The Bah Faith And Marxism:

Faith, Religion & Theology Brennan Hill, Paul F. Knitter, William Madges, 1997 This thoroughly updated text offers students and adults an overarching perspective The Faith section focuses on the nature of human faith and Christian faith The Religion section examines the personal and social value of religion religious belief and behavior and offers an overview of major world religions The Theology section includes an analysis of the theology faith relationship Suggested readings and study questions excellent end notes and index add to the value of this edition [Pascal: Reasoning and Belief](#) Michael Moriarty, 2020-02-13 This book is a study of Blaise Pascal's defence of Christian belief in the *Pensées* Michael Moriarty aims to expound and in places to criticize what he argues is a coherent and original apologetic strategy Setting out the basic philosophical and theological presuppositions of Pascal's project the present volume draws the distinction between convictions attained by reason and those inspired by God given faith It also presents Pascal's view of the contradictions within human nature between the wretchedness our inability to live the life of reason to attain secure and durable happiness and the greatness the power of thought manifested in the very awareness of our wretchedness His mind body dualism and his mechanistic conception of non human animals are discussed Pascal invokes the biblical story of the Fall and the doctrine of original sin as the only credible explanation of these contradictions His analysis of human occupations as powered by the twin desire to escape from painful thoughts and to gratify one's vanity is subjected to critical examination as is his conception of the self and self love Pascal argues that just as Christianity propounds the only explanation for the human condition so it offers the only kind of happiness that would satisfy our deepest longings He thus reasons that we have an interest in investigating its truth claims as rooted in the Bible and in history The closing chapters of this book discuss Pascal's view of Christian morality and the famous wager argument for opting in favour of Christian belief **Rethinking Human Rights for the New Millennium** A. Fields, 2003-01-17 This book invites people to think more deeply about human rights in an attempt to overcome many of the traditional arguments in the human rights literature Belden Fields argues that human rights should be reconceptualized to combine philosophical historical and empirical practical dimensions The best way to understand human rights is not as a set of universal abstractions but rather as a set of past and ongoing social practices rooted in the claims and struggles of peoples against what they consider to be political economic or social domination Fields aptly shows how a people's fight for recognition is often closely tied to rights claims and that these connections to identify can help bridge the gulf between universalistic and cultural relativistic arguments in the human rights debate **The Bahá'í Faith and Marxism** Association for Bahá'í Studies, 1987 **Practical Plays** Pamela Marx, 2007-08 Nine Easy to Do Plays Halloween Thanksgiving Winter Holidays Valentine's Day Community Environment Native American NEW America NEW History NEW **The Modern Divine Comedy Book 2: Inferno 2 Ascending** Andrew J. Paul Tillich and Religious Socialism Kirk R. MacGregor, 2021-03-19 Paul Tillich and Religious Socialism Towards a Kingdom of Peace and Justice argues that the Kingdom of God the reign of God over all human affairs via God's manifestations in love power and justice can be fragmentarily achieved through a religious socialism that creatively integrates the early Tillich's socialist thinking with later insights throughout Tillich's theological career and with contemporary developments in just peacemaking The resulting religious socialism is defined by economic justice and a recognition of the sacred reality in all human endeavors It employs Christianity to furnish the necessary depth for warding off materialism and affirming the spiritual dimension of both labor and acquiring material goods The unbridgeable Marxist chasm between expectation and reality is bridged through new being already historically inaugurated in the Christhood of Jesus New being is fundamentally oriented toward bringing justice to the poor the disenfranchised and the marginalized It affirms the individual and equal value of all persons and thus in Kantian terms promotes a kingdom of intrinsically worthwhile ends rather than a kingdom of instrumentally worthwhile means of things
