joined forces against their common aggressors the Spanish inmates Chancer's gang became invincible in this cauldron of hate and fear their numbers were few but their strength lay in the loyalty and respect they had for each other combined with their courage and fighting skills Chance highlights the fact that much international crime is planned in prison and strong business friendships are forged which last for years This harrowing tale is prison writing in the raw The action remains unremittingly confined to the brutal ugly and corrupt environment of the Carabanchel and rubs the noses of the politically correct brigade in the filth of the real world
