The Economics Of Peace

Roger Mac Ginty

The Economics Of Peace:

The Economics of Peace Kenneth Ewart Boulding, 1972 The Oxford Handbook of the Economics of Peace and Conflict Michelle R. Garfinkel, Stergios Skaperdas, 2012-04-20 This Handbook brings together contributions from leading scholars who take an economic perspective to study peace and conflict Some chapters are largely empirical exploring the correlates and quantifying the costs of conflict Others are more theoretical examining the mechanisms that lead to war or are more conducive to peace The Economics of Peace. (Third Printing.). Kenneth Ewart BOULDING, 1946 **The Economics of Conflict and Peace** Jurgen Brauer, William G. Gissy, 2017-07-05 This work addresses new directions in research on the economic theory of conflict the cost of war and the benefits of peace A collection of 17 papers drawing on contributors from all continents the volume is divided into four sections The first discusses novel ways to think about the economics of conflict and peace from theory perspectives These include discussions of conflict from the perspectives of standard neoclassical analysis and economic geography An especially interesting paper in this section addresses conflict in the context of the emerging theory of international public finance A second section deals with military expenditures economic human development and economic growth in the US and developing nations of Asia and Africa The volume enters new territory in sections three and four Section three contains a set of papers on the economic cost of war and war s aftermath significantly expanding economists rather modest efforts to date Section four is concerned with how the concepts of economics might be operationalized and institutionalized to foster security The Economics of Conflict and Peace Shikha Basnet Silwal, Charles H. Anderton, Jurgen Brauer, Christopher J. Coyne, J. Paul Dunne, 2021-06-24 Written for an audience of students general readers and economists alike this Element is a primer on the field of the economics of conflict and peace It offers a reasonably comprehensive systematic and detailed overview even if in broad strokes of the field s orthodox and heterodox history of thought and current theories and evidence The authors view this Element as a baseline account on which to build a future separate and more fully developed work on the economics of peace economic growth and human development Altogether the Element contextualizes the field of conflict and peace economics outlines its history of thought highlights examples of current theoretical and empirical scholarship in the field and maps trajectories for further research

Economics of Peace and Security James K. Galbraith, Jurgen Brauer, Lucy Law Webster, 2009-08-27 Economics of Peace and Security is a component of Encyclopedia of Development and Economic Sciences EOLSS which is an integrated compendium of twenty one Encyclopedias The theme explores the history of economic thought on war and peace the defense budget process patterns in military expenditure procurement issues the increasing globalization of the arms trade arms race issues global and regional security alliances nuclear biological and chemical weaponry the still much needed peace dividend the economics of peace agreements issues of conversion of resources from military to civilian ends peacekeeping the building of peacekeeping institutions and other topics All this is a sampler plate of what economics has to offer This volume is aimed

at the following five major target audiences University and College Students Educators Professional Practitioners Research Personnel and Policy Analysts Managers and Decision Makers NGOs and GOs The Economic Consequences of the Peace John Maynard Keynes, 2003 A popular lecturer of economics at Cambridge University and editor of the Economic Journal Keynes made The Economic Consequences of the Peace a major step in his career It was translated into a dozen languages and sold 100 000 copies in six months Taken seriously even by those who were opposed to his claims the book helped lift economics to a new higher level of recognition and acceptance This volume with its insightful portraits of Lloyd George Georges Clemenceau and Woodrow Wilson remains one of the great works of political economy of our time BOOK JACKET

