The Economic Development of Poland 1919-1950 Jack Taylor, 1952      **The Economic Development of Poland, 1919-1950. J. Taylor ...** J. Taylor, 1952      *The Economic Development of Poland, 1919-1950* Jack TAYLOR (of the University of Rochester.), 1952      **The economic development of Poland 1919-1950** J. Taylor, 1952      **Social and Political History of the Jews in Poland 1919-1939** Joseph Marcus, 2011-10-18 No detailed description available for Social and Political History of the Jews in Poland 1919 1939      The History of Poland Since 1863 Roy Francis Leslie, R. F. Leslie, 1983-05-19 This is an account of the evolution of Poland from conditions of subjection to its reconstruction in 1918 development in the years between the two World Wars and reorganisation after 1945 It begins at a time when Poland was still suffering from the legacy of the eighteenth century Partitions and burdened with problems of sizeable ethnic minorities inadequate agrarian reforms and sluggish industrial development sustained by foreign capital It traces the history through to independence and then to the transformation of the country in the last thirty years Although many of the problems of the past have now disappeared industrialisation the structure of peasant agriculture and political association with the Soviet Union present the Polish People s Republic with difficulties that have yet to be resolved Substantial achievements in an ethnically homogeneous state must be set against substantial discontents This history provides the English speaking reader with a scholarly synthesis based mainly on literature in Polish and other East European languages It will be essential reading for historians of Eastern Europe and for those interested in modern Polish society      **Poland, 1918-1945** Peter D. Stachura, 2004 Poland 1918 1945 is a challenging revisionist analysis and interpretation supported by documentary evidence of a crucial and controversial period in Poland s recent history      **Poland between the Wars, 1918-1939** Peter D. Stachura, 1998-12-13 Incorporating selective papers from a successful conference organised by the Polish Society this book presents challenging and frequently revisionist views on a variety of controversial themes relating to the interwar Polish Republic including its struggle over Upper Silesia the question of national identity and its ethnic minorities the significance of the Battle of Warsaw the role of the press and its defence preparations in 1939 The volume thus makes an important contribution to scholarly debate of a crucial period in Poland s recent history      The Economy of East Central Europe, 1815-1989 David Turnock, 2004-03-01 From a widely published expert in the field this major survey reviews two centuries of modernization and examines the dramatic changes in the economies of Eastern Europe This is a new and comprehensive overview which incorporates fresh research and recent changes to the region to trace this economic history of Eastern Europe within the wider political and ideological context Uniquely taking the broader historical picture into account David Turnock brings together the entire scope of the modernization process from the first phase of modern national development in the Balkans and the impact of imperial systems on the area as a whole to the feeling of unfinished business at the end of the Second World War He continues up to the present day state of transition evaluating the contrasts in the region between

the northern and southern states domestic division between dynamic and backward areas and the increasing emphasis on the opening up of frontier regions Wide in scope and including detailed and informative chronologies this book will prove an invaluable asset to students of European history and economics *Poland in the Twentieth Century* P. Stachura,1999-04-26

Comprising mostly original essays this book offers challenging reassessments of some of the most important and controversial themes in Polish history from 1900 until the present In analysing Poland s triumphs and tribulations with an informed and searching eye the author achieves a high level of intellectual coherence and nuanced historical perspectives The overall result is a major contribution to a field of study which has gained even more significance and scholarly impetus since the collapse of Communism in Poland in 1989 90 **Studies in the Interwar European Economy** Derek H. Aldcroft,2019-05-23 First published in 1997 this book analyses some of the key economic issues facing Europe in the interwar period against the uncertain international political and economic background of the time Among the subjects discussed are the legacy of the peace settlements inflation trade and reconstruction international lending depression and recovery the position of Eastern and Central Europe and the progress of the peripheral nations The book contends that the peace treaties raised more problems than they solved while the policy mistakes of the Allied powers after the First World War and their failure to devise an adequate programme of economic and financial reconstruction weakened the already divided continent contributing to its disintegration *The European Economy 1914-2000* Derek Aldcroft,2002-01-10 As in earlier editions of this work Professor Aldcroft presents a succinct and lucid account of the development and problems of the European economy throughout the twentieth century The text divides into several clearly defined sub periods the aftermath of the First World War and reconstruction in the 1920sthe depression and recovery of the 1930sthe impact of the Second World War and the new division of Europe the postwar boom of the 1950s and 1960sthe growth slowdown of the 1970s and the pervasive problems of inflation and unemployment **Eastern Europe** David Turnock,2002-11 [Webs of Resistance in a Newly Privatized Polish Firm](#) Jennifer Lynn Roney,2021-11-18 First Published in 2000 This is a research study that includes deep description supported by research in organizational studies as well as Polish history sociology and anthropology of the perceptions of employees in a single Polish factory This factory is experiencing the uncertainties and opportunities of tremendous change in external contingencies and internal operations The employees in this factory are trying to adjust to a new owner and many new managers the fear of lay offs and confusion about the world in which they now find themselves **Webs of Resistance in a Newly Privatized Polish Firm** Jennifer Lynn Roney,2000 This study examines how the shared cultural values of employees in a Polish firm influenced management attempts to transform organizational practices in a newly privatized factory By introducing a foreign management approach Total Quality Management TQM the management of this factory presents a potential conflict of values between the employees and the management philosophy Tracing the historical and contemporary impact of traditional political and religious influences in

