The Economic Background Of The Gospels:

The Economic Background of the Gospels Frederick Clifton Grant, 1926 *The Economic Background of the Gospels* Frederick Clifton Grant, 1926 The Background of the New Testament and Its Eschatology William David Davies, David Daube, 1964 **A Rabbinic Commentary on the New Testament** Samuel Tobias Lachs, 1987 **Hostility to Wealth in the Synoptic Gospels** Thomas E. Schmidt, 1987-09-01 The argument of this interesting monograph is that hostility to wealth exists independently of socio economic circumstances as a fundamental religious ethical tenet consistently expressed in the Synoptic Gospels Part one offers a critique of the view that economic conditions determined the origin and or extant form of the relevant texts Part two considers the ideological background of the Synoptic teaching by tracing the development of the tradition from the earliest written sources to the New Testament era Five stages locate expressions of hostility to wealth in logical and general chronological sequence The tradition is shown to have developed primarily among aristocratic established groups Part three examines the relevant Synoptic texts Several important passages in Mark establish the existence of the tradition of hostility to wealth and its primary significance as a way of expressing trust in God This significance distinguishes the tradition from economic resentment and from sympathy for the economically poor Matthew shows continuity with Mark while Luke evinces a fuller expression of the tradition **Jesus in the Church's Gospels** John Henry Paul Reumann, 1968 The Cambridge Companion to the New Testament Patrick Gray, 2021-05-13 This Companion introduces the New Testament in its historical context as well as critical approaches for a non specialist audience It provides an up to date snapshot of scholarship with essays by leading scholars who presume no prior knowledge on the reader's part yet go into greater detail than a typical introductory textbook **New Testament Backgrounds** Craig A. Evans, Stanley E. Porter, 1997-02-01 This new volume collects the best articles on this topic from the first fifty issues of the Journal for the Study of the New Testament Here readers will find ground breaking studies that introduce new critical questions and move into fresh areas of enquiry surveys of the state of play in these particular fields of New Testament study and articles that engage with each other in specific debates This volume will make an excellent textbook for students **Introducing New Testament Interpretation (Guides to New Testament Exegesis)** Scot McKnight, 1990-02-01 This volume discusses various hermeneutical methods used in understanding the New Testament such as word studies grammatical analysis New Testament background theological synthesis textual criticism and use of the Old Testament in the New **Galilee and Gospel** Sean Freyne, 2022-09-12 Please note that this title is only available to customers in the USA Canada and Mexico NO salesrights for Rest of World Galilee has long been a subject of fascination and scholarly inquiry because of its association with the formative periods of both Rabbinic Judaism and Early Christianity Sean Freyne undertakes the difficult but essential task of bringing together literary and archaeological evidence to reconstruct the geographic social and religious world of Galilee in Hellenistic and Roman times Both literary and archaeological evidence are essential for the study of early Judaism

and the quest for the historical Jesus Freyne fruitfully examines both areas of inquiry and makes substantial contributions to ongoing scholarly debates

The Theme of Jewish Persecution of Christians in the Gospel According to St Matthew Douglas R. A. Hare, 2005-10-06 This book examines the historical data related to the suffering imposed on Christians and evaluates Matthew's portrayal of the persecutions

The Economic Journal, 1927 Contains papers that appeal to a broad and global readership in all fields of economics

Economics, Ethics and Religion R. Wilson, 1997-02-24 There is a revival of interest by economists in ethical issues and beliefs and by moral philosophers and theologians in economics This book is intended to make a contribution to this cross fertilisation of ideas Rodney Wilson has undertaken an extensive survey of Jewish Christian and Muslim views on economics and reviewed the rapidly expanding business ethics literature from a religious perspective The juxtaposition of the work of theologians and moral philosophers with that of economists results in some interesting comparisons

The New Testament World H.E. Dana, 2000-07-27

The First World War and the Mobilization of Biblical Scholarship Andrew Mein, Nathan MacDonald, Matthew A. Collins, 2019-02-07 This fascinating collection of essays charts for the first time the range of responses by scholars on both sides of the conflict to the outbreak of war in August 1914 The volume examines how biblical scholars like their compatriots from every walk of life responded to the great crisis they faced and with relatively few exceptions were keen to contribute to the war effort Some joined up as soldiers More commonly however biblical scholars and theologians put pen to paper as part of the torrent of patriotic publication that arose both in the United Kingdom and in Germany The contributors reveal that in many cases scholars were repeating or refining common arguments about the responsibility for the war In Germany and Britain where the Bible was still central to a Protestant national culture we also find numerous more specialized works where biblical scholars brought their own disciplinary expertise to bear on the matter of war in general and this war in particular The volume's contributors thus offer new insights into the place of both the Bible and biblical scholarship in early 20th century culture

[The Parables of the Synoptic Gospels](#) B. T. D. Smith, 2013-03-28 Originally published in 1937 this book provides a critical study of the Synoptic Gospels The text is divided into two main sections part one gives an introduction to the gospels with information on their historical background and formal structure part two presents a commentary on the various parables found within the gospels An indices section and detailed notes are also included This book will be of value to anyone with an interest in biblical criticism and the history of Christianity

New Testament History Richard L. Niswonger, 1992 In this excellent history of God's authoritative message to humankind Niswonger presents the major events of the life and ministry of Jesus Paul and the apostolic church by unfolding it against the historical religious and political settings of the time and recounting the events with simplicity and directness More than 90 photographs and maps

Gospel Perspectives, Volume 2 R. T. France, David Wenham, 2003-07-08 Gospel Perspectives is the fruit of the Gospels Research Project of Tyndale House Cambridge This six volume collection published between the years of 1981 and 1986 presents top evangelical scholarship on

Gospels Contributors include William Craig Richard Bauckham Murray Harris Peter Davids Robert Stein F F Bruce Leon Morris and D A Carson **The Economic Background of the Gospel** ,1926 The Ethos of the Bible Birger

Gerhardsson,2005-02-08 This book contributes substantially to the formation of a vital sense of ethos and ethics in harmony with the biblical tradition Birger Gerhardsson points out those essential characteristics which make up the Bible s basic unity in the midst of its diversity and in the final chapter provides a summary of the Bible s ethos This summary is preceded by an historical description of the ethos of postexilic Judaism and early Christianity from about five hundred years before Christ to the mid second century being the period covered Distinctive to this book is its demonstration of the role which the fundamental command of love for God Deut 6 4 5 played in the ethical thinking of early Christianity not only through the profound idea at its root but also through its wording

Whispering the Techniques of Language: An Psychological Journey through **The Economic Background Of The Gospels**

In a digitally-driven world wherever displays reign supreme and immediate transmission drowns out the subtleties of language, the profound techniques and psychological nuances concealed within phrases frequently go unheard.
