Bailey,2023-11-01 This compilation from the books of Alice Bailey seeks to increase understanding of the immortal soul addressing many aspects under sixty two headings The creative nature of the Soul On its own plane the soul knows no separation and the factor of synthesis governs all soul relations The soul is occupied not only with the form that the vision of its objective may take but with the quality or the meaning which that vision veils or hides The soul knows the Plan its form outline methods and objective are known Through the use of the creative imagination the soul creates it builds thought forms on the mental plane and objectifies desire on the astral plane It proceeds then to externalise its thought and its desire upon the physical plane through applied force creatively actuated by the imagination of the etheric or vital vehicle Yet because the soul intelligence motivated by love it can within the realised synthesis which governs its activities analyse discriminate and divide The soul likewise aspires to that which is greater than itself and reaches out to the world of divine ideas and thus itself occupies a midway position between the world of ideation and the world of forms This is its difficulty and its opportunity

Initiation: Human and Solar Alice A. Bailey, 1922-01-01 Before entering upon the subject matter of the following articles on Initiation on the Paths that open before the perfected man and on the Occult Hierarchy certain statements may be made which seem essential for the judicious study and comprehension of the ideas submitted It is to be recognised that throughout this volume facts are alleged and definite statements made which are not susceptible of immediate proof by the reader Lest it be inferred that the writer arrogates to herself any credit or personal authority for the knowledge implied she emphatically disavows all such claims or representations She cannot do otherwise than present these statements as matters of fact Nevertheless she would urge those who find somewhat of merit in these pages that they be not estranged by any appearance of dogmatism in the presentation Nor should the inadequacy of the personality of the writer act as a deterrent to the open minded consideration of the message to which her name happens to be appended In spiritual issues names personalities and the voice of external authority hold small place That alone is a safe guide which holds its warranty from inner recognition and inner direction It is not therefore material whether the reader receive the message of these pages as a spiritual appeal in an idealistic setting a presentation of alleged facts or a theory evolved by one student and presented for the consideration of fellow students To each it is offered for whatever of inner response it may evoke for

whatever of inspiration and of light it may bring In these days of the shattering of the old form and the building of the new adaptability is needed We must avert the danger of crystallisation through pliability and expansion The old order changeth but primarily it is a change of dimension and of aspect and not of material or of foundation The fundamentals have always been true To each generation is given the part of conserving the essential features of the old and beloved form but also of wisely expanding and enriching it Each cycle must add the gain of further research and scientific endeavour and subtract that which is worn out and of no value Each age must build in the product and triumphs of its period and abstract the accretions of the past that would dim and blur the outline Above all to each generation is given the joy of demonstrating the strength of the old foundations and the opportunity to build upon these foundations a structure that will meet the needs of the inner evolving life
