## **The Edge Of Grass:**

**Føroysk-Ensk orðabók** ,1985      **Island on the Edge** Anne Cholawo,2016-08-18 Anne Cholawo was a typical 80s career girl working in a busy London advertising agency when in 1989 holidaying in Skye she noticed an advert for a property on the Isle of Soay Access by courtesy of fishing boat She had never heard of Soay before let alone visited it but something inexplicable drew her there Within ten minutes of stepping off the said fishing boat she had fallen under the spell of the island and after a few months she moved there to live She is still there When she arrived on the remote west coast island there were only 17 inhabitants among them the legendary Hebridean sharkerman Tex Geddes and his family Today including Anne and her husband Robert there are only three This book describes her extraordinary transition from a hectic urban lifestyle to one of rural isolation and self sufficiency without mains electricity medical services shops or any of the other modern amenities we take for granted Anne describes the history of Soay and its unique wildlife and as well as telling her own personal story introduces along the way some of the off beat and colourful characters associated with the island notably Tex s one time associate the celebrated writer and naturalist Gavin Maxwell      **Community Ecology** Mark Gardener,2014-02-01 Interactions between species are of fundamental importance to all living systems and the framework we have for studying these interactions is community ecology This is important to our understanding of the planets biological diversity and how species interactions relate to the functioning of ecosystems at all scales Species do not live in isolation and the study of community ecology is of practical application in a wide range of conservation issues The study of ecological community data involves many methods of analysis In this book you will learn many of the mainstays of community analysis including diversity similarity and cluster analysis ordination and multivariate analyses This book is for undergraduate and postgraduate students and researchers seeking a step by step methodology for analysing plant and animal communities using R and Excel Microsoft s Excel spreadsheet is virtually ubiquitous and familiar to most computer users It is a robust program that makes an excellent storage and manipulation system for many kinds of data including community data The R program is a powerful and flexible analytical system able to conduct a huge variety of analytical methods which means that the user only has to learn one program to address many research questions Its other advantage is that it is open source and therefore completely free Novel analytical methods are being added constantly to the already comprehensive suite of tools available in R Mark Gardener is both an ecologist and an analyst He has worked in a range of ecosystems around the world and has been involved in research across a spectrum of community types His knowledge of R is largely self taught and this gives him insight into the needs of students learning to use R for complicated analyses      **The Edge of Knowing** Roy Bing Chan,2016-11-01 Reveals the historical impact of dream rhetoric on Chinese modernity and nation building Realism and the rhetoric of dreams intersected in modern Chinese literature from the May Fourth Era in the early twentieth century through the period just following the end of the Cultural Revolution in 1976 The Edge of Knowing investigates this relationship

showing how writers attention to dreams demonstrates the multiple influences of Western psychology utopian desire for revolutionary change and the enduring legacy of traditional Chinese philosophy At the same time modern Chinese writers used their work to represent social reality for the purpose of nation building Recent political usage of dream rhetoric in the People s Republic of China attests to the continuing influence of dreams on the imagination of Chinese modernity By employing a number of critical perspectives The Edge of Knowing will appeal to readers seeking to understand the complicated relationship between literary form and Chinese history and politics