The Economics of Conflict and Peace Shikha Basnet Silwal, Charles H. Anderton, Jurgen Brauer, Christopher J. Coyne, J. Paul Dunne, 2021-05-31 Written for an audience of students general readers and economists alike this Element is a primer on the field of the economics of conflict and peace It offers a reasonably comprehensive systematic and detailed overview even if in broad strokes of the field s orthodox and heterodox history of thought and current theories and evidence The authors view this Element as a baseline account on which to build a future separate and more fully developed work on the economics of peace economic growth and human development Altogether the Element contextualizes the field of conflict and peace economics outlines its history of thought highlights examples of current theoretical and empirical scholarship in the field and maps trajectories for further research *The Economic Consequences of Peace* John Maynard Keynes, 2014-02-07 The Economic Consequences of the Peace 1919 was written by John Maynard Keynes Keynes attended the Versailles Conference as a delegate of the British Treasury and argued for a much more generous peace It was a bestseller throughout the world and was critical in establishing a general opinion that the Versailles Treaty was a Carthaginian peace It helped to consolidate American public opinion against the treaty and involvement in the League of Nations The perception by much of the British public that Germany had been treated unfairly in turn was a crucial factor in public support for appeasement The success of the book established Keynes reputation as a leading economist especially on the left When Keynes was a key player in establishing the Bretton Woods system in 1944 he remembered the lessons from Versailles as well as the Great Depression The Marshall Plan after Second World War is a similar system to that proposed by Keynes in The Economic Consequences of the Peace **Analytical Peace Economics** Partha Gangopadhyay, Nasser Elkanj, 2016-10-26 The Middle East is at an unprecedented crossroads between the established Euro centric system and the emerging Asian powerhouses like India and China Their economies policies and social structures are a half way house between these two dominant groups and are an important case study to examine in order to highlight future prospects and problems of the global system The Middle East is an important missing piece in a huge global puzzle This book makes a significant step towards understanding that puzzle and offers solutions for how to fully integrate this missing jigsaw piece into the global economic system Analytical Peace Economics The Illusion of War for Peace focuses on three critical issues in the Middle East that dominate discussions about

their place in the global political economy conflict oil and regional development Examining economic and social development in juxtaposition with conflict and peace this book adapts develops and applies historical geographical economic and psychological methods creating a nuanced approach to the collective understanding of the economic and social dynamics in the region By developing theoretical models and analysing empirical research this book offers an economic analysis of the attempt to find peace through war and seeks to find alternative solutions This book will be of interest to researchers policy makers and doctoral students of economics finance and social sciences as well as advanced undergraduate students of peace economics and development studies

The Economics of UN Peacekeeping Nadège Sheehan, 2011-07-25 Peacekeeping is a security concept that is very representative of the current interventionism multilateralism human rights and humanitarian ideas UN peacekeeping plays an important role in international security and includes various activities that go beyond the original roles assigned to UN armed forces e g humanitarian aid election supervision disarmament mine clearance civilian protection and peacebuilding The problem is to define the economic efficiency of these operations and to develop some recommendations in the context of an economic globalization process Although UN peacekeeping has shortcomings it must be considered essential for organizing and defending the world politico economic order UN peacekeeping is a political activity but its production strongly depends on nations economic considerations Governments make political decisions that also take into account the economic gains they expect to obtain from their contribution to any specific mission With low means and inadequate strategies to meet the challenges UN peacekeeping must pay particular attention to resolving the problems of free riding and of prisoner s dilemma in contributions that delay deployments and create significant financial problems Understanding how peacekeeping can be most cost effectively carried out while considering the importance of legitimacy in interventions is essential This book believes that regional organizations can ease the UN s financial responsibility by managing conflicts in their regions But to be most effective they must involve the UN in their interventions This book also emphasizes UN peacekeeping trust funds as the key to better financial effectiveness It strongly recommends that NATO be empowered by the UN with the role of global peace police and proposes the establishment of a UN high ranking team of international specialists in peacekeeping issues This research should be of interest to students and researchers looking at international and political economics as well as international relations defence security and peace studies

The Economics of Peace J. Frederick Arment, 2014-12-04 From the Arab Spring to the Occupy and Tea Party movements the What now solution to economic disparity and power politics has been largely unarticulated This work details how the Golden Rule ethic and a technology driven global consciousness are causing epic shifts in our economic and governing systems The evolution from nation state capitalism to a collaborative economy with judicial governance is proving that prosperity is compatible with peace With ten case studies of successful Golden Rule organizations and an innovative study of the reciprocal ethic this book provides accessible thought provoking analysis of rapid worldwide change and

forecasts a future of freedom purpose and hope Handbook of Defense Economics Todd Sandler, Keith Hartley, 2007-04-12

