjamin Grob Fitzgibbon charts Britain's evolution from an island of imperial Europeans to one of post imperial Eurosceptics *Winds of Change* Peter Hennessy, 2019-09-05 Following *Never Again* and *Having It So Good* the third part of Peter Hennessy's celebrated Post War Trilogy By far the best study of early Sixties Britain so much fun yet still shrewd and important The Times Books of the Year Harold Macmillan famously said in 1960 that the wind of change was blowing over Africa and the remaining British Empire But it was blowing over Britain too its society its relationship with Europe its nuclear and defence policy And where it was not blowing hard enough the United Kingdom's economy great efforts were made to sweep away the cobwebs of old industrial practices and poor labour relations Life was lived in the knowledge that it could end in a single afternoon of thermonuclear exchange if the uneasy armed peace of the Cold War tipped into a Third World War In *Winds of Change* we see Macmillan gradually working out his grand design how to be part of both a tight transatlantic alliance and Europe dealing with his fellow geostrategists Kennedy and de Gaulle The centre of the book is 1963 the year of the Profumo Crisis the Great Train Robbery the satire boom de Gaulle's veto of Britain's first application to join the EEC the fall of Macmillan and the unexpected succession to the premiership of Alec Douglas Home Then in 1964 the battle of what Hennessy calls the tweedy aristocrat and the tweedy meritocrat Harold Wilson who would end 13 years of Conservative rule and usher in a new era As in his acclaimed histories of British life in the two previous decades *Never Again* and *Having it so Good* Peter Hennessy explains the political economic cultural and social aspects of a nation with inimitable wit and empathy No historian knows the by ways as well the highways of the archives so well and no one conveys the flavour of the period so engagingly The early sixties live again in these pages

British Prime Ministers From Balfour to Brown Robert Pearce, Graham Goodlad, 2013-09-02 The origins of the post of Prime Minister can be traced back to the eighteenth century when Sir Robert Walpole became the monarch's principal minister From the dawn of the twentieth century to the early years of the twenty first however both the power and the significance of the role have been transformed *British Prime Ministers from Balfour to Brown* explores the personalities and achievements of those twenty individuals who have held the highest political office between 1902 and 2010 It includes

studies of the dominant premiers who helped shape Britain in peace and war Lloyd George Churchill Thatcher and Blair as well as portraits of the less familiar from Asquith and Baldwin to Wilson and Heath Each chapter gives a concise account of its subject's rise to power ideas and motivations and governing style as well as examining his or her contribution to policy making and handling of the major issues of the time Robert Pearce and Graham Goodlad explore each Prime Minister's interaction with colleagues and political parties as well as with Cabinet Parliament and other key institutions of government Furthermore they assess the significance and current reputation of each of the premiers This book charts both the evolving importance of the office of Prime Minister and the continuing restraints on the exercise of power by Britain's leaders These concise accessible and stimulating biographies provide an essential resource for students of political history and general readers alike

Fight or Flight Martin Thomas, 2014-03-13 Although shattered by war in 1945 Britain and France still controlled the world's two largest colonial empires with imperial territories stretched over four continents And they appeared determined to keep them the roll call of British and French politicians soldiers settlers and writers who promised in word and print at this time to defend their colonial possessions at all costs is a long one Yet within twenty years both empires had almost completely disappeared The collapse was cataclysmic Peaceable transfers of power were eclipsed by episodes of territorial partition and mass violence whose bitter aftermath still lingers Hundreds of millions across four continents were caught up in the biggest reconfiguration of the international system ever seen In the meantime even the most dogged imperialists who had once stiffly defended imperial rule ultimately bent to the wind of change By the early 1950s Winston Churchill had retreated from his wartime pledge to keep Britain's Empire intact And General de Gaulle who quit the French presidency in 1946 complaining that France's new post war democracy would never hang on to the country's imperial prizes narrowly escaped assassination a generation later after negotiating the humiliating French withdrawal from Algeria *Fight or Flight* is the first ever comparative account of this dramatic collapse explaining the end of the British and French colonial empires as an intertwined even co dependent process Decolonization gathered momentum not as an empire specific affair but as a global one in which the wider march of twentieth century history played a vital part industrial concentration and global depression World War and Cold War Communism and other anti colonial ideologies mass consumerism and the allure of American popular culture Above all as Martin Thomas shows the internationalization of colonial affairs made it impossible to contain colonial problems locally spelling the end for Europe's two largest colonial empires in less than two decades from the end of the Second World War

The Enthralling World of Kindle Books: A Detailed Guide Revealing the Advantages of E-book Books: A Realm of Convenience and Versatility Kindle books, with their inherent mobility and ease of availability, have liberated readers from the constraints of hardcopy books. Gone are the days of carrying bulky novels or carefully searching for specific titles in shops. Kindle devices, stylish and lightweight, seamlessly store an wide library of books, allowing readers to indulge in their preferred reads anytime, everywhere. Whether traveling on a bustling train, relaxing on a sunny beach, or just cozying up in bed, Kindle books provide an exceptional level of convenience. A Literary World Unfolded: Discovering the Vast Array of E-book The Backbench Diaries Of Richard Crossman Edited By Janet Morgan The Backbench Diaries Of Richard Crossman Edited By Janet Morgan The Kindle Shop, a digital treasure trove of literary gems, boasts an wide collection of books spanning varied genres, catering to every readers taste and choice. From gripping fiction and mind-stimulating non-fiction to timeless classics and modern bestsellers, the Kindle Store offers an exceptional abundance of titles to discover. Whether looking for escape through immersive tales of fantasy and exploration, delving into the depths of past narratives, or broadening ones understanding with insightful works of scientific and philosophical, the Kindle Shop provides a gateway to a literary world brimming with limitless possibilities. A Revolutionary Force in the Literary Scene: The Enduring Influence of Kindle Books The Backbench Diaries Of Richard Crossman Edited By Janet Morgan The advent of Kindle books has unquestionably reshaped the bookish scene, introducing a model shift in the way books are published, distributed, and consumed.