Poland and utilizing ethnographic techniques of observation interviews and secondary source data the author identifies four patterns of shared mindsets These mindsets insecurity and instability distrust reluctance to assume responsibility and a struggle between individualism and collectivism generate resistance to the successful implementation of TQM in this factory Organizational studies research has identified cultural differences in values but previous studies have not examined the congruence assessment that employees make when confronted with a management intervention such as TQM The author finds that an incongruence between societal values and the values the employees perceive are embedded in the TQM approach produced actual outcomes that are not consistent with TQM objectives of empowerment teamwork visionary leadership and continuous improvement of quality Employees demonstrated a reduced sense of empowerment team goals that are counterproductive to organizational goals autocratic leadership and an increased focus but not sustainable effort toward improving quality The book examines the reasons for these results through detailed description and extensive quotations from employees both inside the Polish firm and throughout Polish society

*Europe's Long Century* Spencer Di Scala, 2013 The twentieth century has been interpreted as a short century marked by extremes According to this view the century lasted only from 1914 to 1989 or 1991 These dates coincide with the rise and fall of communism that came to power in Russia in 1917 and ended with the fall of the Berlin wall 1989 or that of the Soviet Union 1991 Thus the concept of a short century is unduly influenced by a Cold War perspective In *Europe's Long Century* Spencer Di Scala presents an alternative view that will be more helpful to undergraduate history students in the twenty first century namely that twentieth century Europe was actually a long century lasting approximately from 1900 to 2000 with patterns and antecedents discernible before the century began and that continue to be elaborated today Comprehensive current and affordable *Europe's Long Century* integrates the histories of Eastern Europe Scandinavia and the Balkans that are often neglected in similar treatments It also thoroughly covers the role of science in shaping modern European life and the book's biographical sketches profile the lives of important though not always well known people who influenced Europe's long century

**Comparative Economics in a Transforming World Economy, third edition** J. Barkley Rosser, Jr., Marina V. Rosser, 2018-01-26 An approach to comparative economic systems that avoids simple dichotomies to examine a wide variety of institutional and systemic arrangements with updated country case studies Comparative economics with its traditional dichotomies of socialism versus capitalism private versus state and planning versus market is changing This innovative textbook offers a new approach to understanding different economic systems that reflects both recent transformations in the world economy and recent changes in the field This new edition examines a wide variety of institutional and systemic arrangements many of which reflect deep roots in countries cultures and histories The book has been updated and revised throughout with new material in both the historical overview and the country case studies It offers a broad survey of economic systems then looks separately at market capitalism Marxism and socialism and new traditional economies with an

emphasis on the role of religions Islam in particular in economic systems It presents case studies of advanced capitalist nations including the United States Japan Sweden and Germany alternative paths in the transition from socialist to market economies taken by such countries as Russia the former Soviet republics Poland China and the two Koreas and developing countries including India Iran South Africa Mexico and Brazil The new chapters on Brazil and South Africa complete the book s coverage of all five BRICS nations the chapter on South Africa extends the book s comparative treatment to another continent The chapter on Brazil with its account of the role of the Amazon rain forest as a great carbon sink expands the coverage of global environmental and sustainability issues Each chapter ends with discussion questions     *The Carpathians, the Hutsuls, and Ukraine* Anthony J. Amato,2020-12-02 This book examines the relationship between Ukraine s Galician Hutsuls and the Carpathian landscape between 1848 and 1939 The author analyzes the intersections of ecology and culture in the history of the Carpathian Mountains with a focus on the region s economy and biodiversity     **A Low, Dishonest Decade** Paul N. Hehn,2005-09-26 Focusing on the rivalries among the Great Powers in the search for markets during the world depression of the 1930s the author surveys the five Major Powers and all the Eastern European countries from the Baltic to Turkey But he primarily canvases the economic situations in locations like Czechoslovakia Hungary Poland Romania and Yugoslavia     *From Versailles to Wall Street, 1919-1929* Derek Howard Aldcroft,1981-01-01