The second volume of the Handbook of Defense Economics addresses defense needs practices threats and policies in the modern era of globalization This new era concerns the enhanced cross border flows of all kinds e g capital and labor flows revolutionary rhetoric guerrillas and terrorists including the spillovers of benefits and costs associated with public goods and transnational externalities i e uncompensated interdependencies affecting two or more nations These ever increasing flows mean that military armaments and armies are less able to keep out security threats Thus novel defense and security barriers are needed to protect borders that are porous to terrorists pollutants political upheavals and conflicts Even increased trade and financial flows imply novel security challenges and defenses Globalization also underscores the importance of a new set of institutions e g the European Union and global governance networks and agents e g nongovernmental organizations and partnerships This volume addresses the security challenges in this age of globalization where conflicts involve novel tactics new technologies asymmetric warfare different venues and frightening weapons Volume 2 contains topics not covered in volume 1 i e civil wars peacekeeping economic sanctions the econometrics of arms races conversion peace economics and the interface of trade peace and democracy Volume 2 also revisits topics from volume 1 where there has been a significant advancement of knowledge i e conflict analysis terrorism arms races arms trade military manpower and arms industries All of the main securities concerns of today are analyzed Chapters are written by the leading contributors in the topic areas Up to date surveys on the pressing defense issues theoretical empirical and policy issues Coverage of theoretical and empirical studies of terrorism Contributions by the leading researchers in the field of defense economics *Routledge Handbook of Peacebuilding* Roger Mac Ginty, 2013-02-15 This new Routledge Handbook offers a comprehensive state of the art overview of the meanings and uses of the term peacebuilding and presents cutting edge debates on the practices conducted in the name of peacebuilding The term peacebuilding has had remarkable staying power Other terms such as conflict resolution have waned in popularity while the acceptance and use of the term peacebuilding has grown to the extent that it is the hegemonic and over arching term for many forms of mediation reconciliation and strategies to induce peace Despite this however it is rarely defined and often used to mean different things to different audiences Routledge Handbook of Peacebuilding aims to be a one stop comprehensive resource on the literature and practices of contemporary peacebuilding The book is organised into six key sections Section 1 Reading peacebuilding Section 2 Approaches and cross cutting themes Section 3 Disciplinary approaches to peacebuilding Section 4 Violence and security Section 5 Everyday living and peacebuilding Section 6 The infrastructure of peacebuilding This new Handbook will be essential reading for students of peacebuilding mediation and post conflict reconstruction and of great interest to students of statebuilding intervention civil wars conflict resolution war and conflict studies and IR in general **The Economic Consequences of the Peace** Maynard John Keynes, 2007-06-01 Generally regarded as the most influential social science treatise of the 20th century this

work by legendary economist John Maynard Keynes is relevant reading even today for anyone who wants to understand international economics and foreign affairs First published in 1919 *The Economic Consequences of Peace* created an intense and immediate controversy for its brazen criticism of world leaders and the Treaty of Versailles that ended World War I Keynes argued that as a blueprint for peace it was destined to create tension and conflict ahead and history proved him right when world war broke out again within a generation The popularity of this key work and its place in history helped cement Keynes's status as one of the 20th century's principal economists *The Economic Consequences of Peace* marked the entrance into the world scene of the twentieth century's most influential economist It should be in the library of every serious student of world affairs Paul A Volcker from his introduction **Principles of Conflict Economics** Charles H. Anderton, John R. Carter, 2019-04-25 Provides comprehensive up to date coverage of the key themes and principles of conflict economics

The Economics of the Global Defence Industry Keith Hartley, Jean Belin, 2019-11-08 This book makes an original contribution to our knowledge of the world's major defence industries Experts from a wide range of different countries from the major economies of North America and Western Europe to developing economies and some unique cases such as China India Singapore South Africa and North Korea describe and analyse the structure conduct and performance of the defence industry in that country Each chapter opens with statistics on a key nation's defence spending its spending on defence R D and on procurement over the period 1980 to 2017 allowing for an analysis of industry changes following the end of the Cold War After the facts of each industry the authors describe and analyse the structure conduct and performance of the industry The analysis of structure includes discussions of entry conditions domestic monopoly oligopoly structures and opportunities for competition The section on conduct analyses price non price competition including private and state funded R D and performance incorporates profitability imports and exports together with spin offs and technical progress The conclusion explores the future prospects for each nation's defence industry Do defence industries have a future What might the future defence firm and industry look like in 50 years time This volume is a vital resource and reference for anyone interested in defence economics industrial economics international relations strategic studies and public procurement **Defence Economics** Keith Hartley, 2020-08-20 This Element introduces students policy makers politicians governments and business people to this new discipline within economics It presents the recent history of the subject and its range of coverage Traditional topics covered include models of arms races alliances procurement and contracting as well as personnel policies industrial policies and disarmament Newer areas covered include terrorism and the economics of war and conflict A non technical approach is used and the material will be accessible to both economists and general readers *Economic Problems of Peace After War* William Robert Scott, 1918 *The Economic Consultative Committee of the League of Nations...* Charles Wooten Pipkin, 1929
